Carlmont Bids for CCS

5-27

SAN JOSE — Up to 10 individual SPAL athletes appear to have at least an even chance to become part of perhaps the biggest thing to ever hit Oroville, Calif.

That's where the top three finishers in each event of today's Central Coast Section track and field finals at San Jose City College will be headed next Friday for the state

high school championships.

Some 21 SPAL individuals begin trials today at San Jose at 10:30 a.m. That field may be cut in nearly half by the time the 7 p.m. finals begin, but at least eight and maybe 10 SPAL competitors could survive the finals.

And Carlmont High has a fair chance to win the prestigious team title of the CCS, a region of 11 leagues and nearly 100 schools, in tight competition with Mount Pleasant, Silver Creek and Los Altos.

Carlmont junior miler Steve Miller, senior two-miler Carl Cattarin and senior pole vaulters Paul Dempster, Chris Willett and Jim Katches are among the top state meet hopefuls.

Palo Alto hurdler Carl Florant, Woodside 440 ace Lamonte Wiley, Gunn miler Steve Crowley, San Carlos miler Ken White and Menlo-

Atherton hurdler Jim Watts are also in good contention.

Miller, who has the SPAL record of 4:13.7, will gun for the CCS mark of 4:09.5 by Wilcox' Mike Ryan (1965) as the mile favorite, but Crowley may sneak in for second and White, who runs his best at night, may surprise.

Cattarin (9:28.8) probably isn't a major threat to Mt. Pleasant's amazing Steve Brooks (9:08.0), but has a

good chance for third or so if he really turns on.

Dempster, the current Scots' other SPAL record holder at 14-6 $\frac{3}{4}$ in the pole vault, has a shot at both CCS honors and a repeat trip to the state meet. Teammates Willett and Katches have cleared 14-0, which could also win them a state spot, particularly if they don't miss much on the way up.

Florant has the section's top high hurdles (14.2), and won't

go in the lows unless he missed out in the highs.

Wiley hit 49.9 in the SPAL finals; he has the potential for CCS prominence. Watts' hurdles best is 14.9, but the 6-6 all-around Bear great has been known to come through against the best.

The rest of the SPAL field probably will need life best to place.

It includes Cubberley's Tom Morgan in the 100 and 220,

Sequoia's Marlon Murphy (100), Woodside's Neil Barker (220), Carlmont's Bruce Sayre and Sequoia's Pat Purcell (880), Carlmont's Russ Black and Ed Barney and Gunn's John Huggins (two-mile), Woodside's Jim Orr (high jump), Carlmont's Paul Brando and San Carlos' Jeff Vetrovec (shot put), Ravenswood's 440 relay team and Gunn's mile baton squad.

St. Francis' Mike Kasser of

Redwood City, only a sophomore, has a 1:56.3 in the 808. With perhaps an extension of his late-season improvement, Kasser could well become a rare state meet soph.

In the frosh-soph meet Menlo-Atherton has a shot at the team title led by sprinter Don MacKenzie, while Sequoia's Jim Data (shot put) and Gunn's John Littleboy (high jump) will be out to capture individual honors.
