FRESNO, May 9—Don Vick, sandy blond 235-pound science student from Chaffey High who has stated he will not follow his brother Jim to Stanford, today flipped the 12-pound shot 62 feet 4 1/8 inches as a highlight of the prep portion of the West Coast relays.

Vick's performance bettered the existing world scholastic record but was one day late, as far as Fresnans are concerned. On Friday at Riverside, in a Citrus Belt League meet, Vick pushed the big ball 62 feet 5 1/4 inches and while both the Fresno and the Riverside marks will be presented for records, the early one appears likely to be accepted.

The young husky, son of Chaffey's coach, is also a fine football player but has stated he will concentrate on shotputting in college. He is an excellent student and a senior who knows what he wants to do but won't tell all he knows. Obviously he is wanted everywhere but the young man has been mum on future plans. His brother Jim was a fine defensive tackle for Stanford.

San Franciscans had a small cheer when Clint Redus of Washington High galloped :14.9 for second spot in a high hurdle heat. It was the fastest set of sticks ever for a San Franciscan. The heat winner was Cecil Pearson of Stockton in :14.7 other heat winner was Tom Yates of East Bakersfield in :14.6, sensational time for prepsters.

John Mathis, Washington High's 5-foot 7-inch "over his head" high jumper, tied for first place at 6 feet 1/4 inch with Andy Slaughter of Compton. Mathis re-injured his back and was forced to scratch out of the event after clearing the same height as Slaughter. Later Slaughter won the toss and received the first place medal.

Washington's 880-relay team also ran into trouble when Tom Thieben pulled a muscle in the second lap and the quartet finished last.
