## COLLEGIATE HONOR ROLL

The Track and Field Rules Committee has attempted to compile a list of college men who made outstanding records in their events in 1928. A list of records was sent to all coaches in the N.C.A.A. for verification and correction. Every effort has been made to accept only records made under proper conditions. It is more nearly possible to determine the leading athletes in track and field than in any other sport, due to the fact that definite records are kept of the performance of the men in track and field competitions, while the same, of course, is not possible in football, basketball and baseball. The committee requests the co-operation of the coaches in compiling a similar list for 1929. College coaches are requested to send information regarding exceptional performances of college athletes to John L. Griffith, 6 North Michigan Avenue, Chicago, Ill.

## Best Records Made by American College Men

The National Collegiate Athletic Association has a Records Committee whose duty it is to pass upon all claims for new records. In case of a claim for a record, the parties concerned should communicate with Mr. A. A. Stagg, University of Chicago, the Chairman of the Committee.

The attached list of best records made by American college men, while they were undergraduates or since they have left college, has been passed upon and accepted by the National Collegiate Athletic Association Records Committee. With few exceptions the holders of world's records were college athletes. Events indicated with star (\*) are best college records only; all others are world's records.

## INTERSCHOLASTIC HONOR ROLL

The list of outstanding records made by high school athletes in the track and field season of 1928 was compiled by a special committee appointed by the National Federation of State High School Athletic Associations. The men listed below are given honorable mention because of their outstanding performances on some special occasion or occasions. No attempt has been made to pick an All-America team. The committee realizes that a boy may make but one good record a year. However, if that record was made under proper conditions he is given credit for it and his name placed on the honor roll. The high school coaches are requested to co-operate in the compilation of the 1929 honor roll by sending information regarding the best performances in their section of the country to Mr. C. W. Whitten, 11 South LaSalle Street, Chicago, Ill.
