Prep Panorama

by Fran Errota

All those well meaning persons sending materials to this reporter should take into consideration the deadlines instead of having in mind only the date on which the issue is in the mail. All personnel on Track & Field News and related publications appreciate the work of all the correspondents and especially those of you who take the time to send us clippings, write letters etc., but it seems too many expect miracles. Deadlines must be met a week before publication dates, meaning all copy must be in the hands of those putting together the publication at headquarters in Los Altos. One must think of the time it takes to prepare the copy and also that time it takes to reach headquarters. The mails are not always the most reliable where time is concerned and that factor should also be considered although in our case it is not offered as an excuse as we are without driving distance. We are often asked why certain materials did not get into print in the previous issue. More often than not it was because the materials arrived the day of publication, or as so often is the case, a day after. We do not wish to discourage anyone from sending reports, they are most welcome, we only wish to point out the problems we face when those clippings and reports reach us so close to deadline, or in many instances, after our deadline.

Tennessee has more than Darwin Bond (Dobyns-Bennett of Kingsport) to offer. Darwin featured the Tennessee State meet in Knoxville with a blistering 46.9 for the 440, but he fell victim to Clifton Taylor (Memphis Southside) in the 800, both doing 9.7 but Taylor gaining the decision. Clifton also took the 220 in 21.6 and anchored the 880 relay team to victory in 1:28.2. The Southside 440 relay unit won without him in 42.5 and won the team title with 48 points to 45 for and his mates. . . Some dandy races are shaping up on the eastern seaboard, not there, perhaps at the Golden West Invitational June 20 in Sacramento. Joe Savage (Roselle Catholic, NJ) is on the verge of dipping under 1:50 in the half mowing his 1:50.2 on May 23. Let us hope Bob Wheeler (Dulaney, Timonium, Md) and others go against each other at least once in the 880 and also the mile. . . as Nagy (Niles, Ohio), 4:10.0 and 9:01.2 runner, has already received an invite to the GWI. Ohio may have others in Bill Beaty (Lancaster) 4:10.5 and 9:03.0; Earl (The Whirl) Richardson (Dayton Dunbar) 47.1 and Jeff (Still Another) Linta (Mansfield Malabar) 15'4". The GWI has established a set of minimum marks for invitation, but meeting or surpassing them does not assure an invitation. The standards are 9.6, 21.5t, 47.5, 1:53.0, 4:15.0, 9:12.0, 14.0, 8.3, 39.5 (330 IH), 6'8", 14'9", 24'0", 47'0", 63'0", 175'0", and 200'0". One low hurdler, Milton Turner (Castlemont, Oakland, Calif), has met the 3.3 standard and it may be he'll be the only one as that is not far off the national standard of 18.1. . . Mt. Vernon, N.Y. boasts one of the finest hurdles prospects in Fred Singleton who appears to run fast enough to win. His 13.8 and 14.4 clockings May 23 in the Eddy Memorial in Schenectady came on a windless day on an all-weather track.

Louisiana has come up with its two best-ever shot putters in Steve Meyer (Bossier, New Orleans) at 63'5" and Ken Addy (Lee, Baton Rouge) at 63'1"3". The previous best was by Terry Esthay (Lake Charles) at 61'4"2" in 1963. Addy lost to Meyer in the state finals, 60'9" to 61'2"3", but won the discus with a fine toss of 181'10" second in Bayou State annals behind Mark Lumpkin (Lake Charles) 90'7" in 1966. . . In Louisiana's Class B meet at Bossier City, a world record of

sorts was very nearly claimed in the pole vault. Justin Brunet (Chauvin-St Joseph) had broken a bone in one of his feet while at home after he had qualified for the State meet. All of the vaulters went out at 12'6" and Justin took his pole and went to the runway with full intentions actually jumping (with a big cast on his foot, of course). He tried to hobble down the runway but, alas, he could not get up enough speed for a "lift-off." He was a very sad-hearted young man. . . Kevin Reabe (Waterford-Kettering, Drayton Plains, Mich), one of the nations top half-milers at 1:52.3 a year ago, has been just as impressive in the mile this trip. He leads his state in both at 1:51.7 and 4:11.1 breezings.

Los Altos High School Top Producer

Los Altos is the home of Track & Field News and also a high school with a remarkable tradition in the sport.

Many outstanding athletes, particularly weightmen and middle distance runners, have come out of the school that has won 12 of the past 13 league (Santa Clara Valley Athletic League) championships and has won all but three dual meets during that stretch.

Los Altos has also come with two national record holders in the discus including Chris Adams whose 201'0" toss will apparently be recognized as the standard now that George Amundson's 211'4" throw of last year has been ruled to have been thrown on a sloping surface. Adams has taken the record away from Kelvin Korver (Irving, Tex), whose 197'3" toss in 1967 had bettered the 195'4" national standard by Bob Stoecker of Los Altos who competed in 1962.

Adams, however, is just one of two super stars on the present team. Rick Brown is the other, and just as Adams rates as the best in a long line of top weightmen developed at the school, Brown is the best of a long line of top half-milers to represent Los Altos.

Brown, in fact, turned in the best 440-880 double in prep annals in his league finals May 15 when he clocked 1:51.7 and 47.3. He topped off his evening with an anchor leg on the mile relay of about 47.0. His team did 3:17.2 without Jim Andrew, a 48.4 runner. Brown had earlier long jumped 21'9"3" for third place. The following week he lowered his best in the quarter to 47.2.

Going into their Section finals, Adams had bests of 201'0" and 62'9"3" in the weights and Brown had the 1:51.7 and 47.2 clockings and the pair gave Los Altos high hopes of annexing the California State crown at Berkeley, June 5 and 6.

It was not certain that Brown would attempt the difficult 440-880 double, but if he drops out of the latter the mile relay team (whose 3:17.2 was a state best at presstime) figured to qualify.

Besides the Adams & Brown combine, Los Altos also had Larry Davis (1:53.3n and 47.7r) and Andrew (48.4) who figured to make the finals. Bob Thompson probably will join Brown, Davis and Andrew on the mile relay unit.

All this talent follows national class competitors developed by coaches Leo Long, Floyd Strain, Dave Maggard and Del Dequene.

Long returned to Los Altos this year where he has a team with its best chance to win its first state crown. Himself a great javelin thrower during his collegiate days at Stanford, Long has had unusual success through his positive approach. Among the top weightmen to represent Los Altos have been Stoecker, Max Leetzow, Randy Schneider, Dave Zagar, Ed Forrest, Chuck Smart, Steve Davis, and now Adams. Middle distance toppers before Brown and Davis included Robin Ruble, Dave Boore, Dale Bennett and Paul Graham along with 440-sprint type runners Bill Chapman and Brad Lyman.

Prep Round-up

by
Jack Shepard

New national records in 1970 in the triple jump and 440 relay seemed strong probabilities after the 1969 performances of Dave Tucker and the all-junior team from Lincoln High of Dallas. Despite a year's advanced warning, fans still regarded the new bests by both as shockers.

Tucker, a junior from San Joaquin Memorial in Fresno, Calif., wrapped up T&FN's Prep Athlete of the Year honors with a nifty 52'6½" triple jump --which bettered the old mark by over 10 inches and made him the only prep ever to jump beyond 52-feet. That might have sufficed to annex the top athlete honor for the 6'1", 182-lb. jumping-jack but he iced the cake at the national AAU meet with a fourth-place leap of 51'1". And, remember, he still has his senior year left.

Lincoln's 40.7 in 1969 (another national mark of course) was the only prep time ever under 41.0. But the unit's 40.2 borders on the incredible. However, it shouldn't be that surprising--especially when you recall that the team of John Delley, Rufus Shaw and the Pouncy twins Gene and Joe has run together for three years, that Gene led the nation's prep 100-yard men in 1970 with 9.4 and won the Texas state title and that Joe took the Texas state 220 and had a best of 21.2. As if that 40.2 wasn't enough. Bennie Medlock stepped in for Delley and this foursome rocketed to a 3:12.2 mile relay--third-fastest ever among preps--the same afternoon.

Two of the nation's most outstanding preps paced Los Altos High to the California state title with record-smashing efforts. Chris Adams spun the prep discus 201'3" to add three-inches to his own national best (George Amundson's 211'4" of 1969 was found to have landed on a sloping field). Talented Rick Brown locked up T&FN's Prep Runner of the Year honors with, among other things, a 47.8-1:50.6 440-880 double at the California state meet --the first ever achieved in that meet. He capped a sterling day off with a 46.5 anchor leg on his 3:15.6 mile relay team. And that double victory came within 65 minutes. Such superior double efforts became Brown's trademark during the season; probably his finest a 24-minute effort of 1:50.7-47.1.

The two remaining national records both came in the summer. Alvin Jackson turned in what was rated as the outstanding prep performance of the season with a 16-lb. hammer toss of 180'0"--a prep record by 6'1", a sophomore class record, an international age-15 mark and well ahead of the junior class and global age-16 bests. Plus Jackson also produced age-15 and soph class bests with the international discus of 142'0". Not bad throwing for the black 6'2", 200-lber. from Classical High in Providence, R.I. Distanceman Pat Mander (Morton East, Cicero, Ill) claimed the final mark as he toured 3000-meters in 8:33.0 while visiting West Germany.

Probably the most spectacular record of all, though, will never get into the books because of a technicality. Jesse Stuart (Glasgow, Ky) upped the indoor shot record by over four-feet to 71'11" but turned 19 and ineligible in March. Reduced to exhibition appearances, he still popped a sensational 73'11½" in April--a hefty 1'8½" over the prep record.

Up and down the line in 1970, there was excitement in all events but the distances from the 880 to two-mile produced a good deal of the fireworks. Easterners Tony Colon (Power, NYC) and Joe Savage (Catholic, Roselle, NJ) clashed numerous times and each finished the year a national leader, Colon

with his 4:06.0 mile and Savage with a 1:50.2 half-mile. Another versatile easterner was Bob Wheeler (Dulaney, Lutherville-Timonium, Md) who clocked 1:50.6 and 4:06.6--after a record 1:10.7 600 indoors. Kevin Reabe (Waterford-Kettering, Drayton Plains, Mich) took Savage's measure at the Golden West, however, for a 1:50.6 victory, while Colon had to come up with his 4:06.0 to top surprising Kurt Mench (Castle, Kaneohe, Hawaii) by three-tenths.

Pacing the two-milers was Mike Keogh (Essex Catholic, Newark, NJ) who copped the Golden West with a brilliant 8:54.0. His heir-apparent for 1971 should be David Merrick (Lincoln-Way, New Lenox, Ill) who clocked 8:56.6 (plus a 4:10.9). Quickest Californian was Ron Johnson (West, Torrance) who took the state title with a swift 8:55.6. The longer distances saw numerous age and class marks fall--often by freshmen and sophomores. Sophs Mike Butynes (Sterling, Somerdale, NJ) and Mike Gilleran (Seaholm, Birmingham, Mich) claimed class marks--Butynes a 14:20.0 three-mile and Gilleran a 15:15.2 5000-meters. Darrell Hatfield (Rancho Alamitos, Garden Grove, Calif) turned in frosh marks of 32:28.6 for six-miles, 33:38.6 for 10,000-meters and 10 miles, 1440 yards for an hour, while 14-year-old frosh John Weston (Edison, Fountain Valley, Calif) claimed age marks for 5000-meters (16:50.0), 10,000-meters (35:24.0) and age and class marks for the steeplechase (10:16.2). Edward Camacho (Meller Jr, Pico Rivera, Calif) is the new age-14 one-hour claimant (10m, 797y). Just as impressive was 14-year-old frosh Craig Virgin (Lebanon, Ill) with his 19-second reduction of the two-mile mark to 9:32.0.

In addition to the Pouncys, Florida's Ray Robinson (Lakeland) was a sprint stand-out with four 9.5s and two 21.1s before windy Golden West wins of 9.2 and 20.7. A great triple threat was Darwin Bond (Dobyns-Bennett, Kingsport, Tenn) who scooted 9.5 and nation-leading marks of 21.1 and 46.9. Tops among hurdlers was Fred Singleton (Mt Vernon, NY) who won everything in sight, topped by windy GWI triumphs of 13.4 and 18.3t. Randy Lightfoot (Plainview, Tex) bears watching in 1971 off his 13.5 of 1970, the year's fastest and just a tenth off the national mark. Other barrier barons were Milt Turner (Castlemont, Oakland, Calif) at 13.7 and 18.3 and Gary West (Permian, Odessa, Tex) with 13.6, 18.7st and 37.2. Kevin Bligh (Herricks, New Hyde Park, NY) topped the long hurdles with 37.1 and 53.9 while the soph 330 barrier mark fell to the 38.3 of Allen Misher (Lincoln, Houston).

Field eventers also clamored for recognition--and rightfully so. Jerry Culp (Oceanside, Calif) cleared seven-feet three times in the high jump and twice topped 7'¼". Class bests went to soph Dennis DeLoach (Irvin, El Paso, Tex) at 6'10" and Raymond Guice (McLoughlin Jr, Pasco, Wash) at 6'6". In all, 41 jumpers cleared 6'8" during the year. Multi-talented Gene White (Bristol, Pa) exerted himself impressively in three events and produced quality marks of 25'0" (25'4¼"w), 6'9" and 49'1½" (50'½"w). In the triple jump, Tucker won't be able to rest easy with his main rival of 1970 returning. Randy Williams (Edison, Fresno) traveled 50'11¼" last year plus 25'0" in the long jump.

Another explosive duel shapes up in the javelin between Craig Stiles (Malta, Mont) and Richard George (Millard, Fillmore, Utah). Stiles finally annexed the junior class record last season with 244'10" while George reached 241'1". In the hammer, Alvin Jackson's home of Providence, R.I., produced another record setter in Anthony Strackaluse (Deaf School) who collected the frosh best with a 182'4" heave.

So, like last year, there was plenty of warning in 1970 that 1971 could produce some truly fantastic prep performances. And no telling what other surprises are in store from athletes you may not have even heard of in 1970.
