Subject: GE Elfun/San Jose State 11th Annual Track Meet Results

We raised over \$1200 (another new record) for both the Special Olympics and the South Family YMCA's Campership Fund and donated \$100 in food to the Loafs & Fishes Mission Center in Downtown San Jose. "Every year is better than the last and I thank you for making this event so successful". (Quote from last year still holds true)

Two new records were established in the Open Men's Division and one new record in the Women's Division plus some fine performances highlighted the Corporate Team competition. GE swept the competition for all 3 team trophies, led by another strong performance by the Master's team, which maintained its record of never having lost the trophy. PacTel finished a strong second in all divisions.

Final results and team totals for the Corporate Team divisions are attached. If you didn't receive your ribbon(s) (top 3 finishers of each event), please contact me.

A special thanks goes to Marshall Clark of San Jose State who helped set up "his" track, started all the track events, and donated running shoes as drawing prizes.
