1974 DUAL MEET ALL-AMERICA TEAM

The Dual Meet All-America team is a rather specialized group; only dual meet competition is considered in selecting team members. National championships are meaningless in this context. 1974's dual meet all-star group is missing NCAA champs in seven events, and over 5 per cent of the team did not score in the NCAA at Austin.

We'd like to especially thank our panel of experts who helped select the team. In addition to yours truly, panel members included Al Bateman, sports information director at Air Force Academy; Sam Hall, Indiana track coach; Jim Bush, UCLA track coach; Jimmy Carnes, Florida track coach; Nurdy Jensen, Western Athletic Conference sports information director; Walt Murphy, New York statistician and T&FN correspondent; Jack Pfeiffer, publisher 'Washington Track & Field News'; Chuck Skow, California statistician and T&FN correspondent, and Carol Swenson, Kansas statistician and T&FN correspondent.

Panelists voted for three athletes, in order of preference, in each dual meet event; 3 points for first, two for second, and one point for third choice. Team members and point totals are as follows:

'...I compliment you on your publication. Even though we may
 disagree on your ratings, it is just such things that stimulate
 more interest in our great sport.'

John F. Varner

Track Coach
 Cornell University

'...Your efforts are appreciated, and thank you for undertaking such
 a difficult endeavor.'

Harry R. Groves
 Head track coach
 Penn State University

'...They are so unrealistic it's unbelievable. As far as (deleted)
 is concerned, they don't meet anybody that counts so how can you
 rank them anywhere?'

John Chaplin
 Track & field coach
 Washington State University

ED: Two out of three isn't bad. In 'deleted's' defense, their
 schedule was rated tougher than USU's. I think Mr. Chaplin may be
 unaware that good track & field does exist east of the Rockies.
