Fast Time Made On Tahoe Track

TOM FARRELL
New 600-meter mark

SOUTH LAKE TAHOE — (UPI) — Army Cpl. Tom Farrell clipped five-tenths of a second off the American 600-meter run record yesterday in an intra-squad meet of the U.S. Olympic Men's team at the Echo Summit high altitude training track.

Farrell was clocked in 1:16.5 to eclipse Jack Yerman's old mark of 1:17. The Forest Hills, N.Y., runner who still has two months to serve in the service, barely edged Ron Whitney whose 1:16.8 time also bettered Yerman's mark.

"I was just running to get my timing back at this altitude and get in shape," Farrell said after the run. "I felt kind of heavy all day and certainly didn't expect to run as fast as I did."

"There's still a long way to go to get ready for the trials and I certainly don't really want to peak too early."

Middle distance hopeful Dave Patrick of Villanova finished a disappointing fifth

in the 2,000 meter event as he was clocked in 5:32.4, 15.2 seconds behind Pat Traynor's winning effort of 5:17.2.

Observers said it appeared the 7,377 foot altitude — 28 feet higher than Mexico City where the Summer Games will be held — bothered Patrick.
