HIGH SCHOOL TRACK 1984

PRODUCTION

This 26th edition of High School Track was produced by Jack Shepard with grateful assistance from Max Zucker.

T&FN's Men's High School Editor Jack Shepard compiled all the mens lists. All men's additions, amendments and future contributions should be addressed to Jack Shepard, 14551 Southfield Drive, Westminster, CA 92683. T&FN's Women's High School Editor Mike Kennedy compiled the women's outdoor lists. All women's outdoor additions, amendments and future contributions should be addressed to Mike Kennedy, 2015 Montecito, Glendale, CA 91208. Jim Spier, T&FN's outgoing Women's High School Editor compiled the women's indoor lists. All women's indoor additions, amendments and future contributions should be addressed to the new Women's High School Editor Doug Speck, 563 No. Willow Grove, Glendora, CA 91740. In addition, high school material may also be sent to Track & Field News, P.O. Box 296, Los Altos, CA 94022. Limited copies of past editions of High School Track are available from Jack Shepard. Write to Jack for details as to price and availability for the following years: 1958, 1959, 1964, 1966 All-Time, 1975, 1976, 1977, 1980, 1981, 1982 and 1983.

Explaining The Statistics

ELIGIBILITY

All U.S. high school athletes (not those from possessions, such as Puerto Rico) from freshmen through seniors who competed in recognized competitions may qualify so long as they have not received a diploma from previous attendance in high school and have not exceeded four years of competition or reached their 20th birthday. Team affiliation is not a prerequisite for the inclusion of an athlete's marks, however foreign athletes must have competed for their school at sometime during their U.S. schooling. Athletes considered ineligible by local rules will be carried if they conform to T&FN policies. The indoor and outdoor lists both contain marks from Sept. 1, 1982 to Aug. 31, 1983. Spring graduates remain eligible for the lists until Aug. 31 of their graduating year.

RECORDS

T&FN national high school records do not necessarily conform with those of the National Federation of State High School Athletic Associations. The differences are based upon five points:

1. While the Federation only accepts marks from meets involving at least five teams, T&FN will consider those from dual meets;
2. While the Federation limits the season to the actual semester of track, T&FN will consider marks for the entire year;
3. While the Federation takes only winning marks, T&FN lists some non-winning marks also;
4. While the Federation lists marks by athletes from its member schools, T&FN considers all preps;
5. While the Federation only reviews marks registered in interscholastic competition, T&FN will consider marks from any authorized competition.

ABBREVIATIONS

A=mark made at altitude (above 1000m); n=non-winning marks; °=mark made en-route to a longer distance; h=heat; sf=semi-final; ' after state indicates athlete ineligible for team by local rules; ' after name indicates foreign athlete attending U.S. school; +=mark converted from yards (meters); in decathlon/heptathlon, a=auto timing; +=hand timing (-50pts); ++=adjusted to auto timing; *=junior; **=sophomore; ***=freshman; ****=8th grade; ?=unknown year; all others presumed seniors; y=yards; m=meters. On 1983 lists, birthyears are listed where known.

TIMING

The automatic times (listed in 100ths) which make the lists have been placed in positions of relative "value" by assigning a conversion factor of either 0.24 (100, 200, 110H, etc.) or 0.14 (400 or 400H).

CONVERSIONS

T&FN has adopted a policy of converting yards to meters (or vice versa) based upon a ratio between the equivalent yard and metric distance (i.e., 200m & 220y, 400m & 440y, etc.). Therefore, all conversions from yards to meters use the ratio .994194 multiplied by the time (in seconds). The resultant number is then rounded to the next higher tenth or hundredth of a second depending upon the timing system used. This produces conversions, which in most cases, are identical to those used for many years (i.e., 220y to 200m, -0.1; 440y to 400m, -0.3; etc.). For conversions from meters to yards use the ratio 1.00584. Other conversions: 120yH to 110mH, +0.03 (auto only). Indoors convert 55m to 60y, -0.01.

NOTES

No times made in turn races on oversized tracks (larger than 220 yards indoors and 440 yards outdoors) are accepted for record purposes. For class records, the frosh limit is 16 years, soph 17, junior 18 and senior 19. Only decathlon marks made with collegiate weights and 42-inch hurdles are accepted for listing.
