Pre Olympic Meet

Int. San Antonio College

INTERVIEWS--Page 1

RON WHITNEY

I can't say I'm really excited about my performance but I'll settle for a win anytime. I've been working hard up at Tahoe and the conditioning period is coming along fine. But this is my first full hurdle race since the L.A. meet so I'm happy to do 50.6. But I know it will take a lot more than ~~that~~ that to win the final trials.

ED CARUTHERS

I beat the same bunch I'll be up against in the final trials so that's good enough for me. I realize seven feet won't place at Tahoe, though. It will be at least 7ft. 2in. I don't think any of us could get psyched up for today's meet. We're all working up to a peak.

RONNIE RAY SMITH

I'm very happy with my finishing kick. I thought I would be a bit tired, having just returned from Europe. But I still had that kick. I just hope I can keep it. I tried a new start for the first time today, so that accounts for my slow start. I'm sure eventually it will come around and will help my over all race. On my 28-day trip to Europe I ran a total of 23 races.

## INTERVIEWS

Page 2

Capt. MEL PENDER --100 meters

Things went just right, exactly as I had hoped. Carlos moved up on me between 80 and 90 yards but I was able to hold him off. That's the gratifying part, because I've been working awfully hard on my finish. That is a lot of 150 and 200 yard runs, and keeping the arms higher than usual and also the knees.

###

TOM WHITE--High Hurdles

I'm really surprised to win. Believe it or not, I've had only two real workouts since the L.A. meet. Last Wednesday I went over five hurdles and jogged. I wanted to use that period as sort of a colling off before the big drive at Tahoe. I'll be going up there on the 17th.

I realize 13.7 isn't great time but I felt so good and strong that the actual time doesn't bother me one bit.

WAYNE COLLETT--440

I felt real good. I put on one real good drive in the stretch and could have held it longer if necessary. But I eased up near the end. I've been working pretty hard at UCLA but only for the past two weeks. I'll be going up to Tahoe on Monday.

RON FREEMAN--440

I'm pooped. It was hard work all the way but it's a real honor to beat a guy like Lee Evans. It's the first time in about eight tries this year. I really didn't think I could do it but my good lead in the stretch did it. I've been working hard back home in New Jersey and will go to Tahoe tomorrow.

###

JON VAUGHN--Pole Vault

This is a paradox but it's nothing new with me. I really didn't feel 'up' for today's meet. But I didn't feel real well before the first time I cleared 17ft indoors. But once the competition got under way today I suddenly felt great. I had a lot of good jumps, including one at 17-81. I still say any one of four U.S. vaulters can clear 18 feet on any given day now. I wouldn't be surprised if it happened before the year is out. I was vaulting with a new pole today. I've used it only since last Tuesday, so I was surprised to get the feel of it so soon. I'll be going up to Tahoe next Friday.

JIM HINES--220

This is the first real workout I've had since the L.A. Trials. I've worked out just a little, lightly, because of the injury in my thigh. Even today I played it safe. I ran hard off the blocks and off the curve but went into a glide down the stretch. I'll be going up to Tahoe next week. I think I can run 19.9 before the season ends.

JIM RYUN--mile

I feel fine about everything except that somebody swiped my shoes. But the race went fine. I did feel flat at the start and was concerned that the first two lap times were so slow. They felt faster. I felt heavy. I wasn't too concerned when Divine came up to me, I expected that. But I was still concerned about that last drive. I opened up with about 500 yards to go, and really let it all out with 300 yards left. I must admit I felt real good and strong coming down the stretch. But there is still a long way to go. Mostly, I need speed work now. That's what I will be working on when I get back up to Flagstaff next week. I'll be there two weeks, then go to Tahoe. My weight is back up to normal, about 165.

GEORGE YOUNG--5000

I had hoped to run faster but really there's nothing wrong with 13:38. I felt good all the way, strong and relaxed. I suppose I could have knocked off at least five seconds if I had started to take the lead with about three laps to go. But that's not the type of tactics you can do in Mexico City so there was no use in trying it here. Actually, I'm not sure which event I will try for in the final trials at Tahoe. I may even try for a double in the steeplechase and 500. But that's really tough.

# Ryun Runs 3:55.9 for Mile Triumph

## Shows No Trace of May Illness in Mt. Sac Race

BY PAUL ZIMMERMAN  
Times Sports Editor

Jim Ryun erased any doubt about his complete recovery from mononucleosis in the Olympic Development track and field meet at Mt. San Antonio College Saturday night.

Running his first big competitive race since being stricken last May, the world's finest middle distance racer turned on a 55.1 final quarter to win the mile in the excellent time of 3:55.9.

The Kansas Flyer, whose world record is 3:51.1, led the field from the start with one brief lapse in the second lap, and finished 15 yards ahead of Roscoe Divine of Oregon.

"I was a little heavy at the start, but I am very pleased with my performance," said the handsome Jayhawker. "I wasn't the least bit exhausted. What I needed now is some speed work."

Ryun's was not the only comeback performance that made United States Olympic coach Payton Jordan happy.

### Mills Wins

Billy Mills, Olympic 10,000 meter victor in 1964, ran away from the field at that distance in 28:43.6, the fastest by any American this year. The San Diego insurance salesman had missed the trials in Los Angeles because of a sore back.

George Young, who set American records in the two mile and steeplechase in June, fell only a little short of a third here when he was clocked in 13:38.8 for 5,000 meters.

The feature in the field events was the pole vaulting of Jon Vaughn of UCLA. Handicapped earlier in the season by a sore back, the Bruin cleared 17-5, the fifth best performance in the world.

The Bruin almost cleared 17-8½ on his third try for a world record, flicking the bar off with his arm.

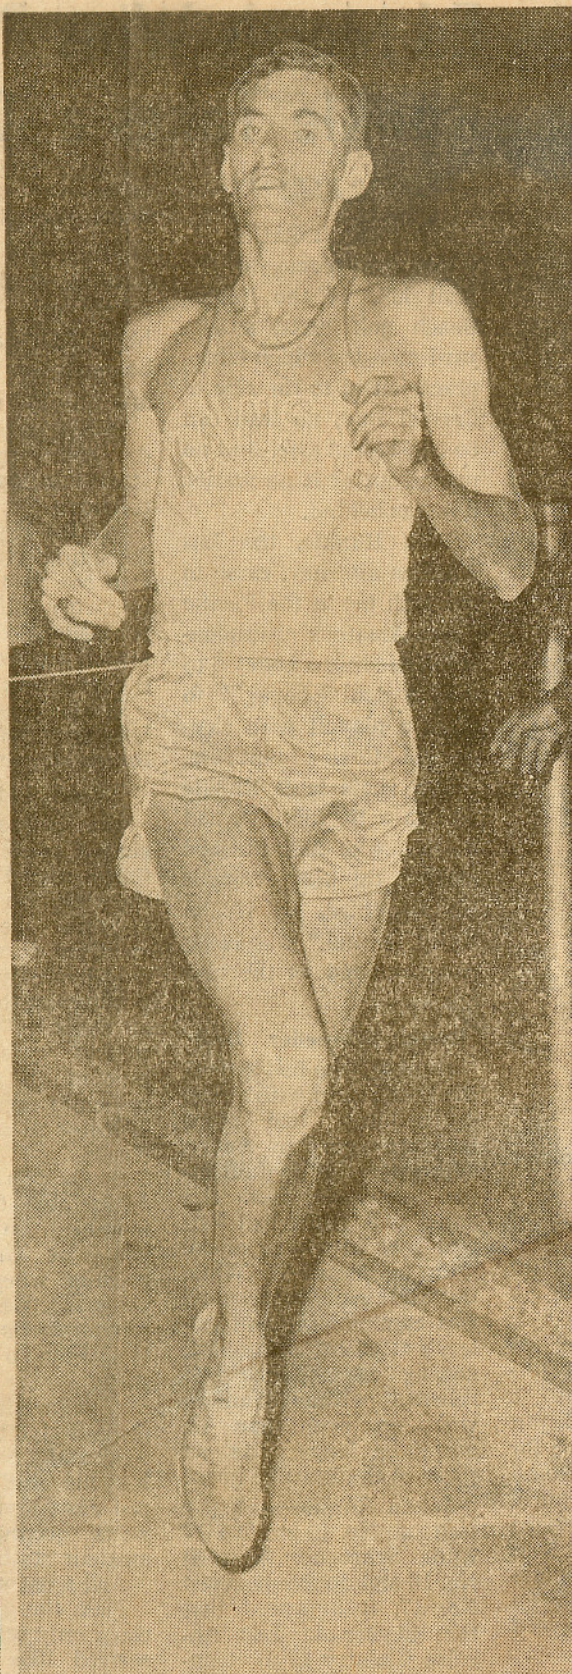

Ryun's pleasure with his performance in the mile and his clocking of 3:40.5 for 1,500 meters was dimmed by the fact that somebody stole his shoes and some prized pictures while he was unwinding after the race.

### Mt. Sac Mile

Continued from First Page

Lee Evans of San Jose State suffered his first defeat this season in the 400-meter dash when Ron Freeman of Arizona State got a big jump on him on the final turn and won in 45.7 seconds.

Randy Matson completely dominated the shot put field with a winning effort of 67-11 1/4 to beat out Dave Maggard by more than two feet. Neal Steinhauer, who has been out of action for more than a month with a bad back, indicated he is getting back into form with a mark of 62-0 1/4.

The attempt at the world's two-mile relay record fell flat when the team of Bob Zieminski, Roy Arrington, Dave Patrick and Ron Kutchinski representing the East beat a Western quartet in the time of 7:17.8.

Hopes for a new mark went out the window at the start when Zieminski, from Georgetown University, ran a slow 1:52.2 first 880. The world mark is 7:16, but West Germany has turned in a 7:14.6 this year.

Frank Covelli, America's best man, had complete mastery of the javelin field. His winning toss of 270-6 was 20 feet better than the top effort of Gary Stenlund.

800 METERS—1. Jere Van Dyke (Oregon), 1:49.0; 2. Earl Goldman (Arkansas AM&N), 1:49.1; 3. Dave Perry (PCC), 1:49.2; 4. Larry Kelly (Tennessee), 1:51.4; only entrants.
