Silvester Sails Discus 220-4 in Season's Bow

BY SHAV GLICK

Times Staff Writer

Nobody enjoys a wind at a track meet except a discus thrower.

While a biting cold 25 m.p.h. breeze was all but ruining the 13th annual Mt. San Antonio Relays for most of the athletes and 8,650 fans, it proved a boon to world record holder Jay Silvester and the rest of an outstanding discus cast.

Silvester, competing in his first meet this season, uncorked a line drive throw which was carried along on a quartering wind for 220 feet, 4 inches. It would have gone even farther had it not smacked into a white wooded barricade protecting the runners.

Not 'Ready' Yet

Silvester's discus hit the barrier about eight inches above the ground, leaving a gouge a half-inch deep. Discus officials estimated it may have cut six inches from his throw.

"It's a shame these conditions (the 25 m.p.h. wind) came so early in the year, because I have some refining to do on my technique," said the 33-year-old Brigham Young physical education instructor. "I don't really feel confident in the ring yet, and as a result I didn't throw today what I think I can throw when I'm ready."

"It was a good wind, though, and it was coming from the right direction." Five other throwers also surpassed 200 feet in the ideal—for the discus only—conditions.

Kvalheim Runs 13:52

Although Silvester's throw was short of his own world record of 224-5 made three years ago in Reno, it shattered Al Oerter's meet mark of 206-6 made in 1964. At that time, Oerter's mark was the world record.

Silvester and Norwegian distance runner Arne Kvalheim were selected as athletes of the meet. It was the second such honor for Silvester, who was named in 1965 when he scored a weight double of 62-2 1/2 in the shot and 202-11 in the discus.

Considering the weather, Kvalheim's 13-minute, 52-second victory in the 5,000-meter run may have been the day's finest performance. Despite bucking a bitter backstretch wind for 12 laps) the former University of Oregon star missed Tracy Smith's record by only .02 seconds.

Conrad Nightingale and Bob Price and then came back to win the mile in 4:10.9.

White, a physical education administrator at Valley State, upset Olympic champion Willie Davenport in a wind-blown 13.5 high hurdle race which was the fastest ever run here. Another fine mark which won't make the record book because of excessive winds was a 26-8 long jump by NCAA champion Arne Robinson of San Diego State.

'Duel' Fizzles

George Young, running in his first race since the San Diego indoor games in February, led all the way in the 5,000 until Kvalheim burst past him in the final lap.

The heralded 100-yard duel between two-time Olympian Mel Pender and Madagascar's Jean-Louis Ravelomanantsoa proved a flop when Pender was disqualified after two false starts and Jean-Louis failed to show up.

Former Occidental sprinter Chuck Smith won in 9.3, although he was pushed along by a wind of 17 m.p.h. at the time. His 9.3 was equaled in another heat by Don Quarrie, the ineligible USC sprinter who won the British Commonwealth Games while running for Jamaica last year.

Five meet records were set, in addition to Silvester's discus throw. They were George Frenn's 227-9 in the hammer, Debbie Brill's 5-10 1/4 in the women's high jump, Ron Laird's 44:58.4 in the 10,000 meter walk, Tom Dooley's 21:53.8 in the 5,000-meter walk and a 57.3 shuttle hurdle relay by the Striders' foursome of Tom Dutton, Gary Powers, Erv Hall and Tommie Lee White.

John Mason of Long Beach's Pacific Coast Club finished third in the 3,000-meter steeplechase behind

Dick

Notes on Mt SAC H.I. - Windy
gusts 20 m/ph - generally 7-10
against x bar. Held on but
almost all clearances clean. (of others)
I was given 2 jumps that came
off when they let go - I didn't
feel I touched them but others didn't
get same break. Allen seemed
to have made 7 but didn't get
it. colder than hell. bar
at 7'1/4 - moved to 7'1" for
culp. Brown passed his last
jump at 7 and made 7'1" but
~~at~~ culp had no misses. I made
7 on 2nd 15 by an 151 Allan?
I had good last jump at 7'1/4.
Under these conditions I felt
I really gained a lot. I am
more confident than ever. I
still think luck played a large
part in this meet. It went
more than a little in my direction
and I don't think the officials should
have been given ~~them~~ ~~the~~ both
those jumps - but anyway
I think it may be a good
experience for me. For the
first time I have nearly made
7'1" on 3rd jump in bad
conditions against good people.

John

Let Barry see this.

MT SAC RELAYS

These are amendments only to material
Hendershott brought back from meet.

JS

Friday (April 23)- I gave Hendershott an extra sheet of paper with Friday information as to wind, splits, etc.

Saturday (April 24). events not in order (Sorry!, but time of essence for me this weekend): *ITS list on Monday you know!*

- 10,000m- 5. Tim Tubb (~~xxxxxx~~ ^{Fullerton St} not Young as listed) 30:14.2 *This was officially corrected but not on sums*
6. Brock (?) 30:14.2 (official time). He wasn't that close and I timed him in 30:15.2 (he was 3-5 yards back).
7. Hughes (Striders) 30:24.8- I didn't get this one but Ray said that was what he was timed in (I knew he was there but lost him in
8. ??? 30:50.5 - *a runner in red* a crowd of lapped runners)

DT- sorry that I dddn't write down Sylvester's series but Dwayne Esper's crew had Paul Barthel getting an estimate on every throw of every man. I think one of Sylvester's fouls was at 224 feet. Absolutely the greatest discus competition of all time. *NO*

10,000 (again). A pack of 7 all the way with lead changing continuously between Bednarski, Tubb, Brock, Hughes and Moore. *Bednarski primary leader*
Ryan didn't move up into strong contention until somewhere in last 2-3 laps.

no good splits on any relay races due to strong wind. *all over 47*

3:11.9 for PCC had splits of 48.2, 47.6, 47.9, 48.2 in order listed on sheet.

10,000- Ryan's 6-mile 29:20.4 (sorry I couldn't get the other three who were within a second or two at 6-miles. Bednarski had a 14:35.6 at 3-miles.

120HH- probably only other time which might have been under 14.0 would be Gary Powers but I don't know what he ran or if he actually placed 6th.

5000m- 5. Rick Riley 14:12.8; 6. Pete Duffy (Nevada-Reno) 14:23.0; 7. Lawson (PCC) 14:38.0. 3-miles: Kvalheim 13:29.0 with Young about 7-8 yards back. Young ran 4:26.6, 9:02.6 and led all but parts of two laps (when Kval led at $2\frac{1}{4}$ miles and 3 miles. Sliney 9:02.6 and Kvalheim at 9:02.8. Till Kval went by Young at $2\frac{1}{4}$ " the race was Sliney a yard back of Young and Kval another yard back *in tandem*

100- Stan Whitley and Mel Pender both went out on 2 false starts in race won by Chuck Smith. Jean-Louis didn't run as scheduled.
Harold Porter is ineligible from at USL in Louisiana

PV- Seagren made 17'0" twice. First time he jiggled bar and boys apparently held it on. They were holding it against wind and forgot to let it go.

3000m SC- 5. 9:08.5 Jeff Matthews (USIU); 6. Fullerton St runner in 9:15.2.

NOTE: I didn't see wind readings on LJ, 100, HH, etc but suspect everything was windy.

440Rly- Kemp made the race for the Striders as he passed about 3 teams on 3rd leg

440IH- You just must publish the mark for Jon in the 440IH. I didn't time him unfortunately.

All 880 legs in 2-mile and sprint medley's were over 1:54

Stan Eales has a leg *(behind his windy 25'8")* jump for *25'1.2*
Booney Moore from UCLA meet which Weno's might not have gotten. He said he would send it.

Open 4407H, 1. King (S. Diego st) 52.0; 2. Ron
Classen (Birk) 54.1; 3. Jan Gaskill (SJS)
54.2; 4. Watson (Ariz) 54.2; 5.
Lanchoy (Mex) 55.3; 6 (USAP)
; 7. JH 58.4

5000walk, Dooley (Athens) 21:53.8; 2. Laird (NYAC) 22:17.8;
3. Tyrer (unat) 23:11.2; 4. Ray Packer (Strid) 23:15.2;
5. John Kelly (Strid) nt

dt
powell wearing striped suspenders like meriwether did;
196, 202, 207 to lead first flite; silvester's first
warm-up about 210; sil. third throw of prelims hit
white board about 20 feet long and 12 inches high put up
to stop disc from hitting then skidding onto track,
hit on fly and disc dropped from point where dropped
throw measured 220-4; sil had 221-foot foul; 11 over
190 and all entered finals;
silv. over 200 on all six; prob. greatest disc comp ever
silvester--when hit a throw like 220, then really beat ~~him~~
down to do again?--fouled first throw, second I was real
close on inside of ring (tilted foot over and stood on side
as would if against discus rim), anyway when you throw one
like that it is surprising, particularly today because I
didn't feel precise, strong, powerful, brutal; i just
banged around there and let one go; on my last throw I
felt powerful and smooth and it wasn't near as long as
the others and I thought I had put something on it; no
the 220-footer was just a nice, loose, relaxed throw;
(what think it would have been w/o wind?) that's a fair q
questions, I think it would have been probably around 207;
sure a big wind is important in long throws, there's no
reason to hide the fact; i'm just happy i happened to
throw farther than anyone else; I haven't thrown the shot
this year because the shot takes a little bit different
kind of training; well Bruch has thrown about 65 and
I would like to double and beat him some day; sure
he's a threat to my record, in fact, he probably broke it
today but i really don't have the time to work at it;

lead down final back but ryan sneaked through on inside and
and sprinted final turn to win from moore;

10,000--see-sawed back and forth for much of race between
moore, bednarski, lough, tubb and hughes before phil ryan
moved up to lead past six in 29:20; moore sprinted into
mile--mason came back from steeple to win; very slow, non
descript field

880relay--striders behind until third leg when kemp blazed
around turn to give quarrie good lead for win

inv hh

hall led early but white came on mid-way to nip
davenport and carty

440R

RR Smith to Mike Fray, Pender for Army, Kuller for 2nd striders; Quarrie big turn for strid to miller who held off hard-charging earl harris

SpMedR

Fleix Johnson 880 anchor, Lee Marhsall for SJS, Dave Matina for USAF; ran three abreast down final backstretch; into final turn, Matina and Johnson sprint away from Marshall, do battle alone; head into stretch and wind really working with arms pumping; Johnson's head rolling with effort; Johnson just edged Matina by stride at tape

crowd spotty, est at 8650

steeple

large steeple field; Mason led after first lap with Price 2nd, Clark 3rd; Price led at 2 with Mason, Clark Walczak with Nightingale in 6th; 3rd water, Clark assumed lead with Price, Masen; 4 laps, clark, mason, night, 5 to price, 5 to jeff mathews (USIU); 4:20 for 4 laps; mason always right close, night 4 to 5 back; end of 5 clark, mason, night, price; 5:49.5; 2 laps left, Cl Clark, mason, night, with price up nearly even with clark; 7:02.1; night took lead just before gun, 5 yds, price moved to 2nd going into turn, mason, clark; night pushed into back, price after him; price went right after, looked behind to spot price as headed for final water; night took, with price coming at end for 2nd, clark led mason over final hurdle but mason speed just nipped clark at wire

inv 440

Evans ran hard down back w/ wind, then held off Van Hof's late rush in stretch to win with hugh brown 3rd

dec

jeff bennett when asked if size hampered him: Man it;s killin me, i've gained ^{over 10-15 lbs} ~~some weight~~ to about 150 (which would put him at about 140 last year); commented going from kans to drake in four days last year was real easy, but at drake incurred slight muscle leg strain which he flet hampered rest of year

✓ 21

robinson hit 26-8 and stands erupted in front of pit; S Diego St team sitting right in front; Coleman commented to big guys like he or Henry Jackson big winds tend more to drop them than to aid them; up in ~~zone~~

2
✓ air and get boost off board but once in air tend to drop quicker than the slighter jumpers; arnie robinson said opposite, said he was ~~xxx~~ really carried further; had to charge board harder and move steps back some and really bomb into board; said very good to get 26, even if windy since he had been after it for good number of years

open 100--sec 1

sev. false starts; when away, quarrie lagged early with harris and r.r. smith battling with quarrie closed well for win--9.3, harris 9.5, smith 9.5

pv
seagren cleared 17-feet 2nd try but wind blew off for 2nd time so judges gave him credit for vault

inv 100

~~xxxxxxxx~~ ravelo not there
pender disq. for 2 false starts; lawson led early but smith closed very fast very late to edge out, arms cart-
~~xxxx~~ wheeling as crossed

5000

young, kvalheim, riley, lawson, savage, sliney
young went right into lead of 5000; 65.6, with Kval, Sliney and harrison all close; riley wearing red Soviet jersey; 2;12.0 for 880 for young, sliney, kval and harrison, riley, lawson; 3;19.0 1320; duffy, tocheri also up early; 4;26.6; 5;35.8; others seemed sitting on young on inside and sliney on his shoulder who formed wind-break; 6;44.6; 7;53.2; 9;02.5; young and sliney, kval and harrison two abreast mevg j 10;11.6; four broke away from riley and duffy; 12;27.0 young, kval broke away at gun, 10 yds on harrison and sliney; into backstretch with wind behind, kval made ~~xx~~ move; young looked at kval and battled for few strides before easing off; kval really steamed into stretch for comfortable win, hands up, young 2nd, harrison 3rd sliney 4th, riley 5th, duffy 6th; backus just about knocked over by discus; had to jump in air as disc ricocheted off grass
sev. runners had to dodge disci

silvester--i;m not motivated by it as much"--big throw
 on third of prelims and he was awarded field athlete of
 meet; kvalheim track athlete

megan

ran into geo. young in the lounge of ontario airport
 having beer; thought wind affected in 5000; he and
 sliney set pace all way, created wall for kvalheim and
 harrison to follow; young knew this kind of strat.
 might lead to sprint duel in last 250 or so because he
 fled since Kerry Pearce was not here for some unexplained
 reason, someboyd would have to take pace-making chores;
 first outdoor meet of year and hoping for more; doesn;t
 want small number of meets under belt before AAU in Eugen
 where will have to face Pre on home track

JAY SILVESTER - DISCUS (Spanish Fork, Utah)

(When asked how the winds today compare to the wind in Utah when he threw an unofficial 242 feet) it was blowing about 50 MPH that day, and there was a little rain and even some snow on the ground. This wind today is only about 25 MPH, but it's a good wind and coming from the right direction. It's just a shame that these conditions came so early because I've still got some refining to do on my technique. I Don't really feel confident in the ring yet, and as a result I didn't throw today what I think I can throw when I'm ready. They just weren't quite accurate and there are little things, like I wasn't pulling around enough and getting it high. It was kind of erratic--I'm not really sharp. I'm a little stronger than I've evdr been. Surprisingly, since I'M age 33. I'm getting xxx stronger lifting weights. Last week Ricky Bruch threw a legal 218 and that's a good throw. I'm glad to be axxthrowing at that stage today. I plan to go to Europe in June to compete on my own. It will be like a 2 month vacation, and I'm taking my family. This is not with the AAU. I'll next compete at the West Coast Relays.

MT SAC

FRED LUKE -- JAVELIN WINNER (Husky Spike Club, Hometown, Seattle, Wash.)

"In the first flight I was warming up and feeling pretty good, and then we had to wait for the second flight. And by the time we got to the finals it got too cold and I just ran out of steam. I don't think the wind affected it (the throwing), too much. I did quite poorly against Skinner and Covelli last year in the AAU (did not make the top 15). It's rewarding to come back this year and beat them....I graduated from Washington in '68. Best throw last year was 264. I've been working real hard this winter, on weights and throwing an iron ball, a 3 lb. ball. Coach Shannon (Ken Shannon, Wash.) has been helping me also.

WES WILLIAMS -- 440 YD INTERMEDIATE HURDLES

"I was relieved not to see Lee (Evans) out there today, to tell you the truth. I thought I would have to run on the outside lane and run blind, but at least I got lane 6 although I was still out in front of some of them. All of my coaching is done by myself, and I just practice when I can. I'm an assistant coach at Patrick Henry High (San Diego) and I don't usually get to work out until 7 or 8 at night. My best time this year is 50.5. I'm pleased with today's time considering it's cold and the wind. I've never ran good in cold weather. I have a tendency ~~xxxxxxx~~ to tie up when it's cold. I'll be looking forward to meet-Lee in the Kennedy Games. Right now it looks like Ralph Mann is the leading US contender for Munich.

LEE EVANS -- 440 INVITATIONAL

"Coming into the home stretch the wind was blowing pretty hard. It held the time down. ~~E~~ It helped out on the ~~xxx~~ back stretch. I'd rather have no wind than have help on the back stretch. It's hard coming into that wind at the finish when you're tired. I run better when it's warm. (As to why he scratched from the hurdles) I just didn't feel like doubling up today. I'm going to be running the 440 and the 220 in the Kennedy Games. I probably won't run too many hurdle races this year.

MT SAC

RANDY MATSON -- SHOTPUT

(Matson's winning throw came on his third toss)

I was a little disappointed today. I had hoped to throw 68 or 69. It was a little cold today, but I've thrown in colder weather. It was not that much of a factor. If you're really ready, mentally ready, it (the wind and the cold) shouldn't really affect you...I had hoped to be a little further along in my training at this point. I don't really know why. I guess it's just a matter of time. Probably ~~xx~~ I'll compete next at Houston in two or three weeks.

DEBBIE BRILL -- WOMEN'S HIGH JUMP

(Bettered meet record)

I wasn't really hoping for any particular height. It's my first outdoor meet. I haven't even been practicing much. We just finished with ~~exams~~ at school (She's a senior in high school), and then I had measles over Easter. I'm quite out of shape right now. I just turned 18 in March. I am hoping to go to the University of British Columbia in September.

TOMMIE LEE WHITE -- INV. HIGH HURDLES

I feel pretty good beating some of the 'names' today. But the adverse conditions, such as the wind, kind of inhibits good hurdling. The fall~~ae~~ starts hurt a bit, getting in and out of the blocks when it's cold. I graduated from Yankton College in 1966. Then I got a Masters Degree from the University of South Dakota. Presently I'm a professor of physical education at San Fernando Valley State College. (when asked how he thought his students would rate his performance today, he said) They'd probably give me a B today. My best time in the 120 hurdles is 13.4. I'm 26 years old.
