altitude hit people from ariz (orgega)

on steeple, they called it a dead heat for first people for Munyala and marsh; that's the difference in the meet; sent the picture to accutrack; "Sure we wanted the picture sent in for another interpretation--we thing we won the race." Robinson--"The steeple chase is a deadheat as far as the meet officials are concerned. them meet referred and myself, plus ted banks agreed to send the picture to the manufacturere of the accutrac (Steve Betco ) for the ncaa champs and abide with his decision.

munyala had a bad last water jump , but had a great kick, marsh held him off well, though.
