June 12:

The AAU Decathlon was the big news around town last week, with former USC hurdler. Bob Coffman the winner with an 8154 total. This mark ranks Coffman #6 on the US List. If Coffman can bring up some "weak events," he will be a definite threat for gold at Moscow.

Mark Anderson of Mt. SAC who scored 7555 points at the SoCal CC Decathlon Championships, skipped the

Community College State Decathlon Championship in order to concentrate on the AAU Decathlon which was being held on his home track. Unfortunately, Mark, a 7 foot high jumper, no-heighted in that event at 6-4 which knocked him out of any type of contention. Tim Gelonek of Shasta won the CC meet with a PR of 7174.

With the high school season at an end. there are a few things I would like to reflect on. The first is the site of the State Meet. The coaches I talked to said that it was the worst track they had ever seen for a major meet. I think the slow times and number of injuries sustained would tend to support that

contention. One coach stated that after three heats had been run in qualifying. there were big chunks torn out of the surface and that for the rest of the day, the track was shot. In my opinion, the people who scheduled the meet there should be shot. With all of the quality all weather tracks available in NorCal, it's a disgrace to hold a meet like the California High School Track Championships on a crummy composition or in this case decomposition track.

Another lingering problem in SoCal is the method of individual classification in the boys L.A. City CIF Section. While the L.A. City harriers use the varsity-junior varsity-soph/ frosh classes, the tracksters use the

antiquated varsity-B-C designation which is based on exponents (ageheight-weight). Consequently many varsity harriers will be found dropping down to class "C" track in the spring. This practice is used extensively in L.A. City's Northern League where there was practically no league qualifying in the varsity division this year, as most of the top competitors dropped down to as low a classification as possible. I hope that L.A. City track administrators soon come to the realization that size has little to do with most track events, and that

The local AAU left a lot of people both angry and disappointed this past week-end. It seems they put the word out that there was going to be a last chance qualifying meet for the upcoming National Meet. At least a dozen coaches I know called the local AAU office trying to find out the time, place, etc. As late as last week, the AAU gave 6 different possible sites with changes occuring daily. Finally the day before the meet,

classification by age is most realistic.

**June 19:** 

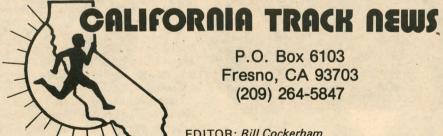

The SoCal track and field season came to an end over the week-end, and what an ending it was. It seemed that there were records or near records set in every race at the AAU National Champ-

ionships held at Mt. SAC.

As usual the meet was dominated by the big names such as Wilkens, Moses, Scott, Virgin, Ashford, Larrieu, and Brodock, however there were some outstanding times turned in by high school and community college athletes. Bill Green of Cubberly High ran a sizzling 45.5 to break the National High School 400 Record; while Andre Phillips of San Jose set a new National CC mark in the intermediates with a 49.4 clocking. In the 10,000 Grossmont's Steve Ortiz ran a 29:05 which may be a National CC Record.

Some track fans may be familiar with the "Sports Illustrated jinx." That is the situation where an athlete gets a big write-up in Sports Illustrated and then bombs out in the next big competition. Well now we may have a Los Angeles Times jinx. It seems that both sprinter Steve Williams and javelin thrower Bob Roggy got big write-ups in the Times in which they told how they were going to handle the world class fields at the AAU Meet. How did they do? Both DNQed in the prelims.

As usual, there were some rumors floating around the stands at the AAU Meet, and the biggest was that Bob Larson of Grossmont is in the process of negotiating a package deal with Jim Bush that will bring Larson to UCLA along with Steve Ortiz. Nothing firm on that one yet. Apparently Jim Kieffer has left UCLA as field event coach and

The local AAU left a lot of people both angry and disappointed this past weekend. It seems they put the word out that there was going to be a last chance qualifying meet for the upcoming National Meet. At least a dozen coaches I know called the local AAU office trying to find out the time, place, etc. As late as last week, the AAU gave 6 different possible sites with changes occuring daily. Finally the day before the meet. they announced it would be held at UC Irvine, but that it would be for women only. Accordingly, a number of guys from all levels of competition found out they had put up to 4 weeks of intense training for nothing. It looks like the AAU strikes again.

It seems that East Los Angeles Community Colleges which dropped the sports of track and cross country this year has planned to resurrect both next season. However, it will probably be a long year for East L.A., as it appears a soccer coach will be put in charge of the revived programs. Some of next year's tracksters apparently aren't quite as pessimistic as I am as they were overhead in the East L.A. gym singing "We shall overcome."

A final note on community college track: Trade Tech behind its long time coach Chip Armstrong completed its first undefeated dual meet season in school history. Tech, which always has lots of top tracksters on campus is usually put in the undeserving position of seeing many of its potential recruits lured away to other community colleges as eligibility majors. By the time they realize they need an education, they end up at T.T. minus their eligibility. Again, congratulations to all those people down at Tech.

bombs out in the next big competition. Well now we may have a Los Angeles Times jinx. It seems that both sprinter Steve Williams and javelin thrower Bob Roggy got big write-ups in the Times in which they told how they were going to handle the world class fields at the AAU Meet. How did they do? Both DNQed in the prelims.

As usual, there were some rumors floating around the stands at the AAU Meet, and the biggest was that Bob Larson of Grossmont is in the process of negotiating a package deal with Jim Bush that will bring Larson to UCLA along with Steve Ortiz. Nothing firm on that one yet. Apparently Jim Kieffer has left UCLA as field event coach and moved over to Fullerton. Other head coaching openings are at Stanford, UC Irvine, Cal State Hayward, and Arizona State.

With the school year at an end, my SoCal Track and Field Diary is about to be closed on a track season that was probably as exciting as it was controversial. I can't remember a high school track season where so many big names were returning from the prior year. Next year will see new names appearing, but a school familir to track fans, Muir High of Pasadena, seems to have the state's top junior talent.

For the colleges, school may be out, but 80% of team success in both track and cross country will be accomplished during vacation as coaches demonstrate their salesmanship abilities in trying to lure recruits into their camp. However, I will have to wait until the "Moving On Column" comes out in the November issue, before I announce my salesman of the year winner.

It seems that USC has already done quite a sales job as it has signed Cubberly's Bill Green, Pasadena High's James Sanford, and LBCC 400 ace Ron Williams. With these signings, Mike Sanford AAU 100 champ and brother of James has said that next year USC relay teams should be running sub-38 in the 400 and 2:58 in the 1600.

LEE BALKIN, Glendale High School senior, 6'3" 165 lbs. Best Marks: High Jump- 7-3'4, Long Jump- 23-1, Triple Jump- 44-8. Coached by John Barnes and PaulBroneer.

For Glendale High School highjumper, Lee Balkin, the 1979 track season was probably as close to perfect as an athlete could get. Not only was he undefeated the entire school season, but he broke all of Dwight Stones school and state rcords, and then finished the regular season by getting off the second highest jump in prep history, 7-31/4 at the State Meet. He then capped off the year by winning the AAU Jr. Nationals with a jump of 7-3 and in the process defeated all-time prep record holder, Gail Olson. Balkin, like a number of fine high jumpers who have preceded him at Glendale High, possessed the three prime ingredients for record high jumping: size, quality coaching, and as Glendale coach John Barnes puts it "dedication."

highly touted track athlete to enter a Glendale high school since former state sprint champ, Forrest Beatty, stepped on to the campus of cross-town rival Hoover High in 1960.

Once at Glendale High, Le came under the tutorage of John, Bares who, only a few years earlier had guided Dwight Stones to then record heights. It didn't take Barnes long to introduce Lee to the world of high altitude jumping, and by the end of his junior year, the UCLA bound flopper had negotiated 6-104/2.

For his senior year, an extra dimension was added to Lee's training when Paul Broneer, a former protege of former proteg

Once 7 feet was cleared, it continued to be cleared in 9 of the last 10 meets of the year. This prompted Balkin as well as Barnes and Broneer to agree that the 7 foot barrier was more a psychological than physical impass.

When asked about his style, Lee has stated that, "I'm not a power jumper and the flop gives me a chance to utilize my speed and flexibility to great advantage."

Next year, Lee indicated he will take aim at 7-5, an NCAA Championship, and a berth on the Olympic Team. If he follows the same improvement curve as Dwight Stones, those goals may only be the beginning.

### **BULLOCKS 10 K**

May 19, 1979. Westwood:

Westwood has been a very busy place in the last few weeks. First, there was the exciting UCLA-USC dual track meet, followed a week later by the star-studded UCLA-Pepsi Invitational. And only two weeks after that came one of those rarities, a second annual 10 kilometer road race. Bullock's Westwood store was so pleased with last year's event that they made sure it came off again this year. As they did last year, the Santa Monica Track Club managed and officiated the race, which accounts for the lack of their well-known sunburst emblem on T-shirts of the winners. However, they did want some representation, so 10 year old Cami Slotkin entered, partly to celebrate the fact that it was her first race exactly one year ago. "

Cleveland Whalen, one of Joe Douglas' top SMTC guns was also entered with one instruction: win! "Cleve" followed instructions. ### Hang 10 Marathon

May 26, 1979. Griffith Park, Los Angeles:

The promoters of this first annual Hang Ten Marathon had hoped to start something to compare with Boston, New York and Fukuoka. After all, Los Angeles probably has more runners and joggers per square mile than any other spot on the planet. The idea was to build the event into a tradition in time for the 1980 Olympics which are apparently to be held in Los Angeles. Further, the route would be the same as the one used in the 1932 Olympics, ending in the L.A. Colisseum, home of that year's Olympics.

Certainly there was much going for it: a large interested population from which to draw participants and spectators, a strong field of international, national and local talent committed in advance to the event and the backing of a strong sponsor, that the event came off below expectations was due to something totally external: the infamous Proposition 13. Because of budget cuts in the L.A. Police Department, among others, the police commission was not granting permits for use of city streets. This reduced the drain on the department's overtime budget to supply traffic control people.

pre-race favorite. The night before at the pre-race party he said he felt pretty good, too. Chuck Smead was there. Bernie Allen from the Colordo T.C., young Jeff Dettmer from Cypress and Fullerton's Jeff Clark made for a strong U.S. representation. From Canada, by way of UC Berkeley, there was Brian Maxwell, who was shooting for 2:25, but "...would be quite happy with a 2:20." Lew Schots, the great cross country runner, was Belgium's entry and Finland was represented by Esa Tikkanen, who, like Bjorklund, had run very well at Boston.

The women's field was a little on the weak side in terms of depth. Marty Cooksey and Sue Peterson are among the world's best, but after them, the level of competition dropped very sharply. They both ran under 2:50, but the next female was over 3 hours.

The weather was perfect, and at 63° with a 7:00 am start time, it figured to hold out until most everyone was finished.

Strangely enough, at least to me, Bjorklund and some of the others felt the times might be slow because of a lack of top competition. OK, so Rogers wasn't there. So what? There was enough competition to make everyone work. In fact, from the opening gun, a small pack which included "BJ," Smead, Tikkanen, Maxwell, Clark, Dettmer.

again this year. As they did last year, the Santa Monica Track Club managed and officiated the race, which accounts for the lack of their well-known sunburst emblem on T-shirts of the winners. After running second behind Steve Blum for about 2 miles over a mostly flat course, but some hills, he took the lead and opened up a margin which stretched to about a minute by the time he crossed the finish line.

The real action was with the ladies. though. Janet Keast, who has been running well recently, was the first in with a time of 38:20. She was followed by Evelyn Kane at 38:40. Then, the 3rd pretty face, and we do mean pretty, to cross the line was soon-to-be 51 Carol Cartright whose 39:00 would be respectable for many a male in the younger age groups. And right behind Carol came Margaret Miller who is 54. Her time was 40:20. What are these people eating?

In the men's 60-64 age group, Ole Oleson and Ed Lewin did their usual thing, Oleson's time being 37:50 and Lewin's 39:27. It used to be possible to look forward to getting older so that you could clean up in the next age group. But with the likes of Cartwright, Miller, Lewin and Oleson, just to name a few, waiting for you...well, there's no easy road in sight.

MARTY COOKSEY

Now, Griffith Park is not a bad place at all to run a marathon; infact, it's quite nice. Scenic, slight hills, shaded sections, not much smog. But its relative isolation means there won't be crowds of spectators who can step out their front door. or walk a half block, to see the action. And, for people who don't know the course, the mind automatically conjures formidable hills, one following another. So, the large field also did not materialize. Fortunately, the commission has taken a new approach recently. If race directors will pay the cost of department personnel, a permit can be issued. This should make a tremendous difference next year.

Meanwhile, this year's race was not bad at all. Despite a relatively modest crowd of 740 starters, which in itself isn't bad if you compate it to most marathons, there was a lot of quality.

Gary Bjorklund, who ran quite well at Boston, was considered to be the about a 50 yard lead.

Unfortunately, the driver of the press truck couldn't find the key, so we were left behind. Then the key was found, but the driver was lost. By now the back of the pack was out of sight. Eventually, someone was found to drive and off we went, nearly losing our cameras as the truck bounced, shook rattled and rolled. We picked up the leaders at 5 miles and "BJ" was in front by a step or two. looking very strong. Right behind him were Schots, Smead and Bernie Allen. followed by Clark and Dettmer. Farther back was Brian Maxwell.

The lead changed hands from time to time and everyone looked quite smooth except Smead who looks like he's hill climbing even when the road is flat. which it was at that point. At about 11 miles "BJ" pulled ahead and appeared as if he might go all the way. But somewhere between 12 and 13 miles, he

dropped out quite suddenly. It was reported later that a side stitch had done him in. Folks, it appears that 'taint so. Gary told a reporter that he can handle cold and pain, "...but when I have to go to the bathroom, there's nothing I can do about it!" Is there a long distance runner among us who hasn't known that firsthand?

Anyway, at that point Schots took the lead, but he couldn't hold it for long. After building up a 40 yard lead, the pace and the by-now-not-so-gentle hills took their toll. Schots fell back, and, despite his, outstanding cross country credentials, found that the marathon is something else. He, too, dropped out.

Now it was Smead and Tikkanen, side by side or Smead with a one yard lead. All this time, Eino, the Finnish sculptor who lives in Malibu, uses only that one name and marathons in the 2:40's despite his 50+ years (He admits to only 39, because...."if Jack Benny could, he could"), was jumping off the press truck, running to the leaders with a water bottle, then running ahead of the leaders to catch the truck and hop back on. Tikkanen was his house guest and he was "advising" Smead. He was also complaining constantly about the course: insufficient traffic control; insufficient course markings; no markers or people at the turnaround point. All these were, infact, too true. There were a couple of occasions when the leaders were nearly taken out by autos.

Still, things did settle down, and one of the more heartwarming sights was the applause the front runners received from the oncoming runners whom they were meeting on their way back. These people actually used up precious energy to clap their hands and cheer for Smead, Tikkanen and the others. Only in

distance running, folks!

Meanwhile, let's not forget the ladies. At approximately 8 miles, we saw a small pack which included Sue and Pete Peterson towards the front, and Marty Cooksey towards the back. Most wore smiles, except for Sue. Sue told me afterwards that she ran tired all the way. As often as she runs marathons, I half-expected her to say, "I don't understand it I ran the course last might

Back to the leaders: nearing the 16 mile mark, it was still Smead and Tikkanen. Then Smead began to pull away. At this point, the road was making "S" turns and I had to change film. When I looked up, it was Tikkanen with about a 30 yard lead. Apparently, Smead had stopped for a drink. By now, it would not have mattered because Tikkanen was getting stronger and smoother. He continued to extend the gap between Smead and himself all the rest of the way. By 20 miles, he was at least 400 yards ahead and still counting.

At 2:17:47, accompanied for the last mile by Eino, he crossed the finish line. looking as fresh as when he started. Smead hung on for second, but just barely because a fast closing Brian Maxwell got his 2:20 afterall, 2:20:52 to be exact, just 46 seconds behind Smead. Smead was happy, though. He qualified for the Olympic Trials.

Marty Cooksey was the first female and 25th overall, with a time of 2:43:33. Next was Sue Peterson, looking very tired, but, as usual, accompanied by still smiling husband Pete in 2:49:49. Nowhere near her PR, but respectable

When it was all over, Eino was quite happy, despite his complaints. After all, he had taken 1st and 2nd places with "his runners" and had he run another 100 yards he'd probably have qualified for third place himself.

Still, things did settle down, and one of the more heartwarming sights was the applause the front runners received from the oncoming runners whom they were meeting on their way back. These people actually used up precious energy to clap their hands and cheer for Smead, Tikkanen and the others. Only in distance running, folks!

Meanwhile, let's not forget the ladies. At approximately 8 miles, we saw a small pack which included Sue and Pete Peterson towards the front, and Marty Cooksey towards the back. Most wore smiles, except for Sue. Sue told me afterwards that she ran tired all the way. As often as she runs marathons, I half-expected her to say, "I don't understand it. I ran the course last night and had no trouble!" Seriously, though, durable as she is, her schedule is starting to get to her just a bit.

By the 20 mile mark, Marty had opened up a big lead and was feeling good.

### NATIONALS EXECUTED IN THE REPORT OF THE PARTY OF THE PART

### NAIA

May 17-19. Abilene Christian University, Abilene, Texas:

Paced by Azusa Pacific's double winner Sammy Maritim and decathlon champion Gary Wise California athletes accounted for five first palces.

Maritim won the 5,000 in 14:24.6 and the 10,000 in 30:01.1, while Wise scored 7461 points in winning the 10-eventer. Azusa added a sixth in the hammer and another in the steeplechase to rack up 32 points and tie for fifth. Texas Southern was team champion at 87.

Other California champions were: Carey Tyler of Biola who sailed a wind-aided 53-111/4 in the triple jump. Fresno Pacific's John Turton came through on his last throw to move from seventh to first in the discus to nail a national championship with 176-4.

In the decathlon Wise was just 90 points shy of Jeff Benett's record set in 1969. He did however achieve a decathlon meet record in the 110 meter high hurdles with his 14.1.

were San Diego State with 9. Long Beach State and UC Berkeley with 7 each and UCLA with 2.

Other California national champions included Cathy Sulinski of Cal State Haywrd in the javelin at 183-3-eighteen feet farther than second place: and Kathy Devine, former California state high school champion from Mission Bay High, now at Texas (via Kansas State Emporia) who won the shot put with 52-73/4.

One of the biggest disappointments of the meet was the failure of American record holder Deby LaPlante of San Diego State to win the 100 meter hurdles. LaPlante's time of 13.20 was the same as the winner from Ohio State. Stephanie Hightower, but officials decided the Midwesterner had won after the camera at the finish line failed in its duty.

The other big disappointment came from the meet itself-the conditions and conduct of the meet. It was very windy and cold and occasionally rainy. That can be accepted, but the way the meet was run was atrocious. There was virtually no seating for spectators, very limited bathroom facilities for the athletes and many errors in officiating. No doubt we are spoiled in California, but a national championship is a national championship.

Schankel completed a successful double for the second year in a row winning the 5,000 and 10,000 meter events. He set meet records in both.

Aldridge and Williams also had record seting efforts. Aldridge eclipsed his own national mark with a 3:43.82 in the 1500 meters. Wiliams became a Division II All-American in the intermediate hurdles for the fourth straight year. This time he ended his frustration of not having won the event by clocking a 49.82 time to set a new mark and erase the 50.30 record set in 1978 by Sam Turner of Cal State Los Angeles.

Cal Poly's 440-yard relay team of Fred Harvey, Mark Kent, Bart Williams and Mike Bush garnered the school's fifth first place at the Div. II meet. The quartet's time of 40.21 was a new school record.

Not everything was rosy for the mustangs, however. Rain plus the frustration of having to vault with a new pole because an airline truck backed over the Cal Poly shipment of 13 vaulting poles, hampered the performance of Tim McDonald. He cleared only 16-01/4. He had done 17-6 at the Jenner Classic and was top vaulter going into the meet, but had to settle for third.

Cal Poly is only the third school ever to win the Div. II national cross country crown in the fall and come back to capture track and field honors in the spring. San Diego State took 1965 cross country and 1966 track while UC Irvine won the 1975 harrier corwn and added the 1976 track championship.

Cal State Northride came in a clear second place in the team scoring with 51 points. Freshman Joe Staub was the storm-trooper for the San Fernando Valley school. Joe won the shot put with 62-71/4 and palced second in the discus at 168-10. Steve Brodi and Norm Finke were other national champion winners for Northridge. Brodie won the 100 in 10.28 while Finke tossed the javelin a winning 220-10, and that after placing third in the conference meet.

### ncaa i

June 1-2. Champaign, Illinois:

For Californians it was a meet of ups and downs. But, then, that's what keeps track so exciting—we wouldn't want it any other way, however, it would be nice if the ups always out weighed the

Some of the "bummers" were: UCLA's Greg Foster crashing and not finishing in the high hurdles. No California team even close to the championship with defending champion USC back in seventh. USC finishing sixth in the 1600 relay. Failure of Jim Schankel to qualify for the 5,000 final. Failure of world leader Lamonte King of UC Irvine to win the long jump.

The highlights included: Greg Foster bouncing back after the highs to win the 200 with Lamonte King in second. USC's 400 relay winning easy with perfect passes in 39.35. UCLA's Dave Laut winning just as easily in the shot put (66-11½). San Diego State's Ned Armour placing third in the long jump with the same distance as second place King at 26-5.

It keeps going, too: David Omwansa of USC was third in the 800 at 1:46.81. Bart Williams of Cal Poly was third in the 400 intermediates at 49.78. James Sanford was second in the 100 with 10.20. Jim Frazier of Arizona(Californian) was second in the high jump with 7-31/2. The UCLA duo of Warner and Curran went 3-4 in the vault, each clearing 17-01/4. In the vault Greg Woepse of San Jose State was fifth and Tim McDonald of Cal Poly was sixth.

Oregon: they won the Pac -10, were undefeated all season and wound up in fifth with 28 points. The ride home to Eugene was obviously a lot longer than that to Westwood.

Californians also bagged a number of fourth place finishes: Mike Marlow of Cal in the triple jump (53-71/4 w), Ray Burton of Oregon in the discus (201-5), Thom Hunt of Arizona in the steeplechase (8:26.7), and Ted DeMill of UCLA in the javelin (248-4).

UCLA was the top California team in third place with 36 points, behind University of Texas at El Paso's 64 and Villanova's 48. Before the meet it was thought that UCLA was one of just a few teams with a chance to knocking off UTEP. It would have taken more than Foster in the highs and 400 relay to swing it. Third is not bad, especially when you consider what happened to

## g.g.u.

BY Richard Slotkin and Bill Cockerham

June 15-17. Mt. San Antonio College at

The trouble with one of these three day affairs is that it is just impossible to cover the whole thing. Even if you try, after a while one event begins to blur into the next. Add to that, the driving time to and from the Mt. SAC stadium. not to mention the cost of gas, and you have a real problem of providing coverage. Nevertheless, between Bill Cockerham and myself, we should be able to pretty well cover the whole affair.

So, after this little build-up, we must shamefacedly admit that neither of us was there for the first day's events. Figuring that it was mostly heats, it didn't seem that it would matter much. It turned out to be a mistake because we missed out on one of the best women's 10,000 meter races in a long time. Mary Shea, of Cardinal Gibbons High School in Raleigh, North Carolina, and the sister of the more famous Julie Shea, ran neck and neck with tiny Joan Benoit of the Liberty A.A., and this year's Boston winner, to tie for a new American record of 32:52.5. Shea was given the win by a blink. The two led the whole way and by the second lap were opening up a big lead on the pack. On the 22nd lap, they lapped the 3rd, 4th, 5th, and 6th place runners. Just before this, Benoit started a kick, but Shea hung in and on the 22nd

lap she took the lead, which she held to the finish. Amy Laffoon, from Colorado State, was running 5th most of the way, but on lap 22, she also started to push and finished in third with a respectable 34:31.0. At about the same time Santa Monica Track Club's Linda Heinmiller made her move and took 4th just ahead of Karen Bridges of the Oklahoma State T.C. who had been running 3rd or 4th most of the way. It was Linda's first time under 35 minutes. In all, there were seven finishers under 35 minutes. And still they won't add the event to the Olympics.

Not too bad on the detail for a race that we didn't see. Well, we do get press handouts, and we do talk to the ladies, who give us quite accurate information regarding what was actually happening down there on the track. And let me tell ya, folks, you're getting more detail on this one than the readers of the L.A. Times did. All they got was a two sentence paragraph. And that was for an event in which Shea and Benoit are now 3rd best all-time world!

Although it took place two days later, this is as good a place as any to talk about the men's 10,000 meter run. There, too, was set a new American record. This one we saw with our own eyes, although there were times we began to wonder. There was such a large starting field that they didn't even introduce them all. As it turned out, it didn't matter much.

The race started a few yards before the north curve and by the time the runners were into the curve, Craig Virgin was already 10 yards ahead of everyone. And that was as close as anyone ever got. For the first four laps, Paul Geis of Athletics West and Bill Donakowski of the New York Athletic Club tried to stay with Virgin, who now runs for the St. Louis T.C. Geis hung on for another lap, and then the gap began to widen. By the 5000 meter mark, Geis was still running second but was now 25 seconds behind. By 6,000 meters, there were only two questions, only one of of which anyone cared about. 1. Would Virgin break Pre's record? 2. Who would

because of a cold. He looked pretty healthy at the time. We had thought that AAU policy didn't allow for selective scratching: Scratch all or none. Maybe we were wrong...or maybe two Olympic medals does count for something. Oh well, why not? If he wanted to save himself for the 10,000 meters, that makes sense. But the least he could have done was coughed just once when he asked to scratch.

As it turned out, the 5,000 was not all that exciting in retrospect. The winning time of 13:40.8 by Matt Centrowitz was well above the AR of 13:15.1. The field included besides Centrowitz, Wilson Waigwa, who took second, Tom Burleson, Mike Slack and Larry Lawson, among others. It turned out to be one of those typical American races of strategy in which everyone wants to let someone else set the pace and then outkick him to the tape. That's just what Centrowitz did with 300 yards to go, as he opened a big lead on Waigwa. A win is a win, I suppose you could say, but this sort of thing will not work any more against world class competition. As American coaches and runners are slowly beginning to realize, if you want to finish with the leaders you have to run with the leaders. Or, to put it a little differently, if you want to be the leader, you better get out in front...NOW!In all, seven different runners held the lead at one time or another, and of them, only one. Herb Lindsey, of the University of Chicago, finished higher than 8th. Lindsey finished 3rd, and he was the last one to lead before Centrowitz took over.

In the men's 1500 meters, a new AAU record of sorts was set by Mike Durkin, who fell twice. The first time, at about 60 meters he was apparantly accidently tripped and the officials called for a restart. You'd think that with a new lease on life like that, he would have been a little more careful. But, golly, just as they were entering the second lap, somebody stepped on Durkin's foot, as near as any of the witnesses could make out, and down he went again, this time taking Mark Belger with him. It was a case of weally touch look

didii t matter much.

By this time the P.A. was exhorting the crowd to helpVirgin, and every time he ran past the grandstands, he got a standing ovation. Even the AAU officials down on the track were applauding and cheering. So was I. Meanwhile, among the mortals, the fight for second had narrowed down to Frank Shorter, Ric Rojas (both of the Colorado Track Club). and Robby Perkins of the New York A.C. Rojas outkicked Shorter, who, in turn edged Perkins.

After the race I was talking to our good friend Gary Romesser, who took 15th with a 29:25.8, which is good enough to win a lot of 10k's. I told him that he should have run with Virgin and he too would have had an AR. He and his wife Marcia were still in a state of semi shock. Gary said, "He didn't even wait. He got out ten yards before we were even in the curve." At least Gary staved in there. Virgin was lapping practically everyone in sight, and many of them apparantly figuring "What's the use?"

dropped out.

Well, a hand timed 27:39.4 chopped 4.2 seconds off Prefontaine's five year old record. Something to consider, though. Although about 47 seconds back, Shorter appears to be over his injury problems and well on the way back. If he continues to progress like this, and if Virgin keeps it up, the U.S. may have the strongest marathon/10,000 meters team that we've ever sent to the Olympics, come 1980. And, don't forget, there's still Bill Rogers.

Speaking of Shorter, he was scheduled to run in the 5000 meters, held the day before. He scratched, claiming he had taken an antihistamine shortly before

Herb Lindsey, of the University of Chicago, finished higher than 8th. Lindsey finished 3rd, and he was the last one to lead before Centrowitz took over.

In the men's 1500 meters, a new AAU record of sorts was set by Mike Durkin. who fell twice. The first time, at about 60 meters he was apparantly accidently tripped and the officials called for a restart. You'd think that with a new lease on life like that, he would have been a little more careful. But, golly, just as they were entering the second lap, somebody stepped on Durkin's foot, as near as any of the witnesses could make out, and down he went again, this time taking Mark Belger with him. It was a case of really tough luck, as they never could get back into the pack. Durkin had been running very well for a few months back east and had been training with Joe Douglas while on the West Coast and was looking for a good showing. Belger has had most of his success in the 800 meters and the half-mile, but was also doing well in the mile and 1500 recently. Meanwhile, the race developed into a dogfight between Steve Scott and Don Paige. It turned out that Paige, moving up from the 400 and 800, just didn't have the strength for the longer distance to kick with Scott, who, in the process of taking the win, set a meet and stadium record.

During the interviews afterwards, Scott, who is always gracious, pointed out that his experience with the longer distances gave him the advantage over Paige, but he readily allowed as how Paige was capable of making up that deficiency.

James Robinson won the 800 meters in a ho-hum-so-what-else-is-new contest. He sort of tantalizes you by hanging back, and then while everyone else is fighting for the lead, he goes into his little kick, and with that typical one eye over his shoulder look, he breaks the tape. At this time, it appears that no one in the states can touch him, and maybe no one anywhere...at least not til Juantorena gets back into shape, and maybe even he might not be able to do it

The 3000 meter steeplechase was quite interesting for two reasons. First, it was close, with Henry Marsh of Athletics West just edging Bill McCullough of the Santa Monica Track Club. Second. McCullough has only been running the steeplechase about a year and a half. He was a hurdler at Cal State Los Angeles

but since joining the SMTC has concentrated on the steeple, with some 1500's and 5000's for variety. This was Bill's chance to make good and he came within a hair of winning. Going into the last water jump, he seemed to lose his timing and with one barrier to go he was only a step behind Marsh. As he approached the last barrier, his timing was still off and his stutter-stepping cost him what would have been the upset of the meet. In any case, people know about him now, and as we go to press,

starting to come around. His 231-10 was a meet and stadium record and only... not even...2 feet short of the world record held by Wolfgang Schmidt of East Germany. Ken Stadel and Knu. Hjeltnes were a respectable 2nd and 3rd with tosses of 227-3 and 226-0 respectively. Watch out Wolfgang. Mac is back!

Are we ever lucky, or what? I mean, to have the National AAU Championships in California year after year. We —In the pole vault Mike Tulley showed he is still there to be reckoned with as he vaulted to an 18-0½ victory. San Jose's Greg Woepse was third at 17-8½.

-UCLA's Dave Laut uncorked a big one to win the shot with 69-31/4.

—Ron Livers and Willie banks really sailed in the triple jump 57-7½ w to 57-2¼ w to go 1-2.

—Dedy Cooper of the Bay Area Striders chased the "great" Reynaldo Nehemiah for a second place in the 110 high hurdles at 13.46. Anderson who last year won the long jump with an American record could only manage fourth this time. And, Clancy Edwards, winner of both 100 and 200 in 78 couldn't make it out of the heats in 1979.

All-in-all, though, it was a great track and field meet, especially for California athletes and fans.

we learn that Bill took second in the Pan Am Games, so be assured, he's for real.

Let's take another look at the women again. Francie Larrieu was a double winner taking first in the 1500 and 3000. However, it wasn't easy this time. Both tmes, her kick saved her, first against MaryDecker in the 1500 ... and as you readers know by now, she wasn't going to be so lucky the next time they met...and then against Jan Merrill in the 3000. In both races, it was Francie against the second placer and Julie Brown a bit back in third. Brown also took a second in the 800 meters, but it seems from down here that Julie is being spread a bit thin, and maybe spending too much time training against a clock. A talent like that should have been good for a least one first place. Oh well, that's why I'm a writer and someone else is a coach...but still...

In neither race were the times especially fast, both being well under the American records, which are held by Jan Merrill. There was no question that Mary Decker is back, her injuries a thing of the past. The question is: Can Francie keep going? Heh! Heh! We do know something, don't we?

Over in the discus cage, old man Oerter really shook 'em up by leading off the event with a 217-8 on his first toss. It turned out to be his best and it didn't hold up for long, but only John Powell beat it on his first try. And it was good enough for 5th place in a very tough field. Will Oerter really qualify to go to Moscow? We don't think it is likely, but it is possible. Whether he goes or not, you have to hand it to a guy who at 43 and 4 time Olympic gold medalist is still PR'ing.

But, for this day, youth was served, and Mac Wilkins is finding his new style is

must be doing something right (or rather, it must be the Los Angeles Times which is the sponsor). This was the fifth time in six years the meet has been held in the greater Los Angeles area. In 1974, 76, 77 and 78 it was at UCLA. The 1975 version was in neighboring state-Oregon.

The AAU nationals is consistently the best meet each year in the U.S., and this 1979 Championship, held at Mt. SAC was no exception as athletes were vying for spots on several international teams including the Pan American Games and World Cup.

Californians made the most of their home court advantage and pretty much dominated the meet. What do I mean? Read on:

-In the 100 meters USC's James Sanford whipped the nation's best with a world leading 10.07 clocking.

-The 400 wasn't won by a Californian, but look who was third: Bill Green of Cubberly High in Palo Alto. setting a national high school reocrd of

-Take the 800- James Robinson, out of Oakland, coming from behind and running away with it in 1:45.9.

-Then there's Steve Scott, America's premier miler, holding off Villanova's flash Don Paige down the home stretch for a 1500 meet record 3:36.4. Scott's final 800 was in 1:50.4.

-The steeplechase was one of the most exciting races of the day as Santa Monica Track Club's Bill McCullough valiently fought Henry Marsh, but lost by less than a second 8:33.1 to 8:33.8.

-Quentin Wheeler of Berkeley showed he's back in Olympic form with his 48.39 second palce clocking in the intermediates.

### REYNALDO BROWN

-Ken Stadel pushed Mac Wilkins in the discus finishing second to the Olympic champ with a PR 227-3.

-Then there was Reynaldo Brown ves, the same one still hanging in placed third in the high jump stradeling 7-21/2.

The Golden State's women were no less impressive:

-Evelyn Ashford became a double winer by winning the 100 and 200. She set an American record in the 100 of 10.97. In the 200 her 22.07 would have also been an AR except for the fact the wind was over the allowable.

-Francie Larrieu was a double winner, too. She surged in the stretch to win the 1.500 in 4:06.6 and the 3.000 in 8:53.8.

-Deby LaPlante of San Diego was busy in the records department as well. She lowered her American reocrd in the 100 meter hurdles to 12.86.

-San Jose's Maren Seidler got into the record breaking pattern, too. She won the shot put with an AR 62-73/4.

-Kate Schmidt, Cathy Sulinski and Lynn Cannon went 1-2-3 in the javelin.

-In the women's 400, just as in the men's, it was a third place finish by a California high scholer that pleased the crowd. Sherrie Howard of San Gorgonio High School ran 52:54.

-Julie Brown once again really gave an iron horse performance. She placed second in the 800, got a third in the 1500 and 3000 and also ran a 2:04 for 800 on the second place 3200 relay.

-Mary Decker looked good in her second place 1500 finish with 4:06.2, just 2 tenths behind Francie.

Things, however, didn't go as well for all of California's stars. Infact, last year's two standouts and "Athlete of the Meet" recipients didn't fare so well. Jodi TC), 10.44; 4. Evans (unat, Phoenix), 10.52, Others included: 6. McCoy (All-

### Pentathlon

June 10. UCLA in Westwood:

Jane Frederick of the Pacific Coast Club won her fifth Women's National AAU Pentathlon championship at UCLA with a score of 4,506. Frederick, 27, outdistanced her closest rival, Themis Zambrzycki of Brazil and Brigham Young University by 61 points.

Jodi Anderson of the Los Angeles Track Club finished third with 4,354 points.

Fifteen women began the competition. Three did not finish. Frederick and Anderson, by finishing as the first two Americans, will represent the United States in the Pan American Games.

Frederick won by running 13.65 seconds in the 100-meter hurdles: putting the shot 49-71/4; high jumping 5-9; long jumping 20-61/2; and running the 800 meters in 2:23.4.

### Decathlon

June 3-4. Mt. San Antonio College in Walnut:

Bob Coffman of the Hurricane Track Club of Houston won the National AAU decathlon championship. The former USC hurdler scored a lifetime best 8,154 ponts in the two-day competition.

John Crist of North Carolina was

runerup with 8,149 points.

Coffman, 28, whose previous best was 8,137 points, had the best individual marks in four of the ten events. He was clocked in the 100-meter dash in 10.38 seconds, the fastest ever 100 time in decathlon competition. The previous best was 10.42 by Bill Toomey in the 1968 Olympics at Mexico City.

Here are the answers to our last puzzle(it appeared in the June issue). It called for marathon Olympic champions: Spyridon Louis, Michel Theato, Thomas Hicks, Johnny Hayes, Ken MacArthur, H. Kolehmainen, Albin Stenroos, M. El Ouafi, Juan C. Zabala, Kitei Son, Delfo Cabrera, Emil Zatopek, Alain Mimoun, Abebe Bikila, Mamo Wolde, Frank Shorter, Waldemar Cierpinski.

Eleven "track nuts" sent in completed puzzles, nine of which scored 100%. The correct ones were: Paul Cross of Oildale, Ray Hicks of Dunsmuir, Fay Hobbs of Santa Barbara, Donn Kirk of Los Altos, Pat Crady of Malibu, John Cheever of Upland, Peter Jensen of San Leandro, Martin Rizzo of Portola, and Richard Hymans of London, England. The recipient of the one year free renewal and track related gift (in this case an autographed copy of Hal Higdon's funny book On the Run from Dogs and People) is Fay Hobbs.

Here is the next track teaser puzzle from Mike Lennemann. This one has to do with the womens 800 meter run. How many of the following women 800 meter runners can you find in the letter scramble?

The U.S. all time top ten. The world record holder.

The American record holder.

The 1976 Olympic champ.

The 1968 Olympic champ.

The 1979 California community college champ.

The 1979 California high school champ.

The 1979 AAU champ.

The 1979 AIAW champ.

The 1979 Pan-Am champ. The 1979 AAU junior champ.

The person submitting the most cor- CALDWELLWK rectly circled answers by September 15. 1979, will win the free renewal and track

gift. In case of a tie a drawing will decide the winner. Results will be published in the October

SAN BERNARDINO—Howard, Howard, Howard and Howard.

It sounds like a law firm, and some day it may be. But right now, you'll find the listing not in the yellow pages under "Attorneys" but in the sports pages under "Track Results." As in:

MILE RELAY— 1. San Gorgonio (Howard, Howard, Howard, Howard, Howard), 3:53.1.

If you've followed high school track this season you've often seen that result, or one like it. And you may have wondered: Is it a typo, the product of a stuck linotype machine?

But the State's fastest girls' mile relay is indeed made up entirely of Howards—sisters Artra, Tina, Denean and Sherri, passing the baton in that order. And at the CIF- 4-A finals at Cerritos College Saturday or the state meet in Sacramento June 1-2, they think they can break the national interscholastic feder ation record of 3:49.5.

That would clearly make them the fastest family ever in prep track. But as far as anyone can remember, they already hold that distinction.

The Howards have spent a lot of time looking for contenders and have found only one that comes close. Douglas High of Sherman, Tex., their research shows, won the 1957 girls' state 440 and 880 relays. On that team were the Polk sisters and their cousins the Chamberlain sisters. And how did the Howards learn of this team?

"That was Momma's team that won

ALL IN THE FAMILY—The fastest girls' mile relay team in the state is San Gorgonio's, consisting of the Howard sis-

ters, from left: Sherri, Denean, Artra and Tina. They're going for national record in CIF finals Saturday.

As a group, they were named Military Family of the Year in Alaska and were featured in an hour-long television show.

The Howards are, by all measures, so wholesome and close a family that they make the Waltons appear to be a broken home. And that, perhaps more than any of their achievements, makes Eugene Howard proud.

People tell me at meets what the other kids are saying," he said. "They don't say, 'There's those Howard girls. They think they're so good. They're so stuck up.' They say, 'There's the Howard girls. Let's go talk to them. They're really good and really nice, too.'"

The Howard girls are really good. For all the family's achievements, it is the four girls on the track now that are drawing the most attention.

Besides the mile relay, Sherri, Denean and Tina hand off to teammate Brenda Winston for the State's second-ranked 440-relay team, at 47.3 trailing only Berkeley's 46.1

Denean, 14 and a freshman, has the second-best 440 time (56.2) and sixth-best 880 (2:16.1) in the CIF.

And though Denean may hold as much promise, it is 16-year old Sherri that has the first shot at making the 'Howard name famous. The junior is a top That enthusiasm and desire are traits of all the Howard girls, according to San Gorgonio coach Jim Hall.

"They're the kind of girls that regardless of who coached them, they'd have turned out the way they are," he said. "They would work hard no matter how good or bad the coaching.

"The biggest thing these girls have going for them is they hate to lose. Losing is not on their agenda."

A little time in the family living room with the girls and their father makes it clear why. Excellence is both expected and encouraged with carrot and stick.

"The most important thing is their schoolwork," Eugene said. "I told them, 'If you get a C or a D, you're going to hear it from me."

In sports, the Howard parents offered the carrot.

"We'd all go over to the track when they were small and run relays," Eugene said. "They'd run real hard and got pretty fast. I'd always offer them something extra, like 'If you win, I'll buy you some ice cream.'

It must have worked, because by the time Howard transferred from Alaska, where they had lived for eight years, to Norton Air Force Base near San Bernardino last July, the family needed an extra moving van for the hardware.

careers and helped them decide on Southern California— with the Mercurettes and year-round training weather— as a new home. A bonus was finding that San Gorgonio is a four-year high school, so freshman Denean wouldn't be separated from her sisters.

"We knew they could run," Eugene said. "And a dream I had was they'd all be in high school together and run as a relay team."

That was in keeping with the family togetherness. The girls said they share common friends, but wind up spending much more time with the family than with outsiders. Artra, the senior, said she is not overwhelmingly intersted in track anymore but is inspired to run with the family.

The family seldom loses. "You might beat one individual but you can't beat them together," Eugene said. The most recent loss was a dual meet with Eisenhower High. Eisenhower's girls didn't want to run against the Howards, so the San Gorgonio boys' JV team took up the challenge. The race was even going into the final leg.

"The boy running anchor for them could only run a 55 or 56 quarter," Sherri said, "and I can do a 52. But the boys said they would quit track if we beat them and we didn't want to do that.

mento June 1-2, they think they can break the national interscholastic feder ation record of 3:49.5.

Tex., their research shows, won the 1957 girls' state 440 and 880 relays. On that team were the Polk sisters and their cousins the Chamberlain sisters. And how did the Howards learn of this team?

"That was Momma's team that won when she was in high school," freshman Denean said. "She came from a family of 14, seven boys and seven girls."

Barbara Polk Howard settled for six girls, but it isn't hard to pick up the drift that this is a family with lots of winners. By the time you see the trophies and plaques that fill the living room-"The kids in the neighborhood call this the 'Home of Fame,' " father Eugene said—and hear the litany of success, the Rockefellers seem like underachievers.

Besides her high school track prowess, mother, an interior decorator, owns a trophy for her singing. Father Eugene, a sergeant in the Air Force security police, can claim All-City and All-State basketball honors at Detroit's Northwestern High and MVP of the Alaskan Air Command basketball team.

Older daughters Gina, 21, and Darlene, 20, both play for the Cal State Los Angeles basketball team and were track and basketball standouts in high school. And, with their four younger sisters, they formed a dance group that has performed publicly on a number of occasions.

Academically, all the girls so far eligible have made the National Honor Society. Freshman Denean and sophomore Tina, both excellent students, are not likely to spoil the record.

Senior Artra, a poet and painter, was runnerup in the Miss Black Teen of Alaska pageant when their father was stationed near Fairbanks.

The girls have distinctive personalities. Artra is sensitive and warm. Sherri is intense and fiery, but ready to laugh. Tina is vivacious and sparkling. Denean is sunny and, beneath a bit of shyness, a little zany.

The Howard girls are really good. For all the family's achievements, it is the four girls on the track now that are

drawing the most attention. Besides the mile relay, Sherri, Denean and Tina hand off to teammate Brenda Winston for the State's second-ranked

And though Denean may hold as much promise, it is 16-year old Sherri that has the first shot at making the 'Howard name famous. The junior is a top contender for the U.S. Olympic team and already has competed against, and beaten, the Russians in the indoor US-USSR dual meet.

Sherri's specialty is the 400, where her 52.66 is the best prep time in the nation this year and fifth best of all U.S. women. She also has the state's top prep 220 time (23.6 wind-aided, 23.9 legal) and is third to Winston and Westchester's Gwen Loud in the CIF in the 100-yard dash (10.6 to 10.7).

Sherri and her sisters have been working out almost daily with the L.A. Mercurettes track club, and coach Fred Jones thinks Sherri's potential is fabulous.

"I can only think of two or three young quarter milers who have done as much as she has this early," said the man who coached such top women's runners as Rosalyn Bryant, the U.S. 400-meter record holder. "Mabel Ferguson was 18 at the time of the '72 Olympics and ran a 51.9 and was fourth. Sherri's younger and her 52.66 was run in April, the earliest any junior has run that kind of time. She's coming along in an Olympic year and I'm sure she's going to run 51 seconds.

"There's only one other girl, in my opinion, who has a chance to catch her and her teammate Gwen Gardner, and that's Pat Jackson of Prairie View."

The key to Jones' program is hard work-weight training and intensive drills. And it is there that Sherri shines.

"When we're really driving them out, Sherri is so light and alive, she's just a force." Jones said. "She's just great to coach. The only other girl I've had like that was Barbara Ferrell, who was a gold and silver medalist."

schoolwork," Eugene said. "I told them, 'If you get a C or a D, you're going to hear it from me."

"We'd all go over to the track when they were small and run relays," Eugene said. "They'd run real hard and got pretty fast. I'd always offer them something extra, like 'If you win, I'll buy vou some ice cream."

It must have worked, because by the time Howard transferred from Alaska, where they had lived for eight years, to Norton Air Force Base near San Bernardino last July, the family needed an extra moving van for the hardware. Among the State titles were Junior Olympic championships for all four of the youngest girls.

Jesse Owens, head of the Junior Olympics, was at the Alaska meet handing out the trophies. And he was impressed by the time Denean had won the 50, Tina the 100 and Sherri the 200.

"Jesse said, 'Which Howard is this?' " Eugene said, with a proud smile. "He saw Sherri and said, 'That's a track runner. She's going to the 1980 Olympics.' "

That, and Sherri's victory in her age group at the national meet in Philladelphia, set the Howards seriously thinking about their daughters' track

she is not overwhelmingly intersted in track anymore but is inspired to run with the family.

The family seldom loses. "You might beat one individual but you can't beat them together," Eugene said. The most recent loss was a dual meet with Eisenhower High. Eisenhower's girls didn't want to run against the Howards. so the San Gorgonio boys' JV team took up the challenge. The race was even going into the final leg.

"The boy running anchor for them could only run a 55 or 56 quarter." Sherri said, "and I can do a 52. But the boys said they would quit track if we beat them and we didn't want to do that. So I let him win."

Don't expect to find the Howards taking it easy on the track often. though. Even if they don't find much competition from other high school girls-tough Berkeley is the excepion-they have it among themselves. One of the father's best methods for getting Sherri psyched-up is to needle that Denean is catching up to her.

Not that he has to kindle the fires very often. "The girls, when there's competition and good competition, they rise to the occasion," Eugene said.

Or as Artra wrote as the final line to one of her poems, "We are family, and the key word is strive."

Ken Ernst [El Dorado, Placentia] was fourth in the two mile at 9:10.72. Ernst was a State Meet finalist and has a best of 9:02.2. Rob Wentworth [Livermore] placed fifth in 9:21.12. He was third in the State Meet and his best mark is 8:55.0.

Steve Whitcomb [Helix, La Mesa] was second in the mile at 4:06.46. Paul Medvin [University, Los Angeles] placed third in 4:07.21. He is currently 18th on the all-time high school list with 4:05.6. He won the State Meet twice. Dave Cangelosi [Villa Park] placed ninth with no time.

### US/USSR JUNIOR MEET

29-30: June Bakersfield Memorial Stadium:

Two southern California prepsters. Jeff West (Crenshaw) and Lee Balkin (Glendale) scored impressive victories at the USA/USSR junior dual meet. Their efforts, however, weren't enough to lead the American squad to victory, losing 201 to 190. The US men did come out on top 120 to 114, but the gals slipped to an 87-70 loss.

The combined victory moved the Soviets into a 4-4 tie with the Americans in the overall junior series, for men under 20 and women under 19. The US men extended their lead to 6-3, the Soviet women theirs to 6-2.

West was dynamic in his 1:48.2 800 meter victory. His legs cramped during the final meters, but he had plenty of room to breeze in.

Balkin, the 79 California prep state champ, leaped over 7-21/4 in the high jump and in the process beat all time prep high jump record holder Gail Olsen now of the University of Illinois who settled for second with 6-1134.

The youngest athlete of the meet was 14 year old Denean Howard of San Gorgonio High School in San Bernardino. She didn't let her age hamper her as she placed second in the 400 with 54.25. behind San Francisco's Marion Franklin who ran 53.46 for the win.

Larry Cowling of Sacramento and Cal Berkeley was in good shape in the intermediates and looked to be a sure second place when he hit the eighth hurdle and did not finish.

The two squads were to match up again on July 4-5 at Boston University.

Miscellaneous prep news: Tonya Alston (Chico) has accepted a track scholarship to UCLA.

Marian Franklin (Balboa, San Francisco) is going to U.C. Berkeley.

Bill Green (Cubberley Palo Alto) will enroll at U.S.C.

Ann Regan (Camden, San Jose) is joining her San Jose Cindergal coach Augie Augabright at West Valley college in Saratoga.

The voungest athlete of the meet was 14 year old Denean Howard of San Gorgonio High School in San Bernardino. She didn't let her age hamper her as she placed second in the 400 with 54.25. behind San Francisco's Marion Franklin who ran 53.46 for the win.

Larry Cowling of Sacramento and Cal Berkeley was in good shape in the intermediates and looked to be a sure second place when he hit the eighth hurdle and did not finish.

The two squads were to match up again on July 4-5 at Boston University.

## WEBLOL CHAMPIONS

by DON GOSNEY & KEITH CONNING

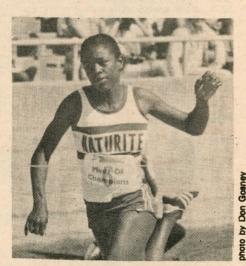

It had been hailed by the producers as a "meet of champions." It had been hailed by the fans as one of the best this year. Despite all of the usual no-shows and the lack of "quicker" times, the meet was by all means a true meet of champions.

The Brooks Shoe Company first got together some of the best athletes in the world to agree to show up at Edwards Stadium in Berkeley on their off Saturday between the NCAA and AAU championships. Then they got more than 16,000 people jammed into their seats to watch the first in a proposed series of annual meets. To establish the character of the meet, the Brooks people determined that if they couldn't come up with a great field, then they wouldn't hold that event.

In an effort to start the meet off on the right foot, Houston McTear showed once again that nobody can get out of the blocks before he can. Following McTear's lead, the rest of the starstudded field in the 100 meter dash gave chase with Steve Williams taking an early and dominant lead up until the 99 meter mark. There he made the fatal mistake of trying to locate the competition. In that split second, USC sophomore James Sanford passed Williams to win the race in 10.36 seconds with Williams second at 10.37 and McTear bringing in the third place position with 10.38.

With the crowd still arguing about

1500 to run the 800 meters as a pre AAU turn-up. Thinking to do the same was Oakland's James Robinson. Robinson had something else he wanted to do

### VALERIE BRISCOE

at the same time, nowever. Ranked #1 in the US and #4 in the world last year, Robinson still felt he had to prove himself to the community. The press was given specific instructions by Robinsonwatch carefully and give him his proper credit. Robinson, who has never lost at Cal's Edwards Stadium, began his race as usual by hiding himself in the middle of the pack. After the pack's 51 second had enough left to earn him the victory. Robinson's hometown roared their approval at the results showing that both Robinson and Paige had run the year's fastest times in an incredible 1:45.52 and 1:45.54 respectively. California freshman Mike White was also setting records in the same race by knocking three fourths of a second from his own personal best to set a Cal freshman record of 1:48.1.

The high school athletes were no less

MARIAN FRANKLIN

exciting. Marian Franklin (Balboa, San Francisco and Millbrae Lions) and Kim White (Berkeley and Berkeley East Bay Track Club) went one-two in the

Rob Wentworth (Livermore) held off fast-closing junior Larry Guinee (Castro Valley) in the high school mile by .1 in 4:13.6. Dave Royal (Petaluma) was third in 4:15.3 and junior Fernando Balderas (San Jose) was fourth in 4:15.4.

Judy Young (Berkeley and Berkeley East Bay Track Club) and Alesia Sweeney (Tamalpais, Mill Valley and Berkeley East Bay Track Club), who are both juniors, placed fourth and fifth in the women's 100 meter hurdles with identical times of 14.30. These hurdles are three inches higher than the regular high school hurdles, so these times are equivalent to running 13.8.

Ann Regan (Camden, San Jose) placed seventh in the women's 800 meters in 2:07.1, her season best. Sophomore Tracy Weber (Lynbrook, San Jose) was ninth in 2:09.7.

Sophomores Sharon Ware and Tanaya King of Berkeley and the Berkeley East Bay Track Club placed fourth and fifth in the women's 200 meters in 24.15 and 24.84

I hope this becomes a regular event, because it would give the prep milers a chance to run their best times. Since they only have one race-no trials and a large appreciative crowd, they can run excellent times.

In an effort to start the meet off on the right foot, Houston McTear showed once again that nobody can get out of the blocks before he can. Following McTear's lead, the rest of the starstudded field in the 100 meter dash gave chase with Steve Williams taking an early and dominant lead up until the 99 meter mark. In that split second, USC sophomore James Sanford passed Williams to win the race in 10.36 seconds with Williams second at 10.37 and McTear bringing in the third place position with 10.38.

With the crowd still arguing about who really won the century race, the 110 meter hurdles was well underway. Richmond's Dedy Cooper displayed his fine style over the hurdles while posting a time of 13.63. Dedy's time is all the more excellent under the circumstances since at the same time he was receiving lessons from world record holder Renaldo Nehemiah on how to fly over the 42" barriers. Despite pleasing the crowd with his magnificent style and form, his time of 13.41 was a major disappointment to a crowd that was hoping to see him dip under the thirteen second mark.

John Powell, Montreal's bronze medal winner and San Jose's former police officer, took another leap forward in his comeback trail by taking the men's discus with a stadium record 219-4. With his best throw this year by nearly nine feet, Powell solidly outdistanced Knut Hjeltnes and Ken Stadel who took second and third with 218-10 and 218-7 respectively.

Kate Schmidt put on an exhibition in the women's javelin with her winning toss of 198-8. After watching in awe at the gracefulness and fluidity of motion used by Kate, it was plain to see why she is the world record holder.

Clancy Edwards paid no attention to the mistakes that had been made in the century as he pulled a Steve Williams number at the end of the 200 meter dash. With but three yards to go, last year's NCAA-AAU winner in both the 100 and 200 meter dashes, turned his head to locate Steve Williams just in time to see him blast by to win in 20.16.

Highlighting the meet, Villanova's Don Paige came off of his previous weeks NCAA double victory in the 800 and

Coming down the final stretch, Paige started making up ground only to find out that Mr. Robinson still
