SAN JOSE —Gunn High's Gordon MacMitchell, who has gone to more high schools than Rick Berry has pro basketball teams, settled down last night and ran the second fastest two-mile in Central Coast Section history in the CCS track and field finals at San Jose City College.

MacMitchell, who started at Terman Junior High and then went to Gunn before transferring to Palo Alto and bouncing back to the Titan campus, circled the eight laps in 9:01.6 for the only meet record on the 16-event varsity card.

The hard-running senior distance ace led a 1-2-3 SPAL finish in a meet that saw the SPAL qualify eight athletes in nine events for this week's State Meet in Woodland — the league's best showing in the history of the CCS meet.

MacMitchell's time puts his name second only to former Wilcox ace Mike Ryan, who ran an 8:57.8 during the 1964 dual meet season. MacMitchell was followed by San Carlos sophomore sensation Mitch Kingery, who ran a 9:09.4 for the second best mark in SPAL history, and Cubberley's Stacy Geiken (9:12.5).

Geiken seemed like he was going to catch Kingery, but a little body contact caused him and another runner to collide and go down — with Geiken getting up and still earning the third and last State Meet berth.

Equally impressive was MacMitchell's teammate and favorite running partner, Steve Crowley, who also ran away from his field — the mile — with a 4:12.6 clocking. The time is second in the SPAL record book only to Carlmont senior Steve Miller (4:10.7), who did not go out for track this season after a brilliant performance in the State Meet a year ago.

Palo Alto High hurdle ace Carl Florant was upset by Lynbrook's Bill Napier in the low hurdles, but had already raced to a 14.1 high hurdle victory earlier in the meet to become the SPAL's only athlete to qualify for two events in Woodland. His low hurdle time was 19.1.

Ravenswood's James Ragland finally cracked the 10.0 barrier in the 100, but the field was a little too experienced for him as he finished fourth in the century with a 9.9 clocking. But the late-blooming star did qualify for one more meet with a third place finish in the 220 (21.9).

Silver Creek's Millard Hampton tied a meet record in the 100 (9.7) and also won the 220 in 21.6 to lead his team to a second place finish behind CCS champ Cupertino. Gunn finished third.

Redwood City's Mike Kasser of St. Francis High, who a couple of weeks ago was recuperating from a pulled muscle, ran a strong race in the 880, but wasn't quite strong enough to catch Robert Louis Stevenson's Malcolm Cleary. Cleary won by 10 yards in 1:53.2 while the junior Lancer was second at 1:54.5. Menlo School's Beau Willis didn't qualify for the finals.

Carlmont's Jack Lennen earned his second trip to the State Meet in the pole vault with a second place finish (14-0). Gunn's Tom Oberhelman came through with the SPAL's biggest shock by qualifying third in the shot put with a toss of 54-10 1/2.

The Titans' John Littleboy finished fourth in the high jump, while Cubberley's Lang Farmer was fifth and Woodside's Bob Abbott tossed the discus 172-6 for fourth for the SPAL's other point makers.

Woodside High won the unofficial frosh-soph title, but it was San Carlos' Craig Mal-

veaux and Ravenswood's Charles Jones who supplied the real fireworks.

Malveaux set a CCS record in the triple jump (46-3 1/2) while Jones set a CCS standard in the 880 (1:57.3) and finished fourth in the 440.

Carlmont's Larry Wright finished first in the F-S high jump with a leap of 6-0, while Woodside's Myrt Easley finished first in the 180 lows (20.4), third in the triple jump (45-8 1/2), fourth in the highs (8.9) and anchored the Cats' mile relay team to a third place finish.

Other SPAL frosh-soph; placers included a fifth by M-A's Al Robinson in the 440 a fourth by the Scots' Jack Miller in the 180 lows, a fifth for Carlmont long jumper Aaron Brisbane and a first by Gunn's Jerry Emory in the two mile, with Woodside's Tim Lease fourth in that race.

## Woodside officially JV champ

Woodside High officially holds the Central Coast Section frosh-soph team track and field title, while Palo Alto's Carl Florant has the CCS varsity high hurdles meet record all to himself.

The Wildcats officially scored 18 points Friday night at San Jose City College to confirm the early totals and edge Overfelt (17), Lynbrook (16½) and Mitty (16) for the frosh-soph crown.

Sophomore Myrt Easley made Woodside's crown possible with first in the 180 low hurdles, fourth in the 70 highs, third in the triple jump and part of third in the mile relay. Tim Lease's fourth place in the two-mile and a third in the 440 relay also provided vital.

Florant, who will bid for a state title Friday and Saturday in the State Meet in Woodland, was first given a 14.1 winning clocking for the 120 highs, tying the meet record.

A re-check showed Florant should have been credited with a 14.0. His season best is 13.9, the all-time SPAL record.

# Florant Sets Record

## ...A Day After Run

By FRAN ERROTA

Staff Writer

Palo Alto and Gunn claimed the only record breakers in Friday's Central Coast Section Track & Field Championships and both loom as solid contenders for gold medals in the California State meet Saturday in Woodland.

Don Bell, Leland coach and meet director of the CCS event, said Saturday a re-check of results showed Carl Florant of Palo Alto should have been credited with a 14.0 instead of 14.1 in the 120-yard high hurdles.

Instead of a co-record holder. Florant now owns the CCS meet record and gives the CCS its best chance for a State title in the event since 1941 when another Palo Altan, Omar Cowles, won with a 14.3 clocking, which at the time was a State Meet mark.

"He's really a fluid hurdler" said Bell Saturday. "His 13.7 in the trials may have been better — I really don't think the wind aided him that much and I've always had the feeling a wind over the allowable may even have a detrimental effect in the high hurdles."

Another strong booster of the Viking timber-topper is his coach, Forrest Jamieson, who has piloted many nationally known distance runners through the years, including state mile king Ron Larrieu in 1956.

"He's one of the toughest competitors I've seen" stated

the Vike boss, "and the amazing thing about his 14.0 is the horrible start he had to overcome — he had one false start against him so was left in the blocks — he also hit a hurdle along the way."

Florant skipped over the barriers in 13.7 with a wind reading of 7.5 mph in the prelims. His 14.0 in the finals saw him pressed by Ike Allmond, who nipped Florant in 14.1 in last year's CCS finals. Allmond did 14.1 again, but that was good only for the runnerup berth.

Headliners Florant will face in Woodland include James Owens of Norte Del Rio of the Sacramento area

who has a windy 13.8 and legal 14.0 to his credit, along with Tom Andrews of West Bakersfield, whose 13.8 at the West Coast Relays in Fresno was legal.

Gunn claimed the other meet record breaker in Gordon MacMitchell whose 9:01.6 is the second best two-mile in CCS annals and the third best in California this season. Only Terry Williams of Lompoc (8:59.2) and Rich Kimball of De La Salle of Concord (9:01.4) have done better this season, but last year's one-two finishers return to make the eight-lapper one of the feature events at Woodland.
