Collection of Reaction, Response and Opinion to the Cancellation of the CIF/Reebok High School Championships -- June 5, 1993

THE BAD NEWS

Release distributed to the press at the track Saturday, June 5, 1993:

Members of the track management met this afternoon at Cerritos College to examine the facilities in great detail for the purpose of deciding whether the 1993 State Track Meet should proceed.

As the unanimous recommendation of the Commissioner of Athletics that substantial numbers of adverse conditions existed could place in jeopardy the health and safety of the competing student athletes.

The Commissioner reviewed the recommendation and with his authority under the CIF Constitution and Bylaws, has ordered the decision to cancel the meet. It will not be rescheduled.

Decisions regarding placement, records, and awards for the meet will be made in consultation with the Track Committee next week.

REACTION TO THE BAD NEWS

Is From Reebok

In no way, shape or form, support the decision to cancel the State Track and Field Championships."

--Peanut Hams

Letter to Los Angeles Times Sports Editor: (June 7, 1993)

One of the poorest decisions ever made in administration history was to cancel the State Track and Field Meet last Saturday (June 5). The meet was scheduled for 10:30 a.m., running events at 4, and to start about 6:35. The decision to cancel was made at 1:30, 1 1/2 hours before anything was to start, on the basis of a modest amount of rain (0.86 inches).

A sensible decision would have been to

wait until 3 o'clock, see what the weather was like then, at that time delay the meet 2 or 3 hours if necessary, and at 5 or 6 p.m. postpone until Sunday, if necessary. Needless to say, the rain stopped about 2:15, and not a drop fell between 3 and 6:35 with the sun out about half the time. The Cerritos track was 100% dry by 4 from evaporation, without any human help.

I travelled from Eugene, Oregon, to see the meet, but the competitors were deprived far more than fans like me. I wandered around outside the stadium listening to comments from all the athletes and coaches milling about, and I heard no one who agreed with the decision. I even saw one of the male 1600 qualifiers crying! The poor decision could even cause some athletes to lose out on college scholarships.

A precedent existed for this kind of situation. The 1953 meet was scheduled for Friday, May 29 in Fresno's Ratcliffe Stadium. Quoting from Highlights of the State Track Meet,

"Although the track was a sea of mud at 8 a.m. Friday from Thursday's rain, it was somehow put in shape for afternoon heats and evening finals. The Meet Director had postponed the Meet until Saturday, but he was overruled by the CIF."

Donn B. Kirk

Author of the State Meet History

Letter to the State CIF Commissioner:

I am writing to protest the cancellation of the CIF State Track and Field Championships.

I am a member of the North Coast Section Meet of Champions Track Management Committee. I coached track and cross country at Berkeley High School for nine years. I have coached several athletes that have competed in the State Championships. I have been the high school editor of the *NorCal Running Review* and *California Track News* for 20 years. I was a teacher in the Berkeley Unified School District for 25 years.

I had a press credential for the State Championship and I attended your meeting with the press on the track on Saturday afternoon. I walked around the track to observe the conditions for myself. The track was wet, but it certainly was runnable. In Northern California we have track meets in the rain. For example the Stanford Invitational was conducted in the rain this year.

I think the State Championship should be moved to another site that can be used in the rain. Although rain is unusual in Norwalk during June, we have experienced an extraordinary spring. Your committee should have anticipated the possibility of rain. In fact, rain was predicted for the period of the State Championship.

I have discussed your decision with many coaches, athletes, fans, and members of the press. Most people think that you made your decision prematurely. The running events could have been run at 4 p.m. on schedule.

The committee that made this decision was constituted of people from Southern California only. This is a State Championship. You should have consulted people from throughout the state. Why didn't you consult all of the members of the Track and Field Advisory Committee?

An Emotional View of the Impact of the Decision (June 8, 1993):

The Goddess

This was going to be one of the greatest weekends of her young life. The Goddess was a vision of loveliness, beautiful in flight, the soft smile, golden hair. She possessed a tenacity of excellence based on the work of the sculpture--self-sculpted with the chisel of long runs, the hammer of pumping iron, the knife of cut--a beautiful sculpture of athleticism and grace, such as I've not seen in 15 years of athletics.

I marvelled at her inner drive and her tenacity. Begotten by an excellent form of dignity. Robbed of her dignity and her chance to run

The State Meet Chronicles

at the State Meet by the idiocies of a chosen selfish few. We left the stadium for a run. With strained guts and sadness, we set out on an 8-miler in L.A. It was 4:15 p.m. Besieged by disbelief and discontent, we hammered for an hour. The goddess was in true form, a form of anxiety and purpose in her stride. If nothing else became of the day, we got in a hard 8-mile run. Ironically, the sun was bright as she said, "I would be running in six minutes." (The CIF 3200 meter championship was to have been run at 5:56 p.m.). She was so ready for that race!! How do you explain to them? Where does the 365 days of work, turmoil, hope and sacrifice go? All we wanted was 1:00 damn minutes! Tears flow as I write this. I am raged and angered. She'd gone from a simple 9th grade runner to a State medal contender. One week earlier she'd gone into the Meet of Champions ranked 9th--top 4 finishers make the State Meet. She got the silver (2nd place) in a personal record by 25 seconds in 11:06.4. She went into the CIF State Meet ranked 11th. She would have finished in the top 6 at State--a medal winner, her second in a year. (She received a medal by finishing 9th at the CIF Cross Country Championship in November.) At the State track meet, her purpose was clear, her goal sound--break 11:00 for 3200 meters, break Sarah Riley's school record of 10:57 and stand on the victory platform in front of the State. Who could have been the orchestrator of this rape? These kids (over 800 athletes) were emotionally raped! Someone needs to be held accountable.

Tell this marvelous athlete, the goddess of loveliness, youth and grace that her work just wasn't good enough.

The following day at a subdued visit to Disneyland, I discovered this magnificent person had trained three times a day last summer--so I could be good." Three miles in the morning, 1 1/2 to 2 hours of weights in the afternoon and 3-4 miles (or bike ride) in the evening! Wasn't that enough to let her run at State? Where is the logic in this? Where is the justice? The moment's been lost; the magic forsaken by something unbelievable--unexcusable. Her mood was one of understandable confusion and disappointment. There were several tears shed by over 800 athletes. Many coaches walking away from the stadium with a consoling hand on the shoulder of a robbed warrior who did not get to the State Meet simply by chance!

Her teammates often said, "I love to watch her run."

There will be more races for the goddess. She runs for Oregon in September. Her golden hair will fly again. The determined face, the racing face will become a mask again covering the emotional limits of breathlessness, fatigue, exhaustion and excellence. The powerful finishes, her flying down the straight will resume, the spent staggering sculpture associated with exhaustive effort, near collapse at the finish will come back someday--but the "What if's" are too large to sustain from this weekend at State. We will never know the reward. The price was certainly paid!! The work was done! The training plan evolved, was studied and was ready to be initiated against 26 of the State's best runners. All we wanted was the chance to run. Isn't the essence of excellence the evaluation of self--the competition against self? My tears flow. The price was paid--the privilege unrewarded.

That night, we drove to Westwood and ate \$10 worth of Hagen Daas ice cream. We sat at the top of UCLA's Ducky Drake track stadium, hoping to revive a spark of purpose in this travesty. Would the future hold such moments of expectation again? The goddess is strong enough to rebound, although her vision of an excellent sport had been strained. We drove to Santa Monica Beach. Moonbeams danced on the water. It was cold for L.A. How could this be? "It's so unfair," she said. She was silent.

On Sunday we flew home after our visit to Disneyland. She slept soundly on the plane. We got lost driving home through the Oakland hills, ending up near Mills College, site of the 1992 Meet of Champions cross country championship race. Here she had run 4th qualifying for State in November. As we passed the course she said, "A three mile jog would be nice right now." It would not be a jog--she knew it and I knew it. She hammered again. The pain wouldn't go away, so the next best thing was a good run. As we floated through the beautiful trails of Mills College, the wind whispering through the trees reminded us of the beauty of sport. Why we run.

Though we had been robbed, a simple, beautiful thing was happening. The golden hair was flying, the stride was powerful and purposeful. The race mask was on. A rejuvenation was taking over--a new order. A pair of shoes, shorts, a shirt and place to hammer was all we needed. The run was hard, my stomach tightened. The goddess was in marvelous shape. The goals would have been accomplished, the work was to close, as we had planned. Yet the arena was not opened, so

we found our own. The run concluded, walked in silence. The run helped to heal.

Erin O'Brien gave of herself unselfishly she'd overcome injury, emotional hurt--a champion. Erin is one of the best distance runners in this State, but our "leaders" not let her, nor 831 others, enter the arena that not the Olympic creed? To enter the arena, do your best and leave a better person having done so? Tears flow, my gut aches cannot accept this. As a coach/athlete for years, my image of an excellent, beautiful sport is stained and shattered. I don't know how to return. I don't know what to say to the goddess, only "I love you, you're the best, you are a champion."

Chris Walsh, Head Coach
Campolindo High School

Note: Erin O'Brien finished 17th in the 3200 meter Final in 11:49.80.

Letters from California Coaches:

June 8, 1993

The coaches and athletes mingled and ate outside of the warm-up area that was blocked. It was over. You arrived, disappointed that the meet was cancelled, then you were in disbelief with hundreds of finalists and coaches. It wasn't raining. The gun was scheduled to be fired for the 400 meter race in an hour. Why? They could have waited. They could have backed off the decision. The starter could have waited two hours and the meet would have still concluded before 6 p.m.

Marion Jones was giving the press a piece of her mind ("stupid, unacceptable, this is how many preliminary meets these athletes have competed in so that they could be tonight?"). Brian Wilkinson, the sub-4:15 1:50 runner from Merced told me that this was his last chance to win a State title. He had worked very, very hard to bring himself from a mid-season injury. There were the Long Beach Poly relay losses--national losers. A young girl came up to the gate, she didn't know. I broke the news as kindly as I could. She said, "But it is an all-weather track." I said, "They think you might slip and hold up her petite spikes and said, 'Thank you I have these.'"

Jones wanted to know "why the decision makers hadn't reviewed the options with the coaches and athletes?" All we had was a piece of paper. A statement of finality.

was allowed to go through the gate. were given a tour of the wet facilities. It isn't raining. It would not rain anymore. The meet was over, taken from history. Conning came out. He said to me, "what I live for." The Northern California historian expressed what hundreds of people were feeling. Something absolute, something that had been lost, taken away. Every now and then a coach would shout, lift his voice to a level where others could hear of his anger. For a while I wanted to leave the dead gathering. It reminded me of people gathered around after a tragedy. They stood for a different ending. But it was over. The State finals had been erased from

with a heroic dream." Williams has done it once more, beyond a prior limit, exceeded what he has accomplished before him. At the State finals in Los Angeles, the senior added over another foot to his triple jump measurements. On his first attempt, he executed beautifully and the result was a 46-4 new school record, and the longest triple jump in Marin County. Williams is now a member of the all-American team in Marin. Williams didn't get to jump in the finals the evening before. There are two reasons--the field was loaded with a pack of 48' to 51' (usually strong event), and the meet was cancelled. Huh? Even though the senior had reached the 7th best-ever by a margin, it still wasn't good enough for the final nine. It took just over 48' to qualify. But they didn't jump. A decision was made in the afternoon on Saturday by the administrators of high school sport in the state to retreat from the rain and protect the athletes from injury. When the athletes and coaches arrived at 3:00 p.m., it wasn't raining. They received was a statement that it was clear that the meet would not ever be held. It was not raining. And it did not rain that night. The meet could have taken place on the weather surfaces. For the first time in the history of the State finals were erased from history. Sean Williams was a part of this. His brother and sister track and field athletes were denied their chance at history. But what was the point? Will victimization by nature be addressed? I think not. Ha-

tred for the officials who made a terrible mistake will be the concluding sentence.

Many of the athletes will carry forever their fantasy of what might have been. They will be stuck with a heroic dream. Few will be told of a Zorba and the human capacity to dance away the nightmare. The seriousness of sport can cripple the young. It can lock in a disappointment for life. But this moment of athletic emptiness is potent. The moment demands interpretation. The athlete could receive this message--life has no favorites. For "even the rain must fall!"

Sean Williams? He jumped 46-4 on Friday night!

To Dean Crowley

I would like to take this opportunity to express my strongest possible disgust with respect to the decision made by the so-called "track management team" to cancel the CIF State track meet last Saturday (June 5). I am the head track coach at Aptos High School and in my 27 years of coaching, I have never been so upset at a decision.

You should never have made such a decision as early as you apparently did (ie. 1:30 p.m.). The field events were not scheduled to begin until 3 p.m., and the track events even later at 4 p.m. Common sense, which your "track management team" seems to lack, dictates that such a decision should not be made until the beginning of the running events (4 p.m.). The field events could easily be delayed one hour. Not only did you make an early arbitrary decision, but no one from your group stayed near the track to be accountable for such an idiotic move. Your posted release simply stated that "substantial numbers of adverse conditions existed that would place in jeopardy the health and safety of the competing student athletes."

What a tragic mistake. What are all-weather track facilities for? I have attended MANY meets, over the years, that were conducted in far harsher elements than we all saw last Saturday at Cerritos College. At 4 p.m. the sun was shining and few, if any, puddles could be observed by the many fans, coaches and athletes that were present at the Cerritos facility at that hour.

A large number of California's finest athletes were denied the opportunity to compete in the biggest meet of their lives. Not one coach, athlete, newspaper reporter, parent,

or fan that I, or any of my coaching friends, talked to agreed with your decision.

I suggest that you, Mr. Crowley, as well as Tom Byrnes (the commissioner of athletics) and anyone else on the "track management team" should resign your posts, or at least disassociate yourselves from any further decision-making relative to future CIF State track meets. You may think this whole thing will "blow over", but I assure you, that a large number of us will not let this occur. You have disgraced the track community of the State of California, and furthermore, made our State a laughingstock from the viewpoint of out-of-state athletes and coaches who compete in far harsher elements than we saw last Saturday at Cerritos.

I know that personally I had a very difficult time attempting to explain your decision to my two athletes who qualified for the State Meet. I know for a fact that many other coaches, as well as disappointed and incredulous parents were having the same difficulty.

Mr. Crowley, I will restate my request. You and all other members of the "track management team", as well as Mr. Byrnes, should admit to your tragic error and resign your positions immediately. Do not compound the situation by attempting "whitewash" or any other such "cover-up" tactics. Far too many influential people are fed up with you and your cohorts. We will NOT let this rest.

Bill Hotchkiss, Head Coach
Aptos High School, Aptos, CA

**Editor's Note: Earl Engman was not a part of the committee whose decision cancelled the meet on June 5; health concerns prevented him from participating. Sadly, on June 21, long-time organizer and track supporter Earl Engman passed away. His contributions to California's State Meet have been sincerely appreciated.*

A Proposal to Save the 1993 CIF/Reebok Track & Field Championships:

Purpose of this proposal -- Provide a positive solution to an unfortunate situation (inclement weather and health and safety issues) that caused the State Meet to be cancelled on June 5, 1993.

Rationale to reschedule the meet -- 1. The State Meet is the largest running CIF State Championships (75 years). We must maintain the integrity of the event, the premiere event

in the nation. 2. This meet represents the ultimate goal for these athletes in their high school careers. Thousands of hours of training have been invested for this chance to compete for a State title. 3. Seniors will never have another opportunity like this in their entire lives! 4. CIF sports represent one of the most positive activities student-athletes are involved in. The sense of pride and self-esteem they derive from sports is critical to their development as outstanding citizens. This is especially important with today's kids being surrounded by negatives (gangs, drugs, drop-outs, etc.). This is their golden chance for positive recognition. 5. The student-athletes want to compete! 6. The number of athletes qualifying for the finals is a manageable number. There are approximately 250 in the event of rescheduling. 7. The sting of an absolute cancellation will leave a permanent blemish on CIF Track and Field. Public relations will suffer. 8. Rescheduling the meet will demonstrate that CIF officials are sensitive and concerned about the feelings of its student-athletes, coaches and supporters. 9. We realize the inconvenience rescheduling would create for the CIF officials, but adversity can bring about opportunity. This opportunity is for the CIF officials to put the student-athlete first. 10. Scholarship opportunities are being affected.

LET'S NOT GIVE UP ON OUR KIDS!

Recommendations:

1. Reschedule the meet to Wednesday, June 16, or Thursday, June 17, at Cerritos College at 6 pm.

2. With proceeds from the event, CIF can reimburse schools not located within the immediate area (150 miles) for some of their travel expenses.

From the Central Coast Section Track Coaches to CIF Federated Council Members:

It is with great sadness that this letter is written to you. The actions of the "State Meet Track Committee" were unconscionable. Their decisions were, at best, rashly premature and, at worst, grossly incompetent. The damage they have done to so many fine young people is irreparable. For many of these athletes the chance to participate in a once-in-a-lifetime "State Track Meet" has been shattered.

Let me review the conditions that led to this fiasco. On Saturday morning, June 5, a rare

rainstorm struck the Los Angeles area. Heavy rains fell until about 11:30 a.m. and tapered off slightly during the next hour. From about 12:30 until 2:00 p.m. we were in a showery period. By 2:30 p.m., when many athletes and coaches arrived at Cerritos College, the weather was cloudy but clearing. At this time we were told that the Track Committee, in the interest of health and safety of the athletes, had cancelled the meet sometime between 1:00 and 1:30 p.m. No one is more concerned for athletes' safety than their coaches. We would not allow an athlete to compete in an event we deemed dangerous or unsafe. By 3:30 p.m. conditions at Cerritos College had improved to the point where the facility was usable and safe for a meet. Little or no standing water was observed on the track or throwing areas. If there was water, it could have been removed with a minimal amount of effort. But, alas, the Committee refused to rescind its decision, made hours earlier, cancelling the meet. The "Track Committee" proceeded to depart, leaving a Cerritos College employee (we think) to read their decision.

Meets have and can be run safely in inclement weather, and if there was a concern about a particular event, that event could have been postponed or rescheduled for another time. The pain and suffering these people caused is irrevocable. Their failure to wait and observe weather conditions closer to meet time was unacceptable for any competent "Track Games Committee." Along with the above mentioned damage to the athletes there was also a monetary loss suffered by many. Family and friends spent hundreds of dollars to attend this meet for nothing. This does not include the funds spent by the various school districts throughout the State to send athletes.

The outcomes from this fiasco need to be discussed by your committee. The "Track Games Committee" needs to include more members from other areas of the State in direct decision-making roles. We need to form an emergency action committee with representation from all sections of the State to deal with unexpected situations. The State Track Meet should be rotated to other sections that have the expertise to run a meet of this caliber. The CIF Executive Committee should issue a formal apology to all offended parties. Safeguards must be put in place to insure something like this can never happen again.

State Track Meet--A Very Poor Decision:

On June 5, 1993, a decision was made that was heard around the California State School Track and Field Community. The State Track meet was cancelled. The decision came down at 1:30 p.m. and was put in a manner that was considered less than ethical and professional. The person that made the decision was State CIF Commissioner Theodore Bymes. The reason given for the cancellation--health and safety due to rain--was one that many athletes, coaches and parents could not understand, as there were no circumstances present at the scheduled meeting time of the meet to support his decision.

In addition, Mr. Bymes would not address any of the coaches, athletes or parents with questions regarding his decision; it was made arbitrarily with no input from any of the concerned parties. He also barred anyone from going on the track. Many of the coaches and athletes arrived at 2:30 p.m. at the track when the rain had stopped, only to be told that the meet was cancelled and making any rescheduling would not take place. Many of those people stood around in hopes that the officials might change their minds, but by 4:00 p.m., it was evident this wasn't going to happen. What made the event even more frustrating was that it never rained after 4:00 p.m. and, at times, the sun broke through the clouds. It was warm. As I walked around from group to group and listened, there was literally no support from anyone I listened to regarding the cancellation.

At 3:15 p.m., I walked around to the back of the stadium to look at the track and the surrounding area. There was no water on the track, only two small patches on the high jump pit towards the back. The pole vault, which was the one big area of concern, was dry. At 4 p.m. I left with the other coaches. The sky was clear and the sun was out.

The question that the CIF must answer is why? To make a statement that it was "safe" for the students simply doesn't work. Many of the coaches present had participated in numerous state and league meet cancellations similar to that present this day and age. They have never been cancelled. With an unsafe weather track and the most important part of the track and field season being held, would you cancel it because of rain? The only time that the State Meet was cancelled was from 1941 to 1945 during World War II.

The State Meet Chronicles

prudent and knowledgeable Commissioners would have gone on with the meet until proven to all concerned that there was no way to continue. Doing what he did broke the hearts and spirits of many students who had worked for several months and some for years to get there. In addition, his decision caused a good deal of damage to Track & Field generally, as well as teams who had not even had the chance to participate in the State Meet again.

and many other coaches see it, there are many Commissioners at different levels of the CIF who no longer have the best interests of the sport, nor care enough about the athletes, coaches and parents. As a result, we have to settle for poor situations at best when concerned coaches speak out on situations that could be worked out, we are treated as second class citizens.

The solutions I would offer to resolve the problems are: 1. Have Commissioners' terms of office be limited to four years, 2. Require a written test for Commissioners, and 3. Have a Commissioner's available by phone to address concerns coaches have on matters relating to track and cross country.

Many feel that there are three or four CIF Commissioners who should resign or be removed as a result of their performance this year and some for their performance, or lack of performance, for the past four years. This is a personal vendetta--many coaches believe that if you have the responsibility of the sport, then do the best you can and if you can't or don't have the interest any longer then be good enough to step down and let someone else who cares for the sport, the athletes and coaches, be responsible.

"There was water on the track's inside lane and there was no way of really knowing if we could have had all, if any, areas ready for the field events. One thing for certain is that there was no way the track would have been ready had the rain continued. And, from every weather report we had, including that of the National Weather Service, there was a 100 percent forecast for rain throughout the day. Taking that into account...we felt holding the meet would be placing the health and safety of the athletes in jeopardy."

Excerpted opinion by Matt Schwab of *The Oakland Tribune*:

"A couple of squeegees, a maintenance crew working for extra doughnuts and a two-hour delayed start. That scenario, had it occurred, may have saved the 75th CIF State Track and Field Championships.... Essentially, they cancelled the state meet finals over a few puddles.... Track kids are scrappy. Most of them run for years dodging broken glass on dirt tracks or avoiding buses on city streets. They would have managed with a soggy track and a few wet fannies."

"Amador Valley senior Travis Nutter, the top qualifier in Friday's discus trials, could certainly have thrown 176 feet again under gray skies. On Monday afternoon, Nutter, who had been peaking magnificently for the meet, still sounded shocked. 'The whole stupid thing

was like, I don't know,' he said. 'I know they based it on safety and all that stuff, but track and field...you just don't do it when it's sunny outside. You do it when it's cold, when it's windy, when it's rainy. The conditions are the same for everyone.'

"For more perspective, hear Bishop O'Dowd senior Miesha Marzell's words: 'This is the kind of meet you peak for. The whole season you aim for this meet to run your fastest, do your best. My legs are ready to go. They have so much energy, but I have to tell them no.'The athletes had invested too much of their lives to get to Cerritos College to be unceremoniously locked out of the track complex and handed a sheet of paper...."

As reported by Damin Esper and Kelly Lyell of the *Contra Costa Times*:

"It seems to me their idea was to find a reason to cancel the meet, rather than finding a reason to run it. I don't like the fact that none of the people consulted were coaches."

Michael Walsh, Coach
Amador Valley High School

"We would have had youngsters at severe risk by holding the meet. The same people who are complaining about us cancelling the meet, if their kid would have gotten injured, they would be complaining about us running the meet."

Tom Bymes
State CIF Commissioner

"All-weather is somewhat of a misnomer. It doesn't mean you can always run in the rain. What it really means is that the track can be ready sooner after a rainstorm than some other surfaces. With the amount of rain they were getting around noon, there's not a surface in the country that could have dealt with that."

Jack Dickey, Fresno, CA
Regional Manager for a track installation company

"No other state has ever cancelled their meet because of rain, according to Jack Shepard, the high school boys editor for *Track & Field News*. 'I'm not aware of anybody (cancelling their meet) and I've been doing this for 25 years,' Shepard said, adding that last year's Texas state meet was held in worse weather. 'Eight inches of rain and a tornado watch is a little more than one inch of rain. Other states are used to bad weather.'"

The State Meet Chronicles

Excerpted from the Merv Harris Prep Notebook of the *San Francisco Examiner*:

"...Bymes personally inspected 'every inch' of the all-weather track and the field events areas Saturday morning, he said. Further, he appointed a committee of experts to confer with Cerritos College people, too. Bymes was told the 17-year-old well-used track might be squeegeed dry 'within two or three hours if we don't get a single new drop of rain.' But the U.S. Weather Bureau in Southern California reported--inaccurately as it turned out--100 percent chance for more rain. 'I wasn't concerned about the coaches or the press,' he insisted. 'I was concerned about safety.' Whether a community college with a 17-year-old track that becomes unusable in rain should continue to be the CIF meet site is another question."

As reported by Scott Strain of *The Oakland Tribune*:

"I think what happened was that they (CIF meet officials) panicked. They are not used to running track meets in the rain. I observed the conditions for myself. The meet was runnable, although they might have had to make some adjustments for the field events. They were concerned about some slippery patches on the track and I walked over the areas in street shoes. There were some rough spots. But the athletes wear spikes and those areas would have been no problem."

Keith Conning

North Coast Section Track Historian
Prep Editor, *California Track News*

"They panicked and made a poor decision. They had no contingency plan, no plans to hold the meet the next day (Sunday) or at an alternate site. There was not one coach or athlete there who did not want to do everything possible to hold that meet. They blew it big time."

Jay Lawson, Coach
St. Mary's High School

Excerpted opinion from Keith Peters of the *Palo Alto Weekly*:

"A crime was committed in Los Angeles County during the weekend. But no need to call in Sgt. Joe Friday on this one. This case is open and shut. The charge? Grand theft. The culprits? The officials who decided to cancel the CIF State Track and Field Championships at Cerritos College in Norwalk. Book 'em, Dano."

As reported by Peter Mentor of the *Berkeley Voice*:

"It's like a book that just ended without a final chapter. There were so many small subplots there. It was an experience everyone was denied."

Bobby Pope, Coach
Berkeley High School

"They (CIF personnel) didn't even contact us. We just heard everything from the grapevine. This was an all-weather track.... I was thinking about the seniors and people who have scholarships riding on the finals. For North Salinas, this was their best shot at winning a state championship ever in their history. You can't replace that."

Tony Green, Head Coach
Bishop O'Dowd High School

Wrote Mentor: "Green and his team had a lot to lose in this meet. O'Dowd had nine qualifiers entering the finals, giving the Drag girls a good chance at winning the state championship."

As reported by Eric Shepard of *Los Angeles Times*:

"No one wanted to have this meet moved. Calling it off was in no way advantageous to the CIF. But it was a Catch-22 decision: we went on with it and the rains persisted, likely someone would have gotten injured. Then people would have accused us of staging an event just to make money and not thinking about the athletes."

Tom Bymes
State CIF Commissioner

Writes Shepard: "Bymes estimates that the CIF will lose nearly \$40,000 on the non-meet.... CIF officials not only made the decision too early, they failed to have a contingency plan. 'We had no backup plan because we've never had this kind of a problem before,' Bymes said. 'But that is a fair cost and something we will make sure we do next year.'"

A Key Letter to Thomas E. Byrnes, CIF Commissioner

The Executive Committee of the Central Coast Section, as well as the CCS Track Committee, has discussed the cancellation of the 1993 CIF/Reebok State Track Meet over the past weekend. We are gravely concerned about the consequences of this cancellation on our student-athletes and on the CIF. The tragedy for the student-athletes cannot be measured. Many of them may never again have the opportunity to participate in an event as prestigious as the CIF/Reebok State Track Meet. It has been said by many of our coaches that their athlete's heads were broken with the news.

The implications for the CIF as an organization is equally as tragic. As we spend our resources in a comprehensive strategic planning process and lobby our legislative representatives for support of the bill ensuring our existence, we face the pressure of coaches, athletes, parents and administrators frustrated, upset and angry over the reasons for, and the communication of, the decision to cancel this meet. We not only face criticism and opposition from those outside our organization, but prevailing negativity from within our ranks. We cannot

continued next

The State Meet Chronicles

impact this anger, frustration and lack of effort will have on CIF's strength as an organization in the future.

We believe that the CIF must make a good gesture of some kind in order to dispel anger, frustration and opposition that has resulted from the decision to cancel this meet. The single most important and critical issue in all of the discussions of what might have been done, what should have been done, what could be done in the future, etc., is the student-athletes who did not get the opportunity to compete.

The most common thread from newspaper articles and in conversations with coaches and principals involved, is a cry for financial reimbursement for those schools who traveled to the meet and were not able to compete in their competition; and there is always the potential for the expenditures of legal counsel in our defense in an emotional circumstance such as this. The Central Coast Section Executive Committee and the CCS Track and Field Committee has agreed unanimously that no money spent from the CIF resources should be allocated to transporting all financial and coaches back to a re-scheduled CIF/Reebok Finals.

Therefore, the CCS requests that the CIF/Reebok Track Finals be re-scheduled for Saturday, June 19; and that coaches' and final expenses be covered out of CIF resources; and that a decision in this regard be made and announced no later than Friday, June 11, 1993. Nothing but giving them the opportunity to compete can come close to alleviating the impact this has had on the student-athletes affected. While we understand it will never erase the effect of the cancellation either the image of the CIF or the negative feelings of our public and our stakeholders, we do believe that it is the best use of resources in attempting to turn a negative public and internal relations situation into a positive situation.

Rescheduling the meet is a complicated, multifaceted task, but we believe it is one that should be undertaken with enthusiasm and zeal by CIF personnel. What better way to spend our resources attempting to get back to these student-athletes the opportunity to compete for a State Championship? There are many arguments that can be made against such a proposal, but as we discussed them all, we still feel strongly that the good for more students will come from rescheduling and holding the meet than from our inaction or inaction by the CIF.

There were many other areas of concern that arose from the discussion within the Central Coast Section, some of those were:

- An expansion of the Track Advisory Committee with more broadly based section representation.
- A formal games committee (track management committee) at the State Track Meet that is convened when such unexpected circumstances warrant special action, again with wide section-based representation.
- Contingency plans for emergency situations (eg. alternate dates, sites).
- Preventative measures ahead (covering pits, etc.).
- Rotating meet between the Northern and Southern part of the State.

These issues were discussed while addressing how to ensure that this tragic situation never occurs again. We, as a section, will continue to discuss options and may make further recommendations for consideration in order to work with the CIF in making the best State Track Meet possible for all our CIF student-athletes.

We respectfully request serious, thorough and expedient consideration of our proposal for re-scheduling and look forward to a favorable reply.

Don Bell
CCS President

(Note: Don Bell [Alameda, 1957] won the exhibition discus [high school weight] at the 1957 State Meet.)

A letter from the only section to vote "no":

Thank you for the opportunity to provide input to the State CIF Executive Committee pertinent to the advisability of rescheduling the State Track and Field Championships on Saturday, June 19, 1993.

Our process was as follows. Members of the NCS Executive Committee were polled via facsimile transmission and telephone follow-up. Track coaches of our member schools which had finalists or 3200 meters competitors were contacted by telephone and asked for an initial response and then requested to contact their school's principal to determine the school's official position.

The results follow. The Executive Committee opposed (6-0) the rescheduling based upon the following concerns:

1. Liability ramifications of assuming responsibility for students who, in

- some cases, have been out of school (graduated) for two weeks or more,
2. Commitments made by athletes and coaches which conflict with the date contemplated for the finals (graduations, vacations, other competitions, etc.),
3. Interruption in training caused when the finals were cancelled.
4. Integrity of the competition may be compromised if all of the competitors are unable to compete (see number 2 above),
5. Difficulty in arranging for the logistics of returning to Southern California,
6. Potential unfairness of some schools being able to send their athletes while others (due to personal obligations) being unable to send their students.

School responses indicated 6 in favor, 6 in opposition, and 6 no confirmed response. It should be noted that of the six schools reporting in favor, there were concerns, eg. who will ultimately pay for the consequence of CIF reimbursing schools for the transportation expenses (increased dues?), the potential for compromised integrity of the competition, the conditions are not psychologically favorable for the athletes.

The concern of the CIF in considering the Central Coast Section's request is appreciated and a positive effort. Please respond with your decision as soon as possible. Interest has been raised.

Commissioner of Athletics
North Coast Section

THE GOOD NEWS

From the CIF:

On June 10, 1993, State CIF Commissioner Tom Byrnes called a telecommunications meeting of the State CIF Executive Committee regarding the matter of rescheduling the CIF/Reebok State Track Meet, based on a request from the CIF Central Coast Section. It was Commissioner Byrnes' recommendation based upon the support of nine of the ten CIF Sections, that it would be desirable for our athletes to reconvene for this activity on Saturday, June 19, 1993, at Cerritos College, with field events slated for 3:00 p.m. and running events scheduled to begin at 4:00 p.m.

continued next page.

The State Meet Chronicles

It was the Commissioner's recommendation to the Committee, because of the financial hardships incurred by our member schools, that the State Office be allowed to develop a procedure to alleviate, as reasonably as possible, travel expenses for our member schools. The Committee indicated its unanimous support of the Commissioner's recommendations.

Further details regarding the logistics of the meet will be distributed to Sections, member schools and the media on Friday.

MISCELLANEOUS QUOTES:

As reported by Matt Schwab of *The Oakland Tribune* after the rescheduled meet was announced:

"The reason I'm excited is not necessarily that we can go on down there and compete. I'm more excited that California track is not dead. That's why I'm excited. After last week, I felt...that the California meet was not as important as it was made out to be."

Tony Green, Head Coach
Bishop O'Dowd High School

Wrote Schwab: "On Tuesday (June 8), the CIF advisory committee decided to award special medals of participation to all the high school athletes who advanced to the State Meet finals out of Friday's trials. Some quick footwork by the Central Coast Section, which stretches from San Francisco to King City, helped make that decision moot. Wednesday, the CCS sent CIF a proposal asking that the meet be rescheduled to June 19 and sent copies to the other sections. They voted overwhelmingly in its favor. The CCS executive committee reportedly came up with the idea of rescheduling Tuesday morning. Some of the elite athletes may not be able to attend State Meet II because of a schedule conflict with the Keebler Invitational in Chicago on the same date. Others in the NCS will have graduation ceremonies to contend with that weekend."

"NCS assistant commissioner Tony Guevara said his section's executive committee voted against the rescheduling after receiving a split vote from 18 membership schools that had participants in the finals..... Guevara

did assure that 'should it (the meet) happen, we will encourage all the schools that want to go, to go.'"

As reported by Eric Shepard of *Los Angeles Times* with contributions from John Ortega:

"Thomas Bymes, CIF commissioner, giving in to public pressure by reversing an earlier decision. 'This decision is very tent with our previous pattern of doing the best and safest for our kids,' he said. 'Cancelling the meet was the best thing I could have done at the time, and holding it two weeks later is still in the best interest of everyone.'"

"News of the rescheduling was met with mixed emotions. All-American sprinter Jones of Thousand Oaks High was elated. She said she plans to run. She and many of the state's other top athletes were scheduled to compete in the Keebler International Preliminary Invitational in Chicago next weekend. 'I think the Keebler people are going to be happy about this,' Jones said. 'But I feel my priorities should be more with the State Championships than with an invitational.' Bymes said the CIF plans to help subsidize travel and lodging costs, since athletes are being asked to come back a second time. Qualifiers who choose to skip the meet will not be replaced."

As reported by Ron Orozco of *Fresno Bee*:

"There was a grass-roots movement to save the state meet, according to Maui Anderson of Long Beach, the father of Long Beach Poly sprinter Andrea Anderson. Long Beach Poly girls were 1992 state champions. 'There was a major backlash from people in general,' Anderson said. '[CIF officials] weren't amenable at first. I think I finally understood the deep hurt that people felt. I'm elated now.'"

"It's fantastic! I don't think you can help back or prevent the best high school track meet in the world from happening."

1993 CIF / Reebok California High School State Meet

The qualifying formula used for the 1993 State Meet, which featured 27 competitors when the L.A. City Section had one qualifier taken away by a statewide vote this winter, had three heats of nine in all races in Friday's Prelims, except the 1600m, which had two. The first and second place finishers from each heat, plus the next fastest times from all the races would move on to the Finals. (In previous years the twenty-eight athletes who qualified for the State Meet had four heats of seven in all but the 1600m, with the race winners and next times from the races used to fill out the nine lanes in the Finals.)

100 Meters

California ended up with a great group of sprinters in 1993. Anthony Volsan (Merced), an eventually 1993 injured Ali Evans (Vallejo), Brian Lewis (Highlands, No. Highlands), Paul Turner (University City, San Diego), Marques Holliwell (West Bakersfield), and Shon Lewis (Wilcox, Santa Clara) were all among the top fifteen 100 meter returnees nationally. Action

heated up right from the start in February's Sunkist Indoor Meet, with Paul Turner breaking the National Indoor Record for 50 meters at 5.80, with soph Bryan Howard (Canyon Springs, Moreno Valley), after a move from West Bakersfield where he was the other half of U.S. Prep history's top frosh combo with Holliwell at 10.62 and 10.66, second at 5.84. A mid-season Arcadia/Foot Locker showdown had Turner win at 10.62, with Volsan 10.66, and Howard 10.72. Others impressive along the way were Brian Lewis, a Sacramento Meet of Champions 100m champion at 10.37w, Shon Lewis, 10.49w in Central Coast Section action, and Lindsey McDonald (Merced), who closely followed teammate Volsan's 10.42w in the Section Meet with a 10.52w.

Marques Holliwell surprised with a 10.57w Section Finals win, with Rashawn Sanders (Lincoln, San Francisco) recording a 10.40w in the San Francisco Section Finals that turned out to be a 10.43 with a hand-started Accutrack machine. A section entry mistake, such as the San Francisco area did with Sanders' 10.40, screws up the delicate balance of seeding in a championship competition such as the state meet.

Action in this event individually at the State Prelim affair was preceded by fine 400 meter

relay action featuring most of the main actors at 5:12 p.m. on Friday. Everyone seemed healthy, with a number in the 9.4-9.6 range with a flying 100 meter start.

Bryan Howard was the interesting story, with the impressive soph racing 10.50 in the Section State Qualifier with a broken bone in his foot. Two weeks previous to that 10.50 he limped through 10.99 and 22.00 qualifying efforts in the Section Div I Prelims, with some miracles of therapy and pool training keeping him able to race.

The Cerritos winds were gusting of the aiding variety (south to north) all of Friday afternoon's prelims, with no surprise when

most of the sprint and h events ending up on the "aided" lists, which were thinning magnificently on this particular season. In mind that this year with three heats, that the first two each heat automatically qualified on to the Finals, with next best times from all heats used to fill out the three places in the Finals, one featured the mis-seeded Rashawn Sanders (off-timed) 10.40 Accutrack turned out to be a 10.5 aided hand time), Brian Paul Turner, and Edward Serpas (Birmingham, Van who had raced a surprise 10.61w in qualifying action. With 2.6 meters per second wind behind the event, Lewis was off to the back with Sanders quickly left behind, but it was Paul Turner racing out of Lane 2 to the Diego section, who started steady, powerful move meters to roll past Lewis finish with a meter victory. 10.52w to Lewis's 10.6 Serpas' 10.66w in third good enough to move to the finals in this tough run. Heat 2 had Volsan, Marques Holliwell, L.A. surprise Leo Settle (Tulside, Inglewood), better as a longer sprinter (200m best), with a 10.6 best. Volsan, a USC t

receiver, started quickest, Holliswell very close. Andy slowly edged away and by about a half a meter with go. Turner, running the sprint race of his life, was going on Holliswell and Volsan, both Turner and the West field soph closing down the Merced leader as they shed the tape. Volsan was 7w (+2.5), Holliswell 10.48w, Turner 10.55w. Redlands' Johnson never saw Saturday starting line despite his 5w in fourth. Prelim race 3 Bryan Howard, Shon Lewis, Lindsey McDonald in the three lanes, with Akin Paige (Oakland Tech) starting out before the successfully got off with a meters per second aiding. The soph Howard was out carefully, and continued to lift from the field, backing off fully over the last 5-8 meters building up a two meter in, recording the nation's best clocking under any conditions this spring, 10.34w, Shon Lewis 10.54w, surging tall Stoney Jordan (In-10.56w, and McDonald 10.57w to move into the Finals.

The two week postponed Finals had Howard race 10.47 for in the National Scholastic Indoor Championships (June 10) to Floridan Tony McCall's national leader 10.31. The Finals here had Shon Lewis in 3, Howard's old West Beld teammate (hardly old soph), Marques Holliswell in Howard in 5, Volsan in 6, and Turner in 7. Edward Turner the lone no-show (lane 8), going to travel to Chicago to compete in the Keebler IPI In-At the gun it was Volsan very slightly the best reac-ued to the USC-bound star- ed to stumble the second out, falling behind Ho- with Paul Turner appear- so to have the same prob-

lem at the start of this very, very tense event. After twenty meters Howard held close to a meter lead over Turner and Volsan, with positions up front not changing all the way through the tape, with the Canyon Springs star running a near-perfect 10.43 (wind +1.60) to win over Turner 10.49 and Volsan 10.52.

The national soph record is 10.34 by Mike Bates, the Olympic 200m medalist, from Amphitheater HS in Tucson, with Howard taking down the California class best of 10.46 set by the fabulous Henry Thomas (Hawthorne) from 1983. If he stays healthy and continues to improve Howard could be California's best ever prep sprinter before graduation in two years. Elijah Jefferson (Crawford, San Diego) from 1970 is believed to be the only other soph to win a state 100m title. What Howard accomplished while injured the last five weeks of this season was truly amazing!

200 Meters

The 200 Meters was another great event on the Boys' side, with the same actors as in the 100 joined by "the new guy on the block." The saga of Calvin Harrison (North, Salinas) is an interesting one. A 48.11 400m performer two years ago at North Salinas, as a part of the Central Coast Section, where grade recording on forms in the post-league period is often incomplete. When Calvin did not show up last year it was thought that he had been a senior and had graduated. It turned out that his family had moved to Orlando, Florida, where he did not compete. Upon his return this year, he had his first big race at the late April CCS Top Eight Meet, blasting a 46.32 to win over Jack Beloney (Oak Grove, San Jose) who had been under 48.0 early on. People who saw Harrison were absolutely "gaga-gaa," with the nineteen year old (born January, 1974), obviously capable of much, much faster if pushed. Calvin was the most surprising prep on the entire national scene this spring. Shockingly enough, he had a twin, Alvin, who had run 21.10w-21.27 at this half-lap distance. At 46.32 Calvin could also fly over the 200m distance, with times as low as 20.78w and 20.95 leading up to the State Meet.

Interesting other individuals developed. Andre DeSaussure (Taft, Woodland Hills), a fine 48.37 400m performer at Royal of Simi Valley last year as a soph, had raced 20.93w in the L.A. City Meet, with Edward Turner (Morningside, Inglewood) edging soph Bryan Howard (Canyon Springs, Moreno Valley) 21.07-21.14 in the Southern Section, and Anthony Volsan (Merced) taking Brian Lewis (Highlands, No. Highlands) 21.27w-21.28w in the Sac Joaquin Section. Seven others ran under 21.60 in the State Qualif-

ying affairs, with as deep a group of 200 meter competitors as ever showed up for the State Prelims.

Volsan, DeSaussure, and Alvin Harrison toed the line in Prelims Heat 1, with the wind still gusting (2.6 meters per second), Volsan came out of the turn with a very slight lead, which he steadily built to three meters by the tape to win 21.27w-21.55w (DeSaussure and a qualifying 21.57w by surprising Pat Johnson (Redlands), who never appeared in any Invitational results this past spring. Alvin Harrison lost his balance on the turn and was forced to "wind-mill" his arms to regain his balance, an effort that could have cost him a qualifying spot (he finished less than a meter out of one at 21.66w in fifth). Heat two had Calvin Harrison (lane 5) jump straight up out of the blocks, give Brian Lewis (lane 4) and Walter Smith (McAteer, San Francisco-lane 6) a two meter head start, then proceed to absolutely blast the final 150 meters from the middle of the turn down the straightaway to a 20.86w (+2.4)-21.41w win over Kory Jones (Fremont, L.A.). Calvin is unreal! His running style features so much acceleration that one expects him to absolutely fly apart into pieces but then it turns out that he has a couple of gears left to get through! Marion Jones is the hit of any meet she is a part of but this guy was every bit as much a star during the state meet! Bryan Howard led a superior group (five at 21.51 or better) off the turn in Heat 3, with his 21.06w (+2.1) edging old rival Edward Turner (Morningside, Inglewood) 21.17w.

Again, the two week delay featured some other action, with Calvin Harrison finally meeting defeat in the Golden West Invitational, falling over-

200 meters to Charles Mitchell (Waco, Tx) 20.52-20.59, a race described as truly titanic in proportion by witnesses (Mitchell's 20.52 is #9 All-Time among Preps).

Edward Turner was absent for the Finals, with Harrison in five, Howard in six, and Volsan in seven appearing to be the main actors. The entire field was called up after an unsteady period by one or two athletes in getting into their blocks. Harrison graciously allowed the group outside of him (Kory Jones of L.A. Fremont and Leo Settle of L.A. Dorsey along with Howard and Volsan) to have a two meter lead three-quarters of the way through the turn. With long-sprinting gears no one in this state has at this time (and probably no prep locally ever has had outside of Henry Thomas or Quincy Watts), Harrison stormed past the pack, including 100 winner Howard, in a shockingly easy manner, with a sustained final 130 meter burst that had him steadily edge away to a 21.13 (wind -2.30 mps)-21.53 win over Howard, with Volsan third at 21.55.

400 Meters

The 400 had developed into a fine event statewide. Jack Beloney (Oak Grove, San Jose) had raced sub-48.0 early on, with a 47.40 best, but far behind the shocking Calvin Harrison (see 200 story above), who came into the State Meet weekend(s) with an amazing 45.92! Andre DeSaussure (say it "Day-

sha-shure"), last year at Royal of Simi Valley with a fine 48.37 as a soph, had improved mightily at Taft of Woodland Hills, racing 47.1 (along with 20.93w and 10.59w bests in the sprints). Michael Granville (Bell Gardens), a frosh who had shocked

with a 1:51.61 national frosh class 800 meter win at the Arcadia/Foot Locker Meet in mid-April, interestingly picked the 400 to concentrate in the late season, taking the Southern Section title at 47.24.

In Friday's Prelim action, Heat 1 featured Calvin Harrison and DeSaussure, with North Riverside's Jason Campbell out quickly before Calvin blew by the field during a steady backstretch move that had him roll by the 200 at 21.7, the 300m mark at 33.3, then finishing in a shocking 45.83! The State record is 45.7 by Chip Rish (Marina, Huntington Beach) from 1985, with Calvin's shocker here intrinsically better on the watch (.14 subtracted from the electronic time).. DeSaussure finished seemingly in the next county with his fine 47.37 in second. Michael Granville sat back of Ethan Taub (Foothill, Santa Ana) through a 23.2 first 200 in Heat 2, with the super-frosh rocketing the second turn in 11.4 (45.8 paces!), emerging on the straightaway with a lead that he held on into the tape at 47.98 (James Davis of Wood in Vacaville was next at 48.63). In Heat 3, Jack Beloney emerged over the final 150 meters after running evenly with Derek Favorite (Centennial, Corona) through a 22.9 200m, winning at 47.87 over the Southern Section star.

Jack Beloney (Oak Grove, San Jose) was the lone no-show for the Finals (lane 4), with Andre DeSaussure (lane 6) a quick starter one lane outside of Calvin Harrison in, at 11.0 through the first 100m around the turn. Down the backstretch, the thin, seemingly effortless striding Harrison edged up to the early leader, with the duo crossing the 200m point at 22.0. During the third 100m around the turn Harrison showed why he will be world-class, if he can stick with

the sport, blasting 11.1 through the 300m mark at 33.3, rolling down the straightaway with a lead that grew from nearly twenty meters by the 400 to 45.83. It was certainly a very special effort, with the official 45.25, a National Federation Best (old 45.5 Anthony Krum and Deon Minor of Tennessee) with the mark making Calvin #4 prep in U.S. history. Henry Thomas's 45.09 is among California high schoolers, with Harrison a chance to beat Darrel Robinson's (Wilson, Clatskanie, Wa) 44.69 from 1985. In Junior National and Pan Am Junior action through July, maybe there is another A.J. Juantorena down in Cuba who can come to Winnipeg for the Pan Am Junior Championship on July 16th and given Calvin run for his money. Preps just run close to 45 seconds without competition. Calvin day at the State Finals was one of the most special in California history!

The Finals turned out to be a replay of the late March Pasadena Games, where Nathan Woods and Vondre Armour blasted out from the gun, with Woods breaking first (finishing in 1:55.19) and Armour racing on to a 1:52.71 victory. Here, the early pace was a bit quicker, with Woods out of lane 5 and Armour out of 6 deciding neither was going to back down a bit through the second 100 meters after the cut, blazing through 200 meters under 24.0 seconds. The tough running continued through the 400 meter mark at 50.0, with Armour having a two meter lead at that point and the rest of the field 30 yards to the rear. The Bakersfield star started to edge away after the first lap point, steadily edging away around the turn and down the backstretch. By 600 meters (1:18.5) the race was over, with attention focused on Armour's ability to hold together and try to get under 1:50.0. Woods held on to second until 100 meters to go, with Jesse Camp leading the charge past the tiring star (Nathan would finish sixth at 1:58.28). Up front, Armour finished respectfully to miss the 1:50 barrier by an eyelash (1:50.13), with Camp's 1:52.97 in second probably making this 800m race the one with the widest winning margin in state meet history. With some serious preparation between now and next year, Vondre Armour can challenge the 1:46.58 National Prep Best by George Kersh (Mississippi) from 1987. His virtually solo effort once the running became tough here was most impressive!

1600 Meters

A truly hot event had eight under 4:15.0 coming into the State Meet. Brian Wilkinson (Merced) had preceded his 1:49.50 800m in early April's Fresno Relays the same day with a solo 4:08.7 1600m Distance Medley Relay 1600m baton effort, with comfortable local wins after his recovery from a serious ankle sprain spiced with a 47.5 4x400m relay carry. The weekend previous to the State Meet re-run Brian had destroyed a top group gathered from around the nation for the National Scholastic affair at UCLA with a 2:00.6 final 880 and 58.7 final 440 during a 4:11.51 win. Pleasantly surprising was a group from the San Diego section, with junior Mark Hauser (St. Augustine) taking African native Mebratom Keflezighi (say it "kah-fles-key") 4:11.33-

4:11.82 with Nazario Romero (San Pasqual, Escondido) next at 4:12.24. Ryan Wilson (Agoura) led the Southern Section charge at 4:12.82 with Morris Giddens (Gardena) 4:14.62 from the L.A. City.

Friday's two heat set-up had the first race group gauge their efforts off of Wilkinson, with Mark Hauser (2:10.7 800m), then Ryan Wilson (3:14.6 1200m) joining the Merced star at the two and three lap points. Surprising Angel Ibarra (Righetti, Santa Maria), coached by Louie Quintana's father, challenged for the lead down the final backstretch, with Wilkinson putting the field away with a 29.1 final 200m (4:15.37), with Giddens (4:16.22), Ryan Wilson (4:16.71), and Ibarra (4:17.12) also qualifying. Hauser faded to sixth in 4:22.88. Heat 2 had a pack of five separate once the serious running start, with Mike Prindiville (De la Salle, Concord) joined by Hart (Newhall) stars Brett Strahan and Gavin Klingner, with Mehbratom Keflezighi and Nazario Romero in the up-front jockeying. The 800m was passed at 2:07.2, with a 3:11.6 1200 having the long and comfortable striding Keflezighi accelerate to a 10 meter lead at the 1400m point at 3:42.9 (31.3 first 200m in final lap), with the field content to allow the San Diego High star to race away to a 4:13.07 win. Romero (4:15.07), Strahan (4:15.31), Prindiville (4:17.57), and Juan Pinal (Overfelt, San Jose) (4:17.67) took the other qualifying spots.

A two-week delayed Final had Juan Pinal take the event out at 29.7 for the first 200m and a 61.6 first lap with the entire field within seven meters. No one made the decision to really go for broke in the event early on, with the 600 meters rolling by at 1:34.0 (4:18.0

1600m pace for the lap after the first 200) with Pinal leading and Wilkinson sitting on his shoulder. At 700 meters Hart (Newhall) star Brett Strahan had enough, racing by down the homestretch before the 800m point (passed at 2:06.4), with Wilkinson responding as the Hart soph pressed the first 100m of the third lap, and Keflezighi racing by at the 1000m point at 2:38.2, with five athletes (Keflezighi, Wilkinson, Giddens, Strahan, and Prindville) separating and within four meters of each other at 3:10.0 for 1200 meters. Keflezighi would not let Wilkinson by during a 15.0 first 100m (60.0 400m pace) of the final lap. A 14.1 burst down the backstretch 100m (56.4 400m pace) had Wilkinson charge by, with the Merced star continuing constant pressure through 14.6 (1500m 3:53.6) and 14.6 100 meter segments during a 58.2 final lap that had him run 4:08.13 to win over the surprising Morris Giddens of Gardena (4:10.50).

Wilkinson, the National Scholastic Indoor and Outdoor Mile Champ, has been virtually unopposed lately against Prep competition, is another who thankfully has chosen to continue his season on to the Junior USA Track & Field Championships in Spokane, Washington, in late June, where the under-age 20 variety of competition there will include some collegiate frosh stars, the likes of 3:45.50 1500m star Eric O'Brien (North Carolina), who should sufficiently challenge our Golden State star.

3200 Meters

The 3200 featured a very strong Southern Section group, with Dan Minami (Peninsula, Rolling Hills) (9:04.13), Margarito Casillas (Hoover, Glendale) (9:04.14), Jaime Martinez (Orange) (9:05.48), Shawn Frack (Esperanza, Anaheim) (9:06.70), and Mike Love (Katella, Anaheim) (9:07.03) who were all capable of a bit faster.

Matt Farley (Jesuit, Sacramento) (9:05.11) and sophomore Jason Balkman (Lynbrook, San Jose) (9:06.90) showed potential to run with anyone off their bests in the Arcadia/Foot Locker Meet, with Mehbratom Keflezighi (San Diego) (9:11.76) an impressive San Diego section doubler, and assorted other 9:15- 9:25 types who could improve with competition. What the event needed was someone willing to go out well under 4:30 for the first 1600m, get some pacing pressure the next couple of laps, with the result a flock of sub-9:00's (but that's often the stuff that dreams are made of). What happened was an interesting competitive struggle.

Matt Farley (Jesuit, Sacramento) became the event's des-

ignated "pace-setter," rolling out at 65.7 for the first 400, pressing through a 1:39.3 600 (33.6 third 200, close to 9:00 pace). Up to the 800 point the pace started to lag a bit, with Jaime Martinez (Orange) and Mebrahtom Keflezighi (San Diego) with Farley at 2:15.0 (35.7 last 200-- about 9:25 3200 pace). The next laps continued at this 70-71 tempo, with 3:25.2 1200, 4:36.2 1600m, and 5:46.2 2000m splits, with Farley pressing just enough to stay ahead of any challenges. There were

eighteen athletes within fifteen meters through the five lap point. At the end of five laps Keflezighi had enough, definitely picking the pace up, with Farley, Martinez, Margarito Casillas, and Jason Balkman beginning to slightly edge away from the field. The San Diego High School leader took 33.9 for the first 200 of lap six, with the tough 1600m event showing slightly on the San Diego star the next 200, where he slowed to 34.0 for 6:56.0 at the end of six laps (67.9 lap six). Keflezighi, Farley, Casillas, Martinez, and Balkman were single file with two laps to go, with Farley pressing a 68.2 seventh lap to take a five meter lead over Keflezighi at the gun. Farley's 33.4 and a 31.2 200's over the final lap were much more than anyone else in the field could handle, with Coach Walt Lange's latest distance star a full five second winner over Keflezighi at 9:04.39, with he San Diegan finishing out a fine double this weekend with his 9:09.26 in second.

110 Meter Hurdles

The Highs was one of the events where on the State weekend(s) a true star of the event emerged, with a singular effort in the event's race.

Gerald Stamps (Muir, Arcadia) took the Arcadia/Foot Locker showdown at 14.22w with Gerimi Burleigh (Upland) (14.32), Drue Powell (Redlands) (14.32), and Kyle O'Neil (Bella Vista, Fair Oaks) (14.42w-14.9w) successful during the year.

In Friday's State Preliminary Heat 1 featured a showdown between Drue Powell and Gerald Stamps, with Powell winning over after the second hurdle and Stamps closing with a rush that had the Reseda star who was slowed in the season by injury, winning 14.19w (+2.6)-14.23w. 14.2, Hart (Newhall) junior, Medearis blasted the last hurdle of the event with a 3.1 m per second wind in his best race ever, a 14.11w. He had a smooth 14.28 (wind +1.1) over Bruce Dunams (Northridge) 14.39.

Finals race had Dunams (2), O'Neil (Lane 3), and O'Neil (Lane 5) absent, giving the event kind of an empty feel. Powell, fifth in the Nationalistic Outdoor Meet (5w) the previous weekend, was one of many of the nation's best runners to come here with a special determination. The Reseda runner burst out from the gun, showing speed and snap-down in the hurdles in a style that few athletes had come close to in a year, gaining a three medal by the fifth hurdle, and away to win the event by 1.90 meters in a style that did not reach, Steve Caminiti, a performer for Crespi of Encinitas in the early 1960's, very good. The time was a very impressive 13.87 (wind +1.90) the #6 time run by a prep runner this spring. Gerald Stamps (Muir), running for team in the tight battle there, second in a life time of 14.23.

300 Meter Intermediate Hurdles

Ken Haslip (Muir, Pasadena) had run a super 37.20 in late March's Pasadena Games, exhibiting a stride pattern and special determination that made him appear unbeatable this season. Kyle O'Neill (Bella Vista, Fair Oaks) had 37.58, with Coke Edmon (Bellarmine, San Jose) 37.67 and Sac Joaquin Section Champ Adrian Williams (River City, West Sacramento) (37.6) successful during the spring.

Haslip blasted a 37.09 to win Heat 1 in the Prelims by over a second. Coke Edmon was out quickly in Heat 2, with Adrian Williams charging by to win at 38.07-38.38 over Jason Medearis of Hart in Newhall. Soph Anton Hector (Esperanza, Anaheim), part of a very impressive young group of sprinters at the Orange County Football power that Coach Al Britt had to spread out into some other events, took Heat 3 at 38.43, finishing strongly to edge early leader Ruben Parrish (Atwater).

The Finals race had Haslip and others dragged back out from Spring Football to get their heads back into track once again. We suspect empty lanes one (Omar Anderson of Warren, Downey), four (Kyle O'Neil, Bella Vista, Downey) and seven (Jason Medearis, Hart, Newhall) never made it back off the spring gridiron field. Haslip (Lane 5) and Bryan Casey (American, Fremont-Lane 9), the Mt. SAC winner, were out quickly, with Haslip taking over by three meters through a 24.1 200m (the same time from his Prelims race two weeks previous). Down the homestretch it was Adrian Williams (River City, W. Sacramento) who mounted a

charge, that kept Haslip honest to the tape, with the Sac Joaquin star almost outcleaning the Muir flash, who seemed to ease off slightly at the tape. The Muir junior did end up the winner by a bare .03 seconds 37.80-37.83.

400 Meter Relay

This very explosive event is always one where team titles are sorted out, with mistakes, come-throughs, and "heads-up" challenges making things very, very exciting. Muir (Pasadena) was the state leader at 41.43, with the Bryan Howard-anchored Canyon Springs (Moreno Valley) group 41.51, Merced (41.57), North Salinas (41.63), Vallejo (41.5), and Bakersfield (41.7) all quick and significant parts of the team struggle. There would be flyers on the anchor for most of these squads!

Prelim Heat 1 action had Merced's Lindsey McDonald

blow the race open down the backstretch, with the leading team's Anthony Volsan getting the baton with a three meter lead over Canyon Springs (Bryan Howard) and University City (San Diego) (Paul Turner). Volsan cruised a 9.5 flying at 100m, with the team totalling 41.63, with Howard 9.4 (Canyon Springs 41.76 for 2nd), and Turner 9.4 (Uni City 42.03 for 3rd). Heat 2 had North Salinas and Alvin Harrison take the lead with a big backstretch leg #2, with Highlands (North Highlands) executing a fine final baton pass, putting Brian Lewis in the lead, where he blasted 9.5 for the Highland winners (41.99), with Calvin Harrison 9.6 for North Salinas (42.2 in second). Muir took Heat 3 at 42.14 over Vallejo (42.33).

The Finals race had Merced, in Lane 5, use tall powerful Lindsey McDonald to take over the lead with a screeching backstretch leg number two, with a very consistent John Muir team taking over the lead at the start of the Final leg. With a flock of individual flyers on the anchor the action was hot! Merced's Volsan blasted the quickest anchor, with the USC-bound wide receiver cranking a 9.4, with his Merced squad totally 41.42. Muir was second at 41.53, with Calvin Harrison storming 9.6 on the final leg for North Salinas's 41.63. Bryan Howard was 9.5 for Canyon Springs's 41.70 in 4th, with Paul Turner 9.6 for Uni City's 41.86 fifth place squad. Interestingly, as opposed to most other years, the favored teams in the point struggle, Merced, Muir, and North Salinas, escaped unscathed from this event that has been known to "snake-bite" many other favored groups.

1600 Meter Relay

Every track fan's dream came true in this event, with the state meet team title on the line between the favored teams, with the state's top athlete getting the baton back far enough to present a fair challenge. The Finals run here was a great close to the State meet "re-run."

North Salinas, featuring screaming legs from Alvin and Calvin Harrison, had run 3:14.97 during the spring, with a solid Foothill (Santa Ana) group (3:15.09), defending champions Morningside (Inglewood) (3:15.43), Muir (Pasadena) (3:16.23), and Bakersfield (3:16.71) dangerous.

Heat one in the Prelims had Alvin (47.1) on leg two, and Calvin (45.3) on anchor, taking North Salinas (3:14.73) to a win over Highlands (North Highlands) (3:17.84). Some revenge was in store here for the 100m baton event earlier in the evening, Highlands had defeated the North Salinas crew. It would turn out that the North Salinas group would be warned in the Finals "re-run" day to be careful about behavior that could be interpreted as "taunting" teams they were competing

against which could result in disqualification.

Heat 2 in the Prelims had Vondre Armour screech a 46.6 anchor leg to edge Foothill (Santa Ana) 3:14.98-3:14.99. Morningside, headed for their usual fine peak at this meet, took Heat 3 with steady 49.5-49.2-50.3 and a 47.8 anchor from Edward Turner in their 3:16.80 twelve meter win over Muir (3:18.26), with Ken Haslip 48.3 on the anchor.

The Finals race was a classic. Merced, slowest qualifier for the 4x400 final at 3:20.31, was in first place as a team going into this final event with 34 points, with North Salinas and Muir, also in the 4x400 final, next with 26. Relay teams had sufficient motivation to run! Basically, North Salinas had to beat Merced by five places to win the team title. It appeared Calvin Harrison could do whatever it took to pull the win off, with Merced needing to score better than fifth, a pretty stiff chore, to prevent a North Salinas clear victory. It turned out that Merced was lucky when defending champion Morningside's Edward Turner went to Chicago for the Keebler Invitational and the remaining Monarchs were disqualified for too many steps on the line. Anyway, fans of the sport rubbed their hands in anticipation!

Consistent Muir held the lead through the first leg at 49.5 (Foothill 49.7 was next, with North Salinas way back at 51.3). Alvin Harrison stormed by everyone during the second leg, concentrating on his running totally this week, cranking a 46.0 leg that put his team slightly up on the consistent Foothill squad. North Salinas had a 51.7 third leg, with Foothill 48.4 there to move to a ten meter lead going into the anchor lap. One really forgets how much ground someone who can run 45 seconds can make up on

some other pretty fine quarter milers, with Calvin rather sure of his abilities. As he screeched up to Foothill's Ethan Taub on the backstretch, Calvin was psyched up enough to take the time to turn to the side and tip the baton to the crowd, adding to the crowd's amazement of his abilities as he blasted past the Foothill anchor on the way to a 45.0 split that had his squad win 3:14.19-3:14.99. Taub raced a fine 47.9 for the Foothill team.

Not wanting to ignore any of his fans, Calvin had tipped the baton to the large homestretch crowd twice, drawing an immediate red flag from the officials.

This thing was really getting interesting. It turned out that when Coach Ed Barber from North Salinas was called to the Coaches Corner before the start of the State Meet "re-run," he and his team were specifically warned about behavior that might be considered "taunting" or unsportsmanlike towards other teams in the race. It was related that Coach Barber's response was that if it happened again that meet officials should disqualify the team. Oh boy, it seemed like we had to split some hairs here! Meet management huddled in the center of the field with rule books open, trying to interpret if Calvin's behavior, which did not seem directed at any specific athlete, could be interpreted as unsportsmanlike enough to warrant disqualification. After some discussion the North Salinas crew was celebrating, with it obvious that the disqualification not allowed.

Muir did finish fourth in the relay event, with Merced, anchored by Brian Wilkinson at 48.7, fifth at 3:18.70, with the point totals a 36 point tie between North Salinas and Merced for the State team title. It was an amazing close to a very, very interesting 1993 State Meet.

High Jump

A very fine group had developed statewide in this event. Jeff Nadeau (Monroe, Seaside) shocked with a mid-air fall, a dual clearance, a dual clearance that had the University of California-bound football star take over twenty jumps! Jerrold Camarillo (Camarillo) had more foot jumps than any athlete in the nation this spring, with best, Todd Kelly (Big Valley) had leaped 7-1/2, with Lloyd (Eisenhower, Rialto) Brian Carlson (Katella, Arroyo Viejo) 7-footers during the season.

It took 6-7 on your second clearance to make the Finals from Friday evening's pre-meet. Casualties do happen along the way, with 7-footer Carlos Lloyd, 6-10 jumpers Jay L. (Sonoma, La Habra), Leva Beloney (Del Mar, San Jose), David Shumsky (Palisades, New York), Mike W. (Palisades), Mike W. and Randy Martin (Clovis, Fresno) among the non-qualifiers. 6-10 the crowd really start-

hat defies description.
u's style can best be de-
d as "ultra-casual," with
six strides to his entire
s, with only the last three
ng any speed or concen-
s. Jeff's explosion at
ff is as dynamic as any
who has ever appeared
igh Jump apron, with his
oming across as very
s, as contrasted to the
ie concentration and
ccelerating run-up of
athletes. It is amazing to
adeau sail over very high

heights with basically a couple
of stride approach!

With only Kelly, Fischer, and
Nadeau left at 6-11, both Kelly
and Fischer passed. Nadeau
was over on his first trial, with
the trio all sailing over 7-0, con-
tinuing to draw great crowd at-
tention. At 7-1 Kelly was close,
but could not clear in his three
attempts, with Fischer requiring
three attempts to be success-
ful, with Nadeau continuing to
delight with a first height clear-
ance. Fischer could not get
over 7-2, despite fine attempts,
with Nadeau missing once, then
sailing over once again to the
crowd's continued enjoyment.
Nadeau then put the bar up to a
State Meet Record 7-3 1/2, fail-
ing to clear despite a group of
good attempts.

Jeff is considered a very fine
prep defensive back, with the
lad appearing to have frighten-
ing potential for the University
of Arizona track team should he
get serious there in the spring.

Pole Vault

The Pole Vault was maybe
the state's best event this
spring. Tye Harvey (Sonora) led
the nation among preps at 17-1,
with Scott Slover (Leland, San
Jose) (16-10), Jesse Stern
(Harvard-Westlake, North Holly-
wood) (16-4), Brandon Vance
(Los Gatos) (16-3), David Gehrke
(Diamond Bar) (16-2), and
Robbie Weighall (Highland, Ba-
kersfield) (16-0) leaders of a
great group!

Qualifying was very tough,
with eight qualifiers at 15-4 and
one at 15-0. There was not room
for the fifteen fifteen-footers
who qualified for the prelims to
move on to the Finals, with Da-
vid Gehrke the only of the 16-
footers to not move on.

The "Re-run" Meet date had
some tricky winds, making Cer-
ritos, as it often is, not a real
pleasurable place to get your
timing down consistently in the
Vault. There was some good,
but not the great vaulting one
hoped for.

The bar started at 14-2, with
Ben Stark (Porterville), the lone
15-0 qualifier (all others cleared
15-4 in the Prelims), needing
three attempts to be successful
there. Robby Weighall (High-
land, Bakersfield), Brandon
Vance (Los Gatos), Tye Harvey
(Sonora), and Scott Slover (Le-
land, San Jose) passed that
first height, with Vance flubbing
up as he failed to clear the next
14-8 standard, with Stark also
going out at that level. Seven
were still in as the bar was
raised to 15-2, with Gary Van
Sluis (El Modena, Orange),
Chris Buddin (Orange Glen, Es-
condido), Jesse Stern (Harvard-
Westlake, North Hollywood),
and Tom Ryan (Bellamine, San
Jose) clearing. At 15-2 both
Harvey and Slover passed,
showing supreme confidence,
with the other five left men-
tioned above all clearing that

height. 15-6 had Ryan, Stern,
and Van Sluis unsuccessful,
finishing in that order in places
5-6 and 7. Weighall, Harvey,
and Slover were over 15-6 on
their first attempt, with Buddin
taking two attempts to clear.

At 15-10 Harvey passed
once again, with Buddin miss-
ing three times, and Weighall
and Slover over on their third
trial. Whether it was the wind,
the two week wait, or whatever
it just did not seem that the field
developed the momentum that
one hoped it would. At 16-2
Weighall and, surprisingly, Har-
vey (17-1 best) missed three
times, with Slover again a
strong third effort clearance.
Harvey fell back to third with his
pass at 15-10. Slover had the
bar placed at 16-6, a height that
he could not clear this day.

Long Jump

The State had a respectable group of jumpers this spring, with some of the better athletes--LaMonte Adams (Nogales, La Puente, 23-10 1/4), Jackie Frazier (Madera, 23-10), Chuck Bishop (Taft, 23-9) -- not qualify for the Finals.

Derrick Mitchell (Mt. Eden, Hayward), felt by many to be the State's best all-around jumper, led qualifying with a 24-1 1/2w (+4.05) effort, with Bryan Clark (Fremont, L.A.) 24-1 1/4 (+1.05) continuing to surprise. Great all-arounder Edward Turner (Morningside, Inglewood) 23-10 1/2 (+1.1) was a bird. With LeAndrew Childs (Morningside, Inglewood) (23-11/24-8 3/4w seasonal bests) and others along the Finals could be a fine one.

Edward Turner attended the Reebok Invitational in Chicago and was not present for the Finals. The wind was of the aiding variety for the "Re-run" affair, but big efforts were not the order of the day for most. Through the first three efforts by all jumpers, Jesus Reyes (Chino) 23-5 3/4w (+2.69), Bryan Clark 23-2 3/4w (+2.05), and Jamal Chase (Quartz Hill) 23-2 1/2 (+1.82) were the only people out over 23 feet. LeAndrew Childs blew things open on

the fourth round, blasting a 24-0w (+3.10) that withstood a 23-11 3/4w (+3.78) final effort by Reyes to take the event.

Triple Jump

The state really developed a fine group of jumpers--easily the best in the nation overall--during the spring. Ty Gaines (Palm-dale, 50-1 3/4), Derrick Mitchell (Mt. Eden, Hayward, 50-1 3/4w-48-2 1/2), Mel Moultry (Beverly Hills, 50-0 1/2w-48/7), Tony Parrish (Marina, Huntington Beach, 49-11 1/4), Xavier Howell (Poly, Long Beach, 49-5 1/2), and Brandon Doss (Bella Vista, Fair Oaks, 49-1), could all do some real damage.

7-2 1/4 High Jumper Jeff Nadeau (Monroe, Sepulveda) emerged from the early Prelim flights with a 48-4 3/4w (+2.2) eventual qualifier. The final seven listed jumpers (top marks from Section Finals) all ended up qualifying, with Von Ware (Rancho Buena Vista, Vista) 48-6 3/4w (+3.9) also making the

nine on to the Finals. Tony Parrish (Marina, Huntington Beach) had blasted a towering 51-0w (+2.1) on his first attempt (then passed the final two) to lead all qualifiers. Xavier Howell (Poly, Long Beach) improved to 49-10 3/4 (+2.0), with a mighty fine crew coming to the runway for the Finals here.

The Finals would prove to be interesting, with the winds of the fairly mellow variety. Mel Moultry cranked it out to 49-2 3/4 (+1.37) on his first effort which held the lead until the final jumper, Tony Parrish blasted 50-6 1/2 (+1.99). No one else was over 48-0 through three rounds, with Parrish continuing to stretch his lead to 50-11 3/4 (+1.42). Ty Gaines moved into third with a 48-9 1/4 (+0.88) fourth jump, with surprising Jason Sergeant (Vallejo) 48-7 (+1.30) on his fifth effort. Von Ware powered a big lifetime best 49-8 (+0.76) on his final effort to move into second place, with Parrish 49-8 3/4 (+0.67) and 49-9 1/4 (-1.33) on his final two jumps. Parrish, University of Washington bound, improved very steadily during the season and should be a fine College jumper.

Shot Put

Tyson Lingenfelter (Upland) at 63-11, was the national leader, with Chad Pearce (Trabuco Hills, Mission Viejo) (60-11) and late-season 60-footer Jason Young (Piedmont Hills, Jose) (60-2 3/4) the leaders coming into the State Meet.

Prelim action was pretty predictable, with the final eight athletes listed (off marks from Section Finals) all throwing enough to move onto Saturday with Scott Bein (St. Francis Mountain View) (54-4) leapfrogging over a few with attempts to come in for the ninth position. Lingenfelter was 63-11 with Wade Tift (Newport Beach, out of Colton) Tony Ciarelli's fabulously successful weight program, was second at 57-6 3/4.

During the two week dead period Ty Lingenfelter had to up with the nation's other thrower, Tyrone Garland (Monticello, Aberdeen, NJ) (64-1) with Lingenfelter winning on a better back-up mark when he threw 63-7 at the Golden Valley Invitational.

The Finals competition had Jason Young open up at 57-1 1/2, with Lingenfelter responding with a 59-6 first toss. Chad Pearce slowly improved with 7 1/4 and 57-6 1/2 while the other leaders each fouled a couple of times. Young was 58-6 on throw number four, with Wade Tift out to 57-2 on his fourth throw to strengthen his hold on fourth. Lingenfelter added 59-0 1/2 and 60-9 1/2 throws on his final two efforts to cement the win, before he came the latest area prep to leave the state as he was

DISCUS

had Peare (Trabuco Hills, on Viejo) traded dominance with Ty Lingenfelter (Upland), with the Orange County usually taking the Discus, he had one of the nation's best marks with a 191-11, the Upland star taking the wall Shot Put event. Lingenfelter had a 181-6, besting into the State Meet end.

avis Nutter (Amador Valley Pleasanton) led the Prelims his 176-11 opener, with (170-10) and Chris Conrad (Brea-Olinda, Brea) (170-3) only other athlete over 170 that date.

Wilkerson (Clovis West, no) did not show up for the scheduled Finals. Conrad unfortunately fouled each of his round throws, not moving

on to the Finals. Peare (173-5), then Nutter (175-3) were the only athletes over 170-0 through three throws. Lingenfelter lofted out to 171-1 on his fourth effort, with Peare following with a 182-2 effort, and Nutter continuing to improve slightly at 176-3. Nutter finished a very fine day with a 178-9 effort on the event's final toss, not quite catching Peare's best for the day (and the win).

CIF / Reebok California State Meet

Girls

By Keith Conning

100 Meters

Marion Jones (Thousand Oaks) set the National Federation and State Meet record of 11.14 at Cerritos College on June 6, 1992.

The top three qualifiers were senior Marion Jones 11.31; sophomore Andrea Anderson (Poly, Long Beach) 11.58; and sophomore Aminah Haddad (Poly, Long Beach) 11.67.

Marion Jones won in 1990 (11.67w), in 1991 (11.17), and in 1992 (11.14).

The United States Leaders List entering the State Meet included four Californians: Marion Jones, the national leader at 11.31, Andrea Anderson 11.54, Aminah Haddad 11.66, and sophomore Keisha Backus (Wilson, Long Beach) 11.78.

The first two finishers from each heat and the next three fastest times qualify for the final.

Marion Jones, the Southern Section champion at 11.31 (+1.3), won the first heat in 11.28 (+1.4)—it was the fastest time in the nation this season. Keisha Backus, fourth in the Southern Section at 11.78, was second in 11.65. Junior Bisa Grant (Bishop O'Dowd, Oakland), second in the North Coast Section in 11.96 (+2.02), placed third in 11.93. Senior Oshonda Posey (North Hollywood), the Los Angeles Section champion at 11.94w, was fourth at 12.14.

Andrea Anderson, second in the Southern Section at 11.58, won the second heat in 11.74 (+2.3). Sophomore Kelli White (Logan, Union City), the daughter of the 1956 State Meet 100 yard dash champion Willie White (Jefferson, Los Angeles) and the North Coast Section

champion in 11.91 (+2.02), placed second in 11.93. Junior Tai-ne Gibson (Morningside, Inglewood), fifth in the Southern Section at 11.92, placed third in 12.05.

Aminah Haddad, third in the Southern Section at 11.67, won heat three in 11.59 (+3.1). Junior Ebonie Henderson (Bakersfield), the Central Section champion in 11.92, placed second in 12.02.

Marion Jones, the three-time defending champion, won the final in 11.61 (-3.00). She became the first state meet contestant to win a sprint for a fourth straight year.

Dave Hurlbert of Loara High, the track announcer, called her "the greatest high school sprinter of all-time." Please see my story (Marion Jones vs. Chandra Cheeseborough) in the Prep Notes section of this issue.

Andrea Anderson, third last year in 11.79, placed second in 11.85. Aminah Haddad, second last year in 11.73, was third in 12.07. Next year, Anderson and Haddad won't have to run against Jones.

"In a way, I'm sorry to see her go," Anderson said to Steve Irvine (*Long Beach Press-Telegram*). "Running against somebody that good these past two years makes you better."

200 Meters

Marion Jones (Thousand Oaks) set the National Federation record of 22.67 in 1992. Jones set the State Meet record of 22.71 in the trials at Cerritos College on June 5, 1992.

The top three qualifiers were senior Marion Jones 23.00; sophomore Andrea Anderson (Poly, Long Beach) 23.64; and sophomore Aminah Haddad (Poly, Long Beach) 23.83.

Marion Jones won in 1990 (23.71), in 1991 (22.91w), and in 1992 (22.83).

The U.S. List included four Californians: Marion Jones, the

national leader at 23.00, Andrea Anderson 23.60, Aminah Haddad 23.67, and sophomore Keisha Backus (Wilson, Long Beach) 23.96.

Marion Jones, the Southern Section champion at 23.00 (-0.3), won heat one in 23.00 (+2.5). Junior Bisa Grant (Bishop O'Dowd, Oakland) placed second in 23.96. Junior Tai-ne Gibson (Morningside, Inglewood), fifth in the Southern Section at 24.24, was third in 24.53.

Andrea Anderson, second in the Southern Section at 23.64, won heat two in 23.77 (+2.5). Sophomore Kelli White (Logan, Union City) placed second in 24.33. Senior Lisa Bittner (Leigh, San Jose) was third in 24.88.

Aminah Haddad, third in the Southern Section at 23.83, won heat three in 23.69 (+2.7). Keisha Backus, fourth in the Southern Section at 23.96, placed second in 24.06. Tamika Brown (Fort Bragg) placed third in 24.88.

Marion Jones, the three-time defending champion, won the final in 23.14 (-2.10). She also set a state record for individual titles with nine. Jones ran the first 100 meters in 11.14. She was allowed to run a relay lap.

"That was for the people who have been with me for years, people who have seen me grow up," Jones told Michael Rosenthal (*Daily News*). "It definitely feels strange that it's over. It's a little sad I won't be running in front of my home town."

"But come to Atlanta, site of the 1996 Olympics, you'll get to see me."

"I was happy the corner (Tom Byrnes) got the out of the way and let the athletes have their meet," Jones said to Damin Esper (*Costa Times*).

"Today was a very special

"I said Jones to Gregor (Santa Barbara News Press). "I was excited when I found out they were going to the meet and that it was going to be my last high school meet."

"I want to thank my parents, friends, and all my supporters. I kept my focus through high school. I trained hard and did not get hurt. I think I have a strong heart and am able to dig down deep."

"I wasn't nervous," said Jones to David Kirvin (News Chronicle, Thousand Oaks). "I proved myself to be the dominant sprinter. I hope it wasn't sound cocky, but I know I would win today. There was no way I was going to lose."

"I just wanted to do the best I could," said Jones to David Kirvin (News Chronicle, Thousand Oaks).

"Definitely it feels weird," said Jones on the end of her career. "Each year at this time I always had next year to look forward to."

"I thought I would show a little emotion for once," Jones said to John Ortega (Los Angeles Times).

Aminah Haddad, second last year in 23.97, placed second in 23.71. Andrea Anderson, fourth last year in 24.15, moved up to third in 23.73.

400 Meters

Denean Howard (Kennedy, Granada Hills) set the National Federation and State Meet records of 52.39 at Edwards Stadium in Berkeley in 1980.

The top three qualifiers were senior Lashawn Stringer (Morningside, Inglewood) 54.80; senior Latasha Prothro (Poly, Long Beach) 55.35; and senior Asha Jayasinghe (Arcadia) 55.47.

The U.S. List included two Californians: Lashawn Stringer 54.80 and junior Jeronda White (Morningside, Inglewood) 55.08.

Lashawn Stringer, the Southern Section champion at 54.80, won heat one in 55.71. Jeronda White, fifth in the Southern Section at 56.31, placed second in 56.23. Freshman Crystal Miles-Threat (Bishop O'Dowd, Oakland) was third in 56.55.

Latasha Prothro, second in the Southern Section at 55.35, won heat two in 55.80. Sophomore Tiffany Roberts (Carondelet, Concord), an All-American soccer player, placed second in 56.19. Junior Felesha Williams (Morningside, Inglewood), fourth in the Southern Section at 56.13, was third in 56.33.

Asha Jayasinghe, third in the Southern Section at 55.47, won heat three in 55.65. Freshman Lana Garner (Morse, San Diego) placed second in 56.04. Senior Malika Freeman (Skyline, Oakland) was third in 56.13.

Asha Jayasinghe, fourth last year in 56.32, won the final in 55.45. Her splits were: 27.6, 27.7. It appeared that she was picking up the pace over the second 200 meters, but it is all relative. What was actually happening was that the rest of the field was slowing down and Asha was maintaining her same pace. Jeronda White, fifth last year in 56.41, placed second in 55.72. Crystal Miles-Threat was third in 55.78.

Joetta Clark (Maplewood, New Jersey) set the National Federation record of 2:04.5 in 1980. Trena Hull (Compton) set the State Meet record of 2:04.91 at the Los Angeles Coliseum in 1984.

The top three qualifiers were freshman Sherron Rhetta (Poly, Long Beach) 2:11.76; senior Miesha Marzell (Bishop O'Dowd, Oakland) 2:11.94; and senior

Christie Engesser (Ocean View) 2:12.88.

Miesha Marzell won in 1992 at 2:10.29.

The U.S. List included four Californians: Miesha Marzell 2:11.69, Sherron Rhetta 2:11.76, Christie Engesser 2:12.05, and senior Vicki Fleschner (Fortuna) 2:12.97.

Sherron Rhetta, the Southern Section champion at 2:11.76, won heat one in 2:14.00. Freshman Candace Miles-Threat (Bishop O'Dowd, Oakland) placed second in 2:14.08. Sophomore Kristie Johnston (Central, Fresno) was third in 2:14.30. Junior Kam Mayberry (St. Bernard), third in the Southern Section at 2:13.16, was a non-qualifying fourth in 2:16.25.

Miesha Marzell, the North Coast Section champion at 2:11.94, won heat two in 2:12.87. Senior Melanie Har (Fallbrook, San Diego) placed second in 2:13.41. Senior Brenda Stewart (Locke, Los Angeles) was third in 2:14.17. Senior Barbie Jones (San Marcos), fourth in the Southern Section at 2:15.01, was fourth in 2:14.21.

Christie Engesser (Ocean View), second in the Southern Section at 2:12.88, won heat three in 2:14.92. Fleschner, second in the North Coast Section at 2:14.12, placed second in 2:15.61.

Miesha Marzell, the defending champion at 2:10.29, won the final in 2:09.13. It was the fastest time in the nation this season. Marzell's splits: 1:00.3, 1:08.8.

"This is just the best meet we've ever had and we ended our season with good team performance," said Marzell to Matt Maiocco (Oakland Tribune).

"This has been a close to the whole year, and to finish like this is just great."

"It's been a long three

Kristie Johnston, who ran a n-qualifying 2:16.87 in her at last year, placed second 2:11.65. Sherron Rhetta was rd in 2:11.68. Christie Engesser, second last year, finished eighth in 2:17.03.

"Grad night we were up to 5," Engesser said to Kim Berkshire (*Los Angeles Times*). "We stayed in the gym all night. It is great. It was no different me than anyone else."

Fortuna's Vicky Fleschner, who placed fifth, said to Engesser: "It's not the end of the world. There will be other races. It was weird out there." With Fleschner and Engesser attend Oregon next year.

1,600 Meters

Polly Plumer (University, Irvine) set the National Federation and State Meet records of 4:39.92 at Hughes Stadium in Sacramento in 1982.

The top three qualifiers were senior Milena Glusac (Fallbrook) 4:52.86; senior Erica Sumi (Wilson, Long Beach) 4:58.48; and sophomore Claire Becker (Bonita Vista) 4:58.60.

The U.S. List included four Californians: Milena Glusac 4:51.66, sophomore Amy Skieresz (Agoura, Agoura Hills, 4:53.97, who did not qualify for the State Meet), Claire Becker 4:56.20, and Erica Sumi 4:58.48.

The first three in each heat plus the next three fastest times qualify for the final.

Milena Glusac, the San Diego Section champion at 4:52.86, won heat one in 5:00.48. Senior Christina Blackmer (Upland), fifth in the Southern Section at 5:07.92, placed second in 5:02.14. Sophomore Carrie Caulkins (Esperanza), second in the Southern Section at 5:05.30, was third in 5:02.35. Senior Kat Kechris (Venice) was fourth in 5:04.62.

Erica Sumi, the Southern Section champion at 4:58.48, won heat two in 4:59.22. Senior Michelle Muething (Amador Valley, Pleasanton) placed second in 5:00.08. Junior Joanna Cerri (Downey, Modesto) was third in 5:01.50. Junior Lori Fancon (Taft) was fourth in 5:01.98. Claire Becker, second in the San Diego Section at 4:58.60, was fifth in 5:03.16.

Milena Glusac won the final in 4:50.83. Glusac splits: 1:11.5, 1:13.1, 1:14.7, and 1:11.8. It was the second fastest time in the nation this season. Last year Glusac won the San Diego Section in 4:52.6, but passed up this race in order to

"I could have gone under 50 (in the 1,600) if it was my only race," said Glusac to Steve Brand (*The San Diego Union-Tribune*).

Erica Sumi placed second in 5:00.15.

"I felt tired the whole time," said Sumi to Steve Irvine (*Long Beach Press-Telegram*). "I think she (Glusac) just maintained (the pace) and I didn't."

Carrie Caulkins was third in 5:01.01.

3,200 Meters

Erin Keogh (McLean, Langley, Virginia) set the National Federation record of 10:03.19 in 1987. Cory Schubert (Del Mar, San Jose) set the State Meet record of 10:08.14 at Memorial Stadium in Bakersfield in 1987.

The top three qualifiers were senior Milena Glusac (Fallbrook), the San Diego Section champion at 10:47.77; junior Kim Nelson (Canyon, Anaheim) the Southern Section champion at 10:48.13; and senior Karin Bockel (Nordhoff), second in the Southern Section at 10:48.53.

Glusac won in 1992 at 10:28.62.

The U.S. List included five Californians: Glusac, the national leader at 10:26.72, Michelle Aparcio (Fillmore), 10:42.39, who did not run in Southern Section Masters Meet), Bockel 10:48.00, and

IF / Reebok California State Meet

Carrie Garrison (Buena Vista) 10:48.74+ indoors.

Milena Glusac, the defending champion at 10:28.6, won the 1600 meters. Glusac finished her career with three state titles. Sara Jakel (Sonoma Valley) led the first lap of the race in 2:37.6 (1:17.8), 3:55.4 (1:17.8), 5:19.9 (1:20.5), 6:39.2 (1:20.3), 8:02.6 (1:23.4), 9:28.8 (1:22.2), 10:42.68 (1:13.8).

"I knew that somehow I would have the state meet," Glusac said. (The athlete) would come in the middle of August if that was their priority. If they hadn't had the state meet, I would have been angry. Just people with power trying to take things away from the athletes. The last two weeks have been very calm before the meet. I realize that any day I could wake up and be sick or it could rain."

Freshman Kellie Campbell (Pomona Del Mar, Southern Section) placed second in 15.78. "I didn't think I'd do that well," Campbell said to Thompson (*The Orange County Register*). Junior Gabriela Rodriguez (Oakland, Southern Section) placed third in 11:04.13. Six finalists including Karin Bockel, did not start.

"I'm very pleased," said Rodriguez to David Kirvin (*News & Courier*, Thousand Oaks). "I wanted to get a medal. This is not better than coming in overall."

"I felt slower than the last weeks. But finishing third, I was very excited about it. Having Milena run and go out so fast actually made it easier. I focused on her and she helped me along."

Dawn Bowles (South Plainfield, New Jersey) set the National Federation record of 13.33 in 1988. Janeene Vickers (Pomona) set the State Meet record of 13.34 at Hughes Stadium in Sacramento in 1987.

The top three qualifiers were sophomore Jennifer Odom (Independence, San Jose) 14.44; junior Bisa Grant (Bishop O'Dowd, Oakland) 14.47; and junior Miesha McKelvy (Gahr) 14.50.

The U.S. List included two Californians: Bisa Grant 14.24 and Jennifer Odom 14.2.

Jennifer Odom, the Central Coast Section champion at 14.44, won heat one in 14.37 (+2.5). Senior Cavetra Mitchell (Los Alamitos) placed second in 14.78. Freshman Ayana Grant (Bishop O'Dowd, Oakland) was third in 14.92.

Bisa Grant, the North Coast Section champion at 14.47, won heat two in 14.39 (+3.5). Senior Tanyita Watkins (Walnut), fifth in the Southern Section at

15.13, placed second in 14.78. Junior Sunshinne Peterson (Logan, Union City) was third in 14.81.

Miesha McKelvy, the Southern Section champion at 14.50, won heat three in 14.45 (+2.7). Senior Cheeza Figueroa (Quartz Hill), second in the Southern Section at 14.52, placed second in 14.70. Junior Jenny Berrien (Berkeley) was third in 14.90.

Bisa Grant, eighth last year in 14.83, won the final in 14.11 (-1.70)—it was the third fastest time in the nation this season. Grant got out to a great start.

"I was really hyped up to run fast," Grant said to Matt Maiocco (*Oakland Tribune*).

Cavetra Mitchell placed second in 14.52. "I felt like I would lose," Mitchell said to Jana Thompson (*The Orange County Register*). "I got a great start and I just tried to catch her."

Miesha McKelvy was third in 14.53.

300 Meter Intermediate Hurdles

Leslie Maxie (Mills, Millbrae) set the National Federation record of 40.18 at the Northern California Championships at Edwards Stadium in Berkeley on May 26, 1984. Janeene Vickers (Pomona) set the State Meet record of 40.26 at Hughes Stadium in Sacramento in 1987.

The top three qualifiers were freshman Nicole Thomas (Morningside, Inglewood) 43.40; sophomore Jennifer Odom (Independence, San Jose) 43.7 and senior Yuko Takenaka (San Marino) 44.30.

The U.S. List included three Californians: junior Angela Harris (Skyline, Oakland) 42.4, senior Karen Vigilant (Wilson Long Beach) 43.31, who was disqualified in the Southern Section Masters Meet for competing in five events, and Nicole Thomas 43.50.

Nicole Thomas, the Southern Section champion at 43.4, won heat one in 44.35. Senior Sara Garcia (Woodland) placed second in 45.15.

Angela Harris, the Oakland Section champion at 44.55, won heat two in 43.34. Senior Crystal Buck (Fontana), fourth in the Southern Section at 44.73, placed second in 44.3. Junior Cathy Prater (Agoura), fifth in the Southern Section at 44.88, was third in 45.18.

Sophomore Jennifer Odom (Independence, San Jose), the Central Coast Section champion at 43.74, was a non-qualifying seventh in 46.74.

Junior Carlene Jones (Morse, San Diego) won heat three in 44.47. Junior Kim Veeder (Los Gatos) placed second in 44.52. Yuko Takenaka

a, second in the Southern Section at 44.30, was third in 47.3. Junior Kim Couvson (American, Fremont) was fourth in 45.00.

Angela Harris won the final in 2:78. Crystal Buck (Fontana) placed second in 44.80. Yuko Takenaka, who was running in third place, stumbled and fell on the last hurdle. Cathy Prater was third in 45.29.

"I didn't see her fall, so it doesn't matter to me," Prater said to Doug Thompson and David Kirvin (*News Chronicle, Thousand Oaks*). "After all I went through to get here, I'm just incredibly happy to finish third."

"Each week I barely slid in here, and I kept thinking this was my chance. It's been a long year and I'm done running for a while. I'm still in shock. I never dreamed I could do this well. I'm very thrilled. My goal was just to qualify for the Masters Meet."

Prater was the last qualifier into the CIF Masters Meet and the last qualifier into Saturday's finals as well.

"I had nothing to lose," said Prater. "I wanted to go out and prove that I was better than the qualifying time."

400 Meter Relay

Hawthorne set the National Federation record of 45.11 at Walnut in 1985. Berkeley set the State Meet record of 45.13 at Cerritos College in 1981.

The top three qualifiers were Poly (Long Beach) 45.97; Morningside (Inglewood) 46.75; and Skyline (Oakland) 46.87.

Morningside won in 1991 (46.38) and in 1992 (46.34).

The U.S. List included seven teams from California: Poly, the national leader at 45.59; Morningside 46.57, Skyline 46.61, Etiwanda (Rancho Cucamonga) 46.95, Wilson (Long Beach) 47.09, who was disqualified in the Southern Section for using Karen Vigilant in five events; Logan (Union City) 47.10, and Muir (Pasadena) 47.39.

Poly, the Southern Section champion at 45.97, won heat one in 46.08. Logan, the North Coast Section champion at 48.0, placed second in 47.02. Morse (San Diego) was third in 47.79. Los Gatos was fourth in 48.85.

Morningside, second in the Southern Section at 46.75, won heat two in 47.87. Muir, fourth in the Southern Section at 48.34, was second in 48.18.

Skyline, the Oakland Section champion at 46.87, won heat three in 46.63. Etiwanda, third in the Southern Section at 47.29, was second in 47.35. Pomona, fifth in the Southern Section at 48.51, was third in 48.09.

Skyline improved to 46.05, the second fastest time in the nation, at the Golden West Invitational.

Poly, who dropped the stick in their 1992 league finals, won the final in 45.74. Poly was composed of Ja'Launa Gilford, Aminah Haddad, Latasha Prothro, and Andrea Anderson. Gilford was substituting for an injured Channelle Anderson. Skyline, second last year in 47.75, placed second again in 46.33. Etiwanda was third in 47.11.

1,600 Meter Relay

Muir (Pasadena) set the National Federation record of 3:37.69 at Walnut. Kennedy (Granada Hills) set the State Meet record of 3:37.71 at Cerritos College in 1981.

The top three qualifiers were Morningside (Inglewood), 3:44.93, Bishop O'Dowd (Oakland) 3:48.57, and Logan (Union City) 3:49.65.

Morningside won in 1990 (3:44.16). Poly (Long Beach) won in 1991 (3:48.85) and in 1992 (3:45.91).

The U.S. List included five teams from California: Skyline, the national leader at 3:43.0, Morningside 3:44.93, Poly

(Long Beach) 3:45.09, Log 3:47.4, and Bishop O'Dowd 3:47.9.

Bishop O'Dowd won heat one in 3:51.33. Morse placed second in 3:52.31. Skyline, Oakland Section champion at 3:56.43, was third in 3:53.

Morningside, the Southern Section champion at 3:44, won heat two in 3:54.00. University (Los Angeles) was second in 3:55.78. Arcadia, the Southern Section at 3:54.39, was third in 3:57.

Poly, second in the Southern Section at 3:50.80, won heat three in 3:48.65. Log placed second in the North Coast Section at 3:49.65, was second in 3:56.75. North (Riverside) in the Southern Section at 3:55.92, was third in 3:57.

Poly, the defending champion at 3:45.91, won the final in 3:42.75--it was the fastest in the nation this season.

Poly team was made up of Aminah Haddad, Ja'Launa Gilford, Latasha Prothro, and Andrea Anderson. There splits were 58.3, 55.6, 56.0, 53.1. Skyline placed eighth last year in 3:55.27, placed second in 3:43.35. Skyline team was composed of Reyna Goodwin 58.4, Malika Freeman 54.9, Smoke Washington 56.7, and Angela Harris 53.1. Bishop O'Dowd, third last year in 3:47.84, was third again in 3:44.96. The O'Dowd splits were: 58.2, 1:53.4 (55.2), 2:50.1 (56.6).

"I wasn't sure how close (Angela Harris) was," said Andrea Anderson, who ran the anchor leg in both relays, to Irvine (*Long Beach Press-Telegram*). "Coming around the final turn, I could see her slow and then I knew she was close."

High Jump

Amy Acuff (Calallen, Corpus Christi, TX) set the National Federation record of 6-3 in 1992. Trese Johnson (Clovis) set the State Meet record of 6-2 in 1995.

The top five qualifiers were senior Kayla Ross (Newport Harbor); senior Kim Blankenship (Torrance); senior Tracye Lawyer (Cate); sophomore Tina Bowman (Newport Harbor); and senior Danielle Boswell (Bullard, Sno.). All cleared 5-8 in their qualification meets.

The U.S. List included three freshmen: Danielle Boswell (Alhambra), junior Shamia Edwards (Palo Verde Valley, Sunnyside) 5-10, who did not qualify for the State Meet, and Tina Bowman (Alhambra) 5-10.

Four jumpers cleared 5-6 in their qualification meets: Danielle Boswell, the Southern Section champion at 5-8; Tina Bowman, fourth in the Southern Section at 5-8; Tracye Lawyer, third in the Southern Section at 5-8; and sophomore Misty May (Newport Harbor), fifth in the Southern Section at 5-7. Two cleared 5-6: sophomore Jamilla Churchill (Newport Harbor) and sophomore Misty May (Newport Harbor). Qualifying 4 were freshman Tara

Flaming (Immanuel), junior Erin Duffey (St. Francis, Mountain View), and senior Kayla Ross (Newport Harbor), fourth in the Southern Section at 5-8. Kim Blankenship, third in the Southern Section at 5-8, did not qualify, because she cleared 5-4 on her third attempt.

Tracye Lawyer, tied for sixth last year at 5-4, won the final at 5-10. Lawyer is the first state champion from Cate, an exclusive boarding school in the foothills of Carpinteria. She passed at 5-0. She cleared 5-2, 5-4, 5-6, 5-7, and 5-8 on her first attempt. She made 5-9 and 5-10 on her second attempt. She brushed the bar slightly at 5-10. She missed three times at 5-11.

"I still can't believe I did it," Lawyer said to Gregor Robin (Santa Barbara News-Press). "I'm out of it right now. I'm real tired because of the heat. But I just can't believe I jumped 5-10. Forget the state title. I was attempting those heights (5-10, 5-11, 6-0) so much in practice that when it came to competition I was not afraid of it. I didn't change my step or my approach. I just said I could do it (5-10) and I had confidence. 'Cate is such a small school. Everybody there has been giving me their support since CIF. They were just happy that I got to state. But I think this will be a big deal because Cate is so small."

Misty May placed second at 5-10. Tina Bowman, fifth last year at 5-6, was third at 5-9. "We (May, Bowman, and Ross of Newport Harbor) wanted to get 1, 2, 3," May said to Jana Thompson (The Orange County Register). "We felt we could. But I'm happy. I felt I had a 5-11 but it didn't work."

Overall, May said, they were unenthused about the reincarnated meet. "Before, we had a big dinner and took a limo ride to the preliminaries. But it lost its meaning when it was canceled."

"This has never happened at a state meet," Coach Rick Foster (Newport Harbor) said to Kim Q. Berkshire (Los Angeles Times). "Three girls from the same school, in the same event, finishing second, third and fourth. What do you figure the odds of that happening are?"

"Everyone could have jumped higher. But when they'd move to another height, they'd try to do something a little different."

Long Jump

Kathy McMillan (Hoke County, Raeford, North Carolina) set the National Federation record of 22-1 3/4 in 1976. Wendy Brown (Woodside) set the State Meet record of 20-9 3/4 in 1984 at the Los Angeles Coliseum.

The top three qualifiers were senior Marion Jones (Thousand Oaks) 20-7 1/4; senior Amy Littlepage (Mt. Miguel) 20-0; and senior Cheeza Figueroa (Quartz Hill) 19-1 1/4.

The U.S. List had two Californians: Marion Jones, the national leader at 21-7, and Amy Littlepage 20-5.

Marion Jones, the Southern Section champion at 20-7 1/4, won the trials with a jump of 19 1/2 (+3.27). Jones series 20-1 (+3.67), 20-8 3/4 (+2.1), 20-9 1/2. Amy Littlepage, the San Diego Section champion at 20-0, placed second at 19-7 (+2.38). Junior Ebonie Henderson (Bakersfield) was third at 19-5 3/4 (+4.35). The remaining qualifiers were: senior Keist Doby (Lynwood), fifth in the Southern Section at 17-11 3/4 (+3.77); senior Melinda Forest (Mt. Miguel) 19-1 3/4 (+5.11); senior Shena Ferguson (Washington, San Francisco) 19-1 1/2 (+1.92); Cheeza Figueroa, second in the Southern Section at 19-1 1/4, 19-0 1/2; freshman Jermæ Wright (Logan) 19-0 (+6.14); and junior Chele Reid (Folsom) 18-9 3/4 (+5.40).

Marion Jones, who started long jumping in March, set a new State Meet record of 22-1 3/4 (+1.48) in the final. Jones became the second best performer of all-time. Jones' series: 21-6 3/4, 21-4, 19-10 1/4, 21-6 1/4, 22-0 1/2, 21-2 3/4. Her winning performance would have placed her second at the USA Track & Field Championships held the same day in Eugene, Oregon. She would have received a place on the World Championship team.

"Of course, I would have been happy to get the record, but it just wasn't meant to be," she said to Michael Rosenthal (Daily News). "I'm happy with 22 feet in my first year of long jumping."

"I thought I had it," said Jones to David Kirvin (News Chronicle, Thousand Oaks). "Jumping 22 feet is going to stick in my mind for a long time."

"I never seem to hit the (takeoff) board," Jones said to Woody Woodburn (Star Free Press).

"That (the national record) is definitely on my mind coming in here, but I guess it wasn't meant to be," Jones said to John Ortega (*Los Angeles Times*). "It would have been nice to get that record, but I won't complain. Now I'm looking forward to spending the next four weeks lying in the sun and playing in the sand on the beaches in Belize."

Amy Littlepage placed second at 19-4 1/2 (+1.22). Cheeza Figueroa, fourth last year at 1-9, was third at 19-0 3/4 (3.36). Figueroa had a legal jump of 18-7 1/2 (+1.79).

Juliana Yendork (Walnut) set the National Federation and State Meet record of 44-0 1/2 at Cerritos College on May 31, 1991. The top three qualifiers were senior Cheeza Figueroa (Quartz Hill) 39-8 1/2; junior Tameka Porter (Orange Glen) 39-

8; and senior Amy Littlepage (Mt. Miguel) 39-8.

The U.S. List included four Californians: Tameka Porter 40-6 1/4, junior Ebonie Henderson (Bakersfield) 40-6, Amy Littlepage 40-4, and Cheeza Figueroa 39-8 1/2.

The big surprise of the trials came when senior Vanitta Kinard (El Camino Real), only second in the Los Angeles Section at 36-10w, won the trials with a jump of 40-2 3/4 (+2.73). Kinard's series: 38-7 1/4 (+2.39), 40-2 3/4, 39-9 3/4 (+2.79). Kinard's best prior to the State Meet was 36-1 1/4 and 36-10w.

Cheeza Figueroa, the Southern Section champion at 39-8 1/2, placed second at 39-11 1/2 (+2.73). Tameka Porter, the San Diego Section champion at 39-8, was third at 39-7 (+1.57).

The other qualifiers for the final were: junior Shadessa Pearman (Mt. Miguel) 39-2 1/2 (+1.96), Christine Sherwood (Watsonville) 38-10 1/2 (+1.65), junior Amber Roberts (Muir, Pasadena), second in the Southern Section at 39-2 1/4, 38-9 1/4 (+2.08); senior Katrina Hall (Franklin, Stockton) 38-4 1/2 (+2.53), Amy Littlepage, second in the San Diego Section at 39-6, 38-2 1/2 (+1.90); and senior Nikki Lawson (Mira Costa), fourth in the Southern Section at 38-1 3/4, 38-0 (+3.19).

Ebonie Henderson, the Central Section champion at 38-10 1/2, jumped 37-8 and did not qualify for the final.

Cheeza Figueroa won the final at 40-1 1/4 (-2.21). Figueroa's series: 38-10 3/4, 39-7 1/2, 39-8 1/4, 38-4 3/4, 39-9 1/4, 40-1 1/4.

"I knew I could do it (40 feet and the state title)," said Figueroa to Michael Rosenthal (*Daily News*). "I was just a matter of staying calm. I was ready for it."

"I feel very good about being able to win the way I did," Figueroa said to John Ortega (*Los*

Angeles Times). "I consider it a honor to take part in this meet and to be able to finish among the top four in three different events."

Figueroa also placed third in the long jump (19-0 3/4w) and fourth in the 100 high hurdles (14.67).

Vanitta Kinard placed second at 39-9 1/2 (-3.82), and Amy Littlepage was third at 39-0 3/4 (+0.27).

Shot Put

Natalie Kaaiawahia (Fullerton) set the National Federation record of 53-7 3/4 at Norwalk on May 21, 1983. She set the State Meet record of 52-7 1/2 at Memorial Stadium in Bakersfield in 1983.

The top three qualifiers were senior Kristin Heaston (Ygnacio Valley, Concord) 50-3 1/4; senior Crystal Brownlee (Westlake) 45-11; and senior Lisa Misipeka (Temecula Valley) 45-11.

Kristin Heaston won in 1992 at 45-3 1/2.

The U.S. List included two

Californians: Kristin Heaston, the national leader at 51-1 1/2, and Crystal Brownlee 45-11 1/2.

Kristin Heaston, the Norwalk Coast Section champion at 45-3 1/4, won the trials with a jump of 47-3 1/4. Heaston's series: 45-10 1/2, 47-0 1/2, 47-3 1/4, 45-11 1/2, 47-0 1/2, 47-3 1/4. She placed second at 45-8. Junior Soozie Shanley (Tulare) was third at 44-5 1/2. The other qualifiers for the final were: senior Beth Burton (Warren), fourth in the Southern Section at 42-9 1/2, 43-4; senior Neke Kavar (Crescenta Valley), fifth in the Southern Section at 41-3 1/4, 42-11 1/2; junior Gina Heads (Newport Harbor), fifth in the Southern Section at 42-4, 41-10; senior Chelsea Stephens (Atwater) 41-9, senior Lisa Stephaney (Hoover, Fresno) 40-2, and senior Sharon Sweet (Edison, Fresno) 39-1 1/2.

Crystal Brownlee, the Southern Section champion at 45-11 1/2, put only 38-9 3/4 and did not qualify for the final.

Kristin Heaston, the defending champion at 45-3 1/2, set a new State Meet record in the final of 52-11 1/2--it was the best mark in the nation this season. She equals the number three all-time performer. Heaston's series: 52-11, 52-11 1/2, 51-1/2, 51-6 1/4, 52-1 1/2, no mark.

Heaston graduated from Ygnacio Valley in the morning then she flew from Oakland airport to Los Angeles International Airport. A former member of the University of California inter polo team coached by her father runs a limousine service. She was driven in a big stretch limo to Cerritos College. She arrived ten minutes late for the event, but the judges allowed her to compete.

"I know it's not fair to the

er athletes to show up late," Heaston said to Phil Wong (*San Francisco Examiner*). "But the he left late and we arrived at 10 instead of 1:50 p.m. All my parents were talking the CIF, telling them about situation."

"My heart was still beating fast," Heaston said to Damin (*Contra Costa Times*). "It was my warmup. My motions were really going. My technique definitely isn't up to what it could have been up to," she said. "Under circumstances, I was really used."

Lisa Misipeka, second last at 44-6 3/4, placed second in at 45-11. Lisa Stephane, ninth last year at 40-8, third at 43-11.

Discus Throw

Melisa Weis (Bakersfield) set the National Federation record of 176-10 in Fresno on May 17, 1990. Leslie Deniz (Gridley) set the State Meet record of 172-11 in 1980 at Edwards Stadium in Berkeley.

The top three qualifiers were junior Suzy Powell (Downey, Modesto) 178-6 (the number four all-time performer); junior Soozie Shanley (Tulare) 148-11; and senior Kristin Heaston (Ygnacio Valley, Concord) at 145-11.

The U.S. List included three Californians: Suzy Powell 178-6, Soozie Shanley 148-11, and senior Lisa Stephane (Hoover, Fresno) 148-2.

Suzy Powell, the Sacramento Joaquin Section champion at 178-6, set a new State Meet record of 176-7 in the trials. Powell's series: 160-8, 175-8, 176-7. Kristin Heaston, the North Coast Section champion at 145-11, placed second at 148-10. Senior Staci Darden (Sonoma) was third at 146-1.

The other qualifiers for the final were: Soozie Shanley, the Central Section champion at 148-11, 145-1; senior Andrea Bill

(University), third in the Southern Section at 139-11, 139-0; freshman Mandy Buckley (Bakersfield) 138-11, junior Gina Heads (Newport Harbor), the Southern Section champion at 140-9, 137-9; senior Adara Newidouski (Dana Hills), second in the Southern Section at 139-11, 137-1; and Lisa Stephane, third in the Central Section at 141-8, 135-7.

Suzy Powell, the defending champion at 169-8, won the final at 168-11. Powell's series: 162-8, 168-11, 167-8, 155-0, no mark, 165-1.

Kristin Heaston had improved to 165-10, the second best mark in the nation this season, at the Golden West Invitational.

Kristin Heaston, ninth last year at 116-5, placed second at 158-11. Staci Darden was third at 149-0.

Concord's Heaston sets state record

Ygnacio Valley shot-putter stars in track championships

By Phil Wong
SPECIAL TO THE EXAMINER

NORWALK, Los Angeles County — Kristin Heaston was three minutes late for the shot-put competition but on time atop the victory stand as the California Interscholastic Federation staged its 75th annual track and field championships Saturday at Cerritos College.

Finally.

Heaston was a graduate of Concord's Ygnacio Valley High of just a few hours when she executed a meet-record 52-foot, 11½-inch shot put, one of at least a dozen outstanding performances in the event.

The meet was originally scheduled for June 5 but was postponed for safety reasons after overnight and morning rains. It was rescheduled just 10 days ago in the wake of statewide bitterness at the cancellation.

Although a number of competitors, like Heaston, were already high school graduates and some finals qualifiers passed up a return to Norwalk for financial or other reasons, the meet unfolded before a crowd of 5,300 with strong performances.

Heaston, daughter of Cal water polo coach Steve Heaston, received her diploma in ceremonies in Concord Saturday morning, flew south for the meet, was met by a limousine at L.A. International Airport and then rushed to the stadium.

"I know it's not fair to the other athletes to show up late," Heaston said after arriving at 3:03 p.m., "but the plane left late and we arrived at 2:30 instead of 1:50 p.m. All week my parents were talking to the CIF, telling them about my situation."

Heaston did not succeed in a bid for a double triumph, however, because favorite Suzy Powell of Modesto's Downey High won the discus at 168-11. Heaston was second at 158-11.

The outstanding individuals were North Salinas' Calvin Harrison and Thousand Oaks' Marion Jones, both of whom had a major impact on the race for team titles.

Harrison won the 200 in 21.55, set a National Federation record of 45.25 in the 400 and anchored a winning 4 x 400 relay as North Salinas tied with Merced atop the boys scoring list with 36 points.

Jones, also an outstanding basketball player and headed for the University of North Carolina, captured three events for all 30 of her school's points, good for third place in the girls competition behind Long Beach Poly's 56 points and Bishop O'Dowd of Oakland's 37.

Jones' 22-foot, ¼-inch long jump broke the meet record of 20-9¾ set by Wendy Brown of Woodside at the Los Angeles Coliseum in 1984. Later, Jones won the 100 meters at 11.61 and the 200 at 23.14.

"I still had to prove to myself that I am the dominant high school sprinter in the nation," said Jones, who had to renege on an earlier commitment to compete Saturday in the Keebler Invitational at Chicago.

O'Dowd's Miesha Marzell defended her 800 meters championship with a run of 2:09.13, third-best in the nation this year, but admitted the postponement prevented her from performing to full expectations.

"It's been a long three weeks," she said. "The win didn't really hit me, because I wanted the team title so badly."

Bisa Grant won the 100 high hurdles in 14.11 seconds and finished fifth in both the 100 (12.24) and 200 (24.50) for additional O'Dowd points. The Dragons' Crystal Myles-Threat took the bronze in the 400 (55.78).

TRACK AND FIELD STATE HIGH SCHOOL CHAMPIONSHIPS

Meet Turns Out Worth the Wait

By ERIC SHEPARD
TIMES PREP SPORTS EDITOR

A two-week delay for the State track and field finals might have provided many participants with needed rest.

Fears the layoff would result in mass defections and sub-par performances proved unfounded as several records were set Saturday at Cerritos College.

Before 5,300, the 75th State meet concluded later in June than ever before. But most of the athletes did not seem to mind.

"I always knew in the back of my mind that the State meet would be held sooner or later," said Marion Jones, an All-American sprinter from Thousand Oaks. "There is just no way it could not happen."

The meet was canceled two weeks ago after a morning of heavy rain left the facility under puddles of water.

However, after much criticism from coaches, athletes and fans, CIF officials rescheduled the meet.

But it didn't come off without controversy. Final team scores were delayed 20 minutes while officials reviewed the finish of the boys' 1,600 relay, the last event.

North Salinas won the relay, which placed the school in a tie with Merced for the team title.

North Salinas' anchor, senior Calvin Harrison, was called for unsportsmanlike conduct for pointing the baton to the crowd down both straightaways.

After a lengthy discussion, the relay result was reinstated, meaning North Salinas and Merced finished in a tie for first with 36 points. Pasadena Muir was third with 30.

In the girls' team race, Long Beach Poly easily defended its title with 56 points, followed by Oakland Bishop O'Dowd with 37 and Thousand Oaks with 30.

Harrison started the day by anchoring North Salinas to a third-place finish in the 400 relay.

An hour later, he set a state and national federation record in the 400 with a winning time of 45.25 seconds. The previous state record of 45.5 was set in 1985 by Chip Rish of Huntington Beach Marina. The national federation record of 45.5 was first established in 1981 by Anthony Ketchum of Needleville,

Texas.

Harrison added a victory in the 200 in 21.12.

"Driving down here today I still had my doubts that this meet would be any good," Harrison said. "I was so upset when it was canceled, I almost didn't show up. But once I got on the track, it was just as if nothing had ever happened. The crowd made you forget this was two weeks late."

Merced was led by senior Brian Wilkinson, who won the 1,600 in 4:08.13, the second best time in the nation this season.

The meet also marked the conclusion of Jones' outstanding prep career. The Thousand Oaks senior won the 100 and 200 for the fourth consecutive year.

Jones added the long jump title in her first year of competition in the event. Her winning mark of 22 feet ½ inch shattered the state record of 20-9¾, set by Wendy Brown of Woodside in 1984.

"Going 22 feet in the long jump

will definitely go down as one of my highlights in high school," said Jones, who is headed to North Carolina in the fall. "I'm only sorry I didn't get the national record."

After winning a record ninth individual title, Jones was allowed to run a victory lap, which brought the crowd to its feet.

Jones' victories gave Thousand Oaks third place, but it was not enough to offset Long Beach Poly.

The Jackrabbits had little trouble defending their title.

Sophomores Aninah Haddad and Andrea Anderson each placed in the 100 and 200 and ran legs on the team's winning 400 relay.

There were other highlights, as well. Milena Glusac of Fallbrook won a rare double with first-place finishes in the 1,600 and 3,200. Meisha Marzell of Bishop O'Dowd defended her title in the 800.

Bryan Howard, a sophomore from Moreno Valley Canyon Springs, won the 100 and was second in the 200.

Citing health and safety concerns for athletes, CIF officials canceled the State track and field finals Saturday at Cerritos College after a morning of heavy rains.

It was the first time the State meet has been canceled because of weather in its 75-year history.

The preliminaries were held Friday. But it began raining early Saturday and continued until the afternoon. At 1:15 p.m., the eight-member track advisory committee assembled to inspect conditions.

An hour later, the committee unanimously recommended to CIF Commissioner Thomas Byrnes that the adverse conditions would put athletes in jeopardy. Byrnes then decided to cancel the event, which was to start at 3 p.m.

Because of travel logistics, there was no discussion of postponement or rescheduling.

"The only factor that the committee considered was the health and safety of the athletes," said Hal Harkness, City Section commissioner and a member of the track advisory committee. "We didn't think about the fans or coaches or anyone else but the athletes."

Harkness said it was still raining when the committee assembled and that all of the weather forecasts called for continued rain. He said the inside lanes of the track were flooded, as was the pole vault pit.

The rain stopped at 2 p.m. and the sun came out shortly thereafter. Hundreds of coaches, athletes and fans showed up at Cerritos College, unaware the meet had been canceled. The gates to the stadium were locked and no CIF officials were there. A few workers passed out a statement from Byrnes.

of hours before it was supposed to start?"

Thousand Oaks' Marion Jones, a standout senior sprinter who had qualified in the 100 and 200 meters and the long jump, said officials should have consulted with more than only themselves before canceling a meet of such importance.

"When we left Thousand Oaks, the weather was clearing up," Jones said. "I've run in rain before. If they say athletes are at risk, they have to take into consideration every meet. They at least could wait a few hours."

"This is an all-weather track. It's hard to understand. I haven't seen anybody officially come and talk to athletes and coaches. They are hearing it from the media. That's what I don't understand, [why] they can play it off as if it is just any meet."

Hart Coach Dan Houghton agreed.

"I think they made a hasty decision and didn't really think about the impact it would have on the athletes," he said. "They should have waited a few more hours before making a decision. They always could have postponed the meet for a few hours to see if the rain was going to let up."

The cancellation represents a big money loss for the CIF, because the finals usually draw about 12,000. Officials still are unsure what to do with medals and trophies. The track advisory committee will meet this week to discuss if any winners will be declared.

Neither the athletes nor coaches felt much like winners Saturday.

"I have been involved in some form of athletics for more than 30 years and I've never been this disappointed in my life," said Camarillo Coach Dennis Riedmiller. "This meet is for the kids and the people who are in charge seemed to have lost track of that."

The Southern Section baseball and softball finals were postponed until this week.

Times staff writers Wendy Witherspoon, John Ortega and Kim Kutcher contributed to this story.

"Everybody was just standing outside in shock," said Therese Butler, girls' coach at Long Beach Wilson. "Athletes were crying and coaches were in disbelief. I can understand calling off the meet if the rain had persisted throughout the day, but why cancel it a couple

TRACK AND FIELD STATE PREP CHAMPIONSHIPS

Harrison Moves North Salinas Closer to Title

By ERIC SHEPARD
TIMES PREP SPORTS EDITOR

Calvin Harrison of North Salinas High made up for lost time Friday during the first day of the State Track and Field Championships at Cerritos College.

Harrison, 19, who sat out last season after moving to Orlando, was the talk of the meet after he won qualifying races in the 200- and 400-meter runs. He also anchored the team's 400 and 1,600 relays, which finished second and first in their respective heats.

As a result, North Salinas is a favorite in the boys' team race, along with Merced, Pasadena Muir and Inglewood Morningside.

Today's finals begin at 3 p.m. with field events and at 4 for running events.

It will be a busy day for Harrison, a senior who could end up with four first-place finishes. Although he has performed well all season, most of the crowd of 8,000 at Cerritos College had never heard of

him before.

Harrison started running track as a freshman at North Salinas, about 30 miles southeast of Monterey. Things picked up his sophomore year when he qualified for the state meet in the 200.

But a promising career was put on hold last year when the Harrison family moved to Orlando. Unhappy in his new environment, Calvin did not go out for track at his new school. Instead, he tried to figure out how to get back to California.

"Track wasn't that big of a deal down there," he said. "I wanted the exposure that good athletes get on the West Coast. I wanted back at my old school."

Harrison and his identical twin, Alvin, left their parents, two brothers and two sisters in Orlando and returned to Salinas to live with a friend. Alvin also runs track and the two resumed training last October.

Both have had success. Alvin runs on the relays and just missed

the finals in the 100 and 200. Calvin had the fastest qualifying time in the 200 with a 20.86 seconds. His 400 time of 45.83 is the fastest in the nation this season and barely missed the state record of 45.7 set by Chip Rish of Huntington Beach Marina in 1985.

Many observers wondered why Calvin went all out in the 400 instead of pacing himself for the finals.

"It is not in me to go out and just try to qualify," he said. "I can't run a 45 one day and a 47 the next. I have to run consistent and keep trying to reach new goals."

Proving his point, he ran a 45.3 split on the 1,600 relay to lead North Salinas to victory later in the evening.

Because of the move to Orlando, Calvin found himself behind in academic credits this year. He will not graduate on time and will attend summer school. He has a busy track summer as well, and will attend Hartnell Junior College in Salinas in the fall.

"I am just glad I was able to resume my track career and have some success," he said. "I never dreamed I'd have these kind of times. This is the first time in my life I've been focused."

In the girls' team race, Long Beach Poly put itself in position to defend its title.

Sophomore sprinters Andrea Anderson and Aninah Haddad each won their heats in the 100 and 200 and also helped Poly to victory in the 400 relay. Freshman Sherron Rhetta had the second fastest qualifying time in the 800.

Senior Marion Jones of Thousand Oaks qualified in the 100, 200 and long jump. The six-time state champion won the 100 in 11.28, the 200 in 23.12 and the long jump in 20 feet, 9½ inches. Neither time nor the jump were her best performances of the season, however.

Junior Suzy Powell of Downey set a state record in the discus of 176-7, breaking the old mark of 172-11 set by Leslie Deniz of Gridley in 1980.

Harrison breaks national mark at state meet

Mercury News Staff and Wire Reports

NORWALK — Calvin Harrison broke a national record in the 400 meters, helping North Salinas to a tie for the team title at the state high school track meet Saturday at Cerritos College.

Harrison, who also won the 200, breezed to victory in the 400 with a time of 45.25 seconds. That broke the previous record of 45.5 set in 1981 by Anthony Ketchum of Needville, Texas.

Harrison won the 200 in 21.12

seconds.

Calvin and his twin brother, Alvin, helped North Salinas to a victory in the 1,600 relay with a mark of 3 minutes, 14.19 seconds. North Salinas finished third in the 400 relay and tied Merced for the team title with 36 points.

Scott Slover of Leland won the pole vault with a vault of 16 feet, 2 inches. Jason Young of Piedmont Hills was second in the shot put (58-10½) and Overfelt's Juan Pinal finished sixth in the 1,600

(4:15.91).

Jennifer Odom of Independence placed fifth in the girls' 110 hurdles with a time of 14.97.

Marion Jones of Thousand Oaks closed out a brilliant high school career with victories in three individual events.

Jones won the 100 and 200 meters for the fourth consecutive year and leaped a career high 22-1 in winning the long jump.

Long Beach Poly won the girls' title for the second straight year.
