A lot has happened since the last issue.Villanova was impressive in winning the IC's,scoring in 11 events and winning 4.Congratulations to the team, Coach "Jumbo Elliott,and his assistants,Jack Pyrah and Elliott Baker.They almost pulled off a double,but fell 4½ points short at the NCAA meet in Detroit,finishing third behind Washington State(25½),and UTEP(25).

The Eastern States H.S. meet keeps getting better,but more on that later.

IC4A Notes-one of the best races was the first heat of the 2mr. Belger and McLean started in 5th & 6th places, with only 4 to qualify, and they both ran super, Belger's 1:50.5 giving Vill 2nd place, but McLean's 1:49.3 fell shy of Harvard for the last spot in the final... Craig Masback's 56.9 last quarter turned a close mile into a runaway, much to the delight of the hometown Princeton fans... Kevin Price appeared to be on his way to a sub-1:09.0, but slowed in the last 20 yards, exhausted from 4 straight days of running (2 in Toronto, 2 at Jadwin)... Curt Alitz's fast 2 mile impressed a lot of people who thought he was better at longer distances...

RANDOM NOTES-In that great 600 at the Easterns, splits were taken at the 500 mark: Tuffariello 57.6 (NY Record), Jeffress 57.8 (NJ Rec), Toles 58.0. Tuff's time was just .3 off Tony Darden's nat'l rec. set last year... W&M's Drexell George threw 57-7 in Jan. but has been hampered by injuries since then... Frankli Jacobs, EDU's freshman high jump sensation (7-1), is out for the rest of the season. He tore ligaments in his knee while playing basketball last week!... the less said about my predictions for the IC's, the better. I'll have to do more homework for the outdoor meet. Some of you may have seen a different set of picks in the NY Times-I had found out who was running what event... Coaches and athletes, please look over the performers list in the last issue, and send any corrections you spot. I've got all the IC4A and NCAA results, but I'm sure I'm missing some marks and I'd like to have all results before I put out a final top-50 indoor list... Coaches and SID's, when sending results of outdoor meets, please give wind info if available; also try to let me know if the timing is fully automatic (timer is started and stopped automatically).
