NATIONAL SIX-MINUTE RUN CONTEST

RESULTS AND HIGHLIGHTS

A furious battle between schools 2000 miles apart was resolved only by tie-breaking rules in the Intermediate (8th grade and under) Division of Starting Line's third annual Six-Minute Team Run Postal Contest. Millikan Jr. High of Sherman Oaks, CA and McKinley Middle School of Muncie, IN, ended in a tie not only for first place, but for third as well.

Both schools were led by runners who have run under 4:50 for a mile. Millikan's BURT and PHILIP SHIRLEY have run under 4:40. Both schools have plenty of distance running depth, the result of intensive endurance training in phys. ed. classes and competition. Ronald Pettersen tutored the champs, while Joe Rodgers once again led the Indians to the best team totals among the more than 200 teams which have entered in the three year history of this contest.

Complicating the contest was the U.S. Postal Service which only took a month in delivering the McKinley early May results to us (they had tried once in the fall too). The hoosiers, who had finished second last year, were edged by Millikan on the basis of youngest total team wins. Third spot was decided in favor of McKinley on the same basis (though we awarded third place certificates to Millikan also, since we had not received the McKinley entries by our May 15 deadline).

Jerry Montgomery's well balanced teams from DOUGLAS SMITH ELEMENTARY, of Houston, took both boys and girls Elementary Division of the contest. Using an all-weather track to their advantage, the Texans broke the two-year monopoly of schools from Metropolitan New York.

Schools from the New Hyde Park area were again prominent in the elementary divisions. The Syracuse, NY, school district takes the prize for number of entries, with thirty schools competing (!) despite miserable spring weather. They send a challenge to other school districts to top their program in the next contest, which will run from September 1975 to May 5, 1976.

STARTING LINE depends on contributions of results, news, opinions and photos from all of our readers (athletes, coaches, officials, parents, and general followers of junior and age group track & field).

It is more likely that your contributions will appear in the pages of STARTING LINE if you adhere to the following guidelines when submitting material:

RESULTS

Include first and last name of at least the first three competitors in each event, along with hometown or team affiliation, time or distance of each competitor listed, type of track (dirt or all-weather), wind conditions (the more specific the better), height of hurdles, weight of implements (shot, discus, etc.). Also include heat or qualifying round marks (if better than final mark) and birth-dates on top athletes would be helpful for best performance lists.

NEWS

General interest items (in contrast to news merely of your team or of one individual) are more useful. We want material on both boys and girls (such as schedules of upcoming events, new teams or programs), background info on area, athletes, etc.), especially from areas which haven't gotten much space before.

OPINIONS

Are used on the Forum page to stimulate the thought and action of those involved in junior track. Conservative or "off-beat" ideas are welcome from anyone.

(Photo at left) Beautiful action shot of KEITH SCHIMMEL, the 17 year old Pole vaulting star of Villa Park High School, in southern California. Schimmel's vault of 16-3 1/4 is one of the finest performance recorded by a boy of his age. During the season he had stiff competition by another member of his school, TIM VAHLSTROM, another 16 foot vaulter. /Photo by BRUCE HERSHEY/

(Top Right) Ten year-old LATANYA DAWKINS of Los Angeles, has just been sensational in all the sprints so far this season. Her strongest event seems to be the quarter-mile, in which she recorded a fantastic 59.5, three seconds faster than any other 10 year old in the history of girls track. /Photo by DOUG SCHWAB/

(Bottom right) On the cover ANTHONY GIBSON looks pretty relaxed in his long jumping effort. Perhaps that's the secret for his phenomenal long jumping series. So far he has recorded a half dozen marks at 21 feet and over, topped by a record setting 22-9 1/2, destroying the already awesome standard of 22-1 by Larry Johnson set in '71. He is also one of the finest sprinter in the nation in his age group, with 10.2/100 and 23.3/220 (22.8/all-comers). /Photo by JERRY MEEHAN/

From the Editors

Elsewhere in this issue you will find rankings of the top boys and girls in each event, based on their best time or distance. Readers tell us this is one of the most popular features of STARTING LINE and we have a lot of fun compiling the lists.

In order to qualify for the best performers rankings, we take only those marks which reach us as part of complete meet results, in which the times of at least three or more competitors in each event are listed. In other words, you will not find individual marks reported in fragmentary or isolated form considered for the regular lists.

We insist on this rule most importantly because we wish to discourage, as much as possible, the timing or measuring of winners only. On the other hand, we want to encourage the recording of as many places as possible. We often receive track & field results from New Mexico and southern California in which twenty or thirty athletes are listed in a single event, each with their time or distance.

The boy or girl who finishes third or seventh is often just as interested in their time or distance (possibly even more so) as the winner. Track & Field is one of the few area in life in which improvement and performances can be measured with relative objectivity, though not perfectly to be sure.

Why not let all boys and girls enjoy the internal satisfaction of knowing how well they did, whether they won or not.

1975 Frosh/Soph Standouts

Exposure to track and field through competition at the Age Group level may have been responsible, to some degree, for the prodigious array of top performances recorded this year by the young high school athletes introduced in this column.

It is not an in-depth report. The purpose of this article is to give our readers a glance at some of the best U.S. marks recorded in HS competition by 9th and 10th graders. The performances were recorded and submitted by a number of top High School statisticians such as Jack Shepard, Mike Kennedy, Jack Pfeifer and others...

NOTE: Boys 15 and Under competing in Age Group meets or in Junior High competition are listed elsewhere in this issue.

In the Sprints:

* 15 year-old PHILLIP EPPS, a freshman from Atlanta, TX, was outstanding, recording a 21.5 in the furlough, for a new Frosh Class record (also 9.6/100)

* PHIL SWITZER (15) from Bogue, KS, who last year acquired the Age 14 Best in the 100 at 9.7, in his freshman year was the runner-up in both sprints in his state's HS Championships. He has '75 bests of 9.7 and 21.9.

INTERNATIONAL NEWS

AROUND THE WORLD WITH CASEY

This year my "around the world" travels will be confined to North America. It's about time I visited our nearest neighbors again.

In '70 I went to Europe for the Commonwealth Games in Scotland, in '71 to South America for the Pan Ams in Colombia. Of course '72 meant Europe again for the Olympics in Germany. I did visit Canada twice in '73, for the Pacific Conference Games in Ontario and the Canada Games in British Columbia. 1974 was a big year. I met a lot of athletes from all over the world and started this column.

I try to get acquainted with young athletes from other countries, and to learn a little of the language and customs of the country I am visiting.

Even in our own U.S.A. there are different customs in different parts of the country. We are so big that speech patterns and ways of life vary widely between Alaska and Florida, and between New England and California.

In our newest state, Hawaii, there is a veneration of age that is unfortunately lacking in most places. An older woman is greeted by anyone younger than herself, with a kiss on the cheek. On my first visit to my sister who lives there, I was a bit stunned when I was introduced to her friends and they all, from well-known night club entertainers and recording artists to Hawaii's leading Girl 880 runner, greeted me in this way. I really appreciated this sign of respect.

I don't expect all the athletes at all the meets I attend to rush up and kiss me on the cheek, but I hope you will come over and introduce yourselves. I will probably be carrying a stack of Starting Line Handbooks! I'd like to attach faces to a lot of the names I read frequently on the Finish Line pages. And when I get to Canada I want to meet many more. Also in Mexico. Send Starting Line the results of your meets, the highlights in your area and photos...

You can write me c/o the magazine, or at my address: CASEY IDE, 919 Minter, Apt H, Santa Ana, CA 92701.

PROJECT CANADA - It is time we begin to include Canadian Clubs and teams in our Annual Handbook. Any information regarding a listing of Age Group Clubs in Canada will be most appreciated.

Also yearly statistical listings of Canadian athletes are being considered. We want to contact anyone connected with stats in each of the Canadian provinces. RAYMOND BLUTEAU of the province of Quebec, and RON PARKER of British Columbia are two possible correspondents and will be contacted in this regard. If you are interested by this project, please write to us. Merci!

"Show me a runner whose shoes don't fit, and I'll show you a loser"

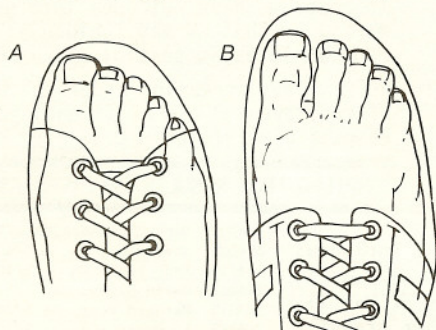

— Jim Davis, President, New Balance Athletic Shoe Inc.

At New Balance we tend to think of those words as Running Shoe Gospel. For 20 years we've been manufacturing racing and training shoes in width sizes as well as lengths. Conventional athletic shoe thinking says that one width can be laced and tightened to fit all feet. We say that's just so much bushwah. And the pinched toes and sore arches and blisters on top of the feet experienced by runners who wear those other shoes just prove our point.

With New Balance you get the shoe that fits your foot perfectly, in all lengths and widths from 3½ AA to 15 EEE. Our laces run only the length of the special saddle over the instep — which puts tightening and arch support exactly where they should be. Your toes stay loose, and the seamless tongue prevents any chafing or binding.

A
Lacing to the toe constricts the toes and may cause blistering on top of the foot.

B
The New Balance method restricts lace tightening to our saddle over the instep, assuring toe freedom.

TIME & SPACE

Best Performers of 1975

The 1975 Best Performers Lists appearing on these pages show the best outdoor marks known to the compilers on the date stated in the introduction of the boys or girls lists. Marks reported in fragmentary form are shown with the "questionable" or invalid marks at the end of the tabulated list of valid marks.

Only marks taken from detailed summaries of complete meet results are considered for the regular list, though additional information on "questionable" marks will be appreciated. Please submit additional results and / or corrections to the compiler, in care of STARTING LINE, P.O. Box 878, Reseda, CA 91335

The following guidelines have been considered in judging the validity of the marks:

1. Marks must be made on standard outdoor facilities (surveyed track with curb, reasonably legal jumping pits, throwing rings, toe boards..).

2. There must be at least three timed or measured competitors in the event, which is part of a regularly scheduled meet. Hastily improvised record attempts are not acceptable.

3. In the sprints, hurdles, long & triple jumps, wind assistance should be reported (wind gauge readings are best; wind estimates helps).

4. The weight of the shot, discus, hammer and javelin must be reported (some indication that implements have been properly checked for weight and dimensions will help determine the validity of the mark).

5. In hurdle races, note height of hurdles, as well as distance of race.

Data in the following lists include (left to right):
(1) Time or distance, (2) Name of athlete, (3) Birth year, if known, (4) Home State, (5) Date of best mark.

Boys Best Performers List

Compiled by Max & MARK ZUCKER

With this issue we are introducing the initial compilation of the 1975 Age Group Boys Best Performers List.

For statistic uniformity we have established a divisional structure, which we believe respects the age grouping of existing competition in the U.S. The age groups will come under the heading of Division I, II, III and IV.

At the head of each division, will be an explanation of the specific type of competition included in that Age group.

At this time of the year, when most results are still to come, we have not gone into great details about the marks, so that we may include all four divisions and as many athletes as possible.

NOTE: Boys appearing under the dotted line, at the end of most events, are additional younger athletes in their respective division. E.g. 8 yr-old in Division I, etc...

COMPILED FROM RESULTS RECEIVED AS OF JUNE 10, 1975

Girls Best Performers List

Compiled by BILL PECK

Even scattered meet results received by STARTING LINE as of June 10 reflect the rapidly developing girls track & field in many areas as well as much improved reporting of results. We are happy to see that more areas are timing and measuring as many places as possible. The girl who finishes fifth is just as important as the girl who finishes first.

Additional information (including birthdates) is requested. Please document additional times or distances with complete meet results. We especially solicit additional marks of 8, 10, 12 and 14 year-olds for purposes of compiling our yearly best performance lists by age.

Since girls track is becoming very well organized in many places (more organized than equivalent boys' meets quite often) we are striving for much more precise and complete information, in order to make the Girls Best Performance Lists for 1975 more accurate and meaningful.

Information listed below (from left to right) in the regular outdoor best performances are (1) the girls' best time or distance of 1975, (2) symbol for any questionable or unknown aspect...see above, (3) first and last name of athlete, (4) her birthyear if her exact birthdate is known, (5) her home state, and (6) the date of her best reported performance.

COMPILED FROM OUTDOOR RESULTS RECEIVED AS OF JUNE 10, 1975

PACIFIC STATES

● We want to make a correction regarding the listing of tow clubs of the northern California area, as published in the S.L. Handbook DIRECTORY.

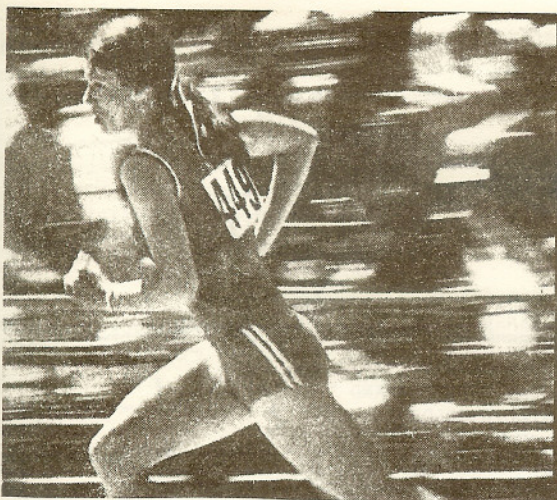

The Bridgeport Roadrunners TC and the San Juan Striders (Sacramento), who were listed separately, have cancelled their charters and have now merged to become the NORTHERN CALIFORNIA TRACK CLUB. Larry Neverkovec, 6401 Stanley Ave., Carmichael, CA 95608 and Jack Reneau, P.O. Box 501, Bridgeport, CA 93517 are coaches of the new club. The address in the Handbook is that of the secretary of the club, Barbara Fuller.

● Put a big meet on your calendar to finish the '75 season on a high note. On August 1 and 2 (Friday & Saturday) on the fast Balboa Stadium track, in San Diego, the first "National Invitational Classic" will make its debut. This event could be the best meet of the year for Boys on the West Coast and elsewhere. Besides a full schedule of track & field events, it will stage a full ten-event decathlon in the 14-15 and 16-18 Divisions. For further information, read the one-page Ad on page 9 of this issue. We are told that if successful, it would become a yearly event. We hope you can make it!

● In our next issue, we will feature in this section the California State Boys meet. We will have all the highlights and plenty of photos. The performances were just great and we'll have the complete results. For the girls, we'll have the coverage of the National Age Group Classic, which promises to be one of the finest girls meet of the year. We also hope to have the Oregon Boys Championships and first ever boys and girls Washington state Championships hosted by Mr.Caviness.

TERI WIERSON of Sunset HS, is seen winning the 110-yard hurdles of the Oregon Class AAA high school girls track & field Championships. Teri was clocked in 14.52. CATHY JOHNSON, N. Eugene (right) finished third in the event.

KELLY JOHNSON, of Hillsboro, zips to victory in the 440 in the Oregon class AAA HS girls Championships. Kelly was timed in 57.95.

THE "SUPREMES TRACK CLUB", OF ALBUQUERQUE, NM

What's in a name? Sometimes a lot. Take the SUPREMES TC, the new and sensational track club from Albuquerque, New Mexico.

In their first season, they have led a terrific assault on their state's record book. In the State meet alone, they set 13 new records, and they had only been together two and half weeks.

The club's founder and coach is WILLIE GOLDSMITH, one of the more successful track and fields coaches in New Mexico the last few years.

He didn't lose anytime, and in his first season was able to organize the club's first Invitational meet, attended by the State's best athletes. By the end of the meet, the SUPREMES already appear to be the strongest boys team in New Mexico, winning in three of the four age groups.

"This team is definitely looking forward to the National Boys Championships in Gresham, and coming in first in the country. That's our goal" says Coach Goldsmith.

Whichever way it goes, look out for boys with names like Ricky Romero (see Below), George Naugles, Neil Corley, Scott Carreathers, Willie Goldsmith (Jr.), Michael Martinez and Joe Williams among others. Don't forget their relay teams.

Are the SUPREMES supreme? You'll all find out soon enough...

Again, looking at the winning margin, one can tell that MICHAEL MARTINEZ (13) has to be top sprinter in his area. He owns a whole slew of marks under 10.6!

● GERALD TATON, publicity director and statistician of the Rocky Mountain AAU Boys T & F has compiled and published an excellent statistical report of the best performances by boys in his association. It includes all events in four divisions, and lists the performance, name of athlete, birthyear, club and date of meet. Congratulation on a job well done!

● Add to your list of Track Clubs in Montana: ROAD RUNNERS TRACK CLUB, coached by David Pidcock, 405 27th Avenue, N.E., Great Falls, MT

● Concluding the indoor season on April 6, U of Colorado Fieldhouse witnessed no less than 34 female pentathlon & triathlons testing their all-around abilities. LORI THOMAS (Colorado Flyers) was the top Junior Woman with a 3607 score for five events, including a 5-2½ high jump. SYLVIA HARDY (Boulder Cinderbellies) equalled the high jump mark in winning the Youth Division with 3295 points, while Flyers DAWNELLA JONES and CHERYL LUCAS scored 1084 (midget) and 1230 (Bantam) in winning in their Divisions.

VALLE DEL SOL INVITATIONAL

TEMPE, AZ - Apr 20 - from Sue Humphrey

Terrific triples by ROXANNE KEATING and RHONDA WEDDLE highlighted the second edition of one of the few bona-fide invitationals for girls. Roxanne was especially sharp in the 200 meter hurdles, while Rhonda won all the field events in the Bantam Division.

● Manchester (TN) Rotary Relays incorporates a unique Team Decathlon into the regular high school girls individual events. Each school designates one girl in each of ten events to score points (based on international scoring tables) for their team. Northwest High of Clarksville (TN) was this year's winner with 5515 points followed by Bradshaw (AL) 5257.

● Houston (TX) will host the Inter-City Meet of the 11th Annual Jesse Owens Junior Track Classic. Novice class boy and girl champions of cities from Anchorage (AK) to Boston will gather at Jeppesen Stadium, U of Houston, on August 16. Three age divisions, 10-11 to 14-15, are limited to athletes who have not won any previous major competition. Atlantic Richfield Co. is the sponsor and the Houston Rec & Park Department is the host this year.

● North Carolinians, who have been making a mark on the track world in recent years, promise to make a greater impact in the future. The state Junior Olympics had over 8000 girls and boys in 17 local meets. Top qualifiers advanced in 112 final events a NC State U.

Flashettes Track Club of Baton Rouge (LA) staged an "Invitational" for girls on May 17. JANET DAVIS of Indianola (MS) TC had a super 2:43.6/14-3 double in the 880/high jump in the Bantam (born 1959 & later) Division.

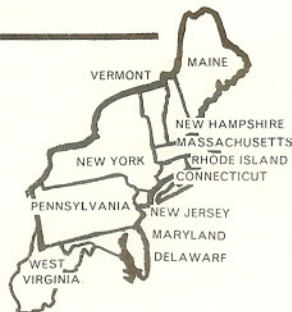

● Alief TC of Houston hosted 168 boys and girls for an age group all-comers on their all-weather track May 18. Nice triples were turned in by Youth Boys FLETCHER MANSHACK 24.5/57.0 in the long sprints and 113-9 discus, as well as TERI SMAJSTRLA who sprinted 6.4/12.4/72.4 in the Midget (63-64) Division.

● LOUISE RITTER's 5-11 high jump in the Texas State Girls High School Meet places her second only to Joni Kuntley in prep competition. SHEILA PETTIT neared the 40 foot mark in triple jump (Ed. - When will this event become an accepted event for girls?). GWEN SMITH's 24.0 was one of the fastest high school 220 marks ever recorded. Small school (B & A Class) girls were just as impressive as larger those from larger schools.

SOUTHERN AAU GIRLS CHAMPIONSHIPS

BATON ROUGE, LA - May 31 - from Lurline Struppeck

Girls from Louisiana and Mississippi, plus guests from Memphis staged the greatest assault on excellence in track & field ever seen in these parts. Sprints were even better than usual, but jumps and weights showed good depth too. The Southern AAU has come a long way!

TEXAS STATE GIRLS HIGH SCHOOL CHAMPIONSHIPS

AUSTIN, TX - May 2-3 - from Bill Bradley,

Herman Goldberg and Mirza Amirkhan

Any doubts that the Lone Star State has achieved the greatest number of quality athletes of any state, was quickly dispelled by the 1975 edition of the State Meet. Five mile relay teams under 4:00 minutes, 11 shot putters over 40 feet, three sprinters at 10.9, ad infinitum.

LOUISE RITTER approached six feet in the high jump, SHEILA PETTIT was just short of 40 feet in the triple jump, as small schools (B & A Class) were as impressive as larger ones.

EASTERN NEWS / CONTINUED

● Allegheny Mountain Community Track Conference is the name of a new organization formed for the purpose of coordinating and promoting participation in age group track, road racing and cross country. Member clubs in the western Pennsylvania/eastern Ohio area include: Churchill Area, Dormont Boosters, Greater Johnstown, Latrobe, Mt. Lebanon AA, Pittsburgh New Image, Sacred Heart, Salem & Steubenville Striders. For information contact JIM WURTZER, 1727 Potomac Ave, Pittsburgh, PA 15216...phone (412) 343-3675.

● Almost lost by STARTLING LINE in the rapid rise of outstanding Junior Women high jumpers have been two easterners, BECKY DEETZ and PAULA GIRVEN. Becky jumped 5-6 seven times indoors and had a best of 5-8½ at Syracuse on Jan 26. The Ridgewood (NJ) high schooler is continuing to improve outdoors. Paula leaped 5-10½ at the Region II AAU meet on June 6. By the end of the summer both may be approaching six feet or better.

● KURT STEINER, the energetic meet Director of the RRC of New York distance meets, has to be commended for the great job he has been doing all these years in organizing the events. Of course, it is not a one-man job, as BARRY GEISLER, Sr. and his crew of helpers put in a full day at every meet to make sure the program comes off in great style. The officials are all former or present runners of the RRC. Also the remarkable job done by starter BILL CHOLLY of Yonkers CYO has been most helpful in the ever growing program, in which close to 500 athletes of all ages are in attendance at every meet. Keep up the good work!

In just one short year KIM VAN HELDEN, of the New Hyde Park (PBC) Roadrunners TC, has established herself as one of the top nine year old distance runner in the East. Her credentials speak for themselves: undefeated in Roadrunner Club of NY 1975 one-mile series; Freeport one half mile champion; '75 Golden Shoe Mile Champ, voted outstanding female athlete of the meet; bi-centennial 3/4 mile Champ and "Tri-State" 1-mile Champion.

Hard work, a strong desire and good competitive sense have all contributed to Kim's success. /Submitted by Ed Quinlan/

● Congratulations to the Big B Track & Field Meet in New Britain, Connecticut for the state's outstanding high school men and women. A most complete program included all four Olympic weight events (even a hammer throw for the boys) and a full set of races at metric distances on the track, up to 3000 meters for girls and 5000 meters for the boys (including a 3000 meter Steeplechase). Now we'll wait for the rest of the nation to catch up.

● EDWARD GRANT, boys Junior Olympic Chairman for the New Jersey Association, publishes a very informative Newsletter called NEW JERSEY TRACK. It deals with track & field on all levels of competition in the NJ area. Write to him at: 39 Mill Pond Rd., New Providence NJ 07974.

YVETTE HYMAN of Fitch shows deep concentration, as she clears a hurdle on the way to a first place finish in the 100m hurdles of the Connecticut State HS Championships

● A small (Class C) School, St. Cecilia of
 Hastings, was the Grand Champion of the Neb-
 raska State Girls High School Meet. NANCY
 KINDIG led the winners (based on comparative
 times and distances of four divisions based
 on school size) with a fine long jump/hurdle
 double. Outstanding individual mark was
 SARA BAILEY's 134-4 discus throw.

DEB ARTER of Norfolk, half-mile champion at
 the Nebraska State HS championships, strides
 into tape with state record time of 2:20.1.
 JOANN OLSEN, Omaha Central sophomore, ran
 well enough to finish second.

MIAMI VALLEY "INVITATIONAL"

VERSAILLES, OH - May 17 - from Steve Price

Girls from seven states and Ontario, Canada
 were impressive in the age group field events,
 especially. Jumper/hurdler LINDA KARECKI, 13,
 from Illinois had one of the best triples ever
 in her specialties. CHERYL SEIFERT and LEIGH
 MANN, from the banks of Lake Erie had superb
 doubles in the younger divisions, as did MARY
 MACIEJCZYK, 12, from PA in the weights.

Canadians in the Youth Division and Penn-
 sylvanians in the Midgets predominated on the
 track, but nearly every event had at least one
 superior mark.

Missouri's All America City Relays have become one of the top meets of its kind in the heart of the nation. The fifth annual edition on May 10 drew teams from five states. Host SEMO Track Club's 13-unders ran a terrific 37.7 for the 70 yard shuttle low hurdle relay, an average of better than 9.5 per boy...each from a still start in this type of relay. Three teams averaged under 10.0!!

Caddo AC from Shreveport, LA, led by the superb performance of all-arounder CARL BELTON led a 13-under 8 pound shot team which averaged 41-9 for each of the three boys. The Royal Knights of St. Louis had all three boys within 3/4 of an inch of 17 feet in the long jump, while Mascoutah (IL) club had three over 5-2 in the high jump. Florissant, Missouri's ZURWELLER family won three individual distance races.
