CCS Track & Field,

TRACK & FIELD

Following are the top track & field marks reported through Saturday by Central Coast Section athletes since Jan. 1. High school sanction affiliation is not a prerequisite for inclusion in these lists. Marks in parentheses are the parameters for making the all-time Top 10 list. Anyone making the Top 10 list, or already in it, is noted with "AT." State and national bests courtesy of Track & Field News. Anyone with additions and/or corrections should call 920-5354 to report them.

Abbreviations — A "C" denotes that the time has been converted (all running events are in meters except mile, 2 miles, 330 LH and mile relay because of track design of most local facilities). A "W" denotes that the mark was wind-aided.

Fully-automatic times — Fully-auto times, and only fully-auto times, are listed in 100ths and are placed at corresponding higher hand-time (10th) value by subtracting either 0.24 seconds (events less than one lap) or 0.14 (events of one lap). Fully-auto times in races longer than one lap are placed higher than hand-times with the same 10th value (e.g., 4:12.19 ahead of 4:12.1).
